ENERGETIC SMARTER LIGHTING MTSL1001BYS

ENERGETIC SMARTER LIGHTING Clip-On Desk Lamp

MODEL: MTSL1001BYS

Instruction Manual

1. Product Overview

The ENERGETIC SMARTER LIGHTING Clip-On Desk Lamp (Model MTSL1001BYS) is a versatile lighting solution designed for various environments such as bedrooms, home offices, and dorms. It features a flexible gooseneck for adjustable illumination and provides eye-caring, non-flickering 4000K cool white light to reduce eye fatigue during extended use. This eco-friendly LED lamp consumes significantly less power than traditional bulbs.

2. Package Contents

- 1 x Clip-On Desk Lamp (Model MTSL1001BYS)
- 1 x Dimmer (integrated into the cord)
- Instruction Manual

3. Setup Instructions

1. **Unpack the Lamp:** Carefully remove all components from the packaging.
2. **Choose a Mounting Location:** Select a sturdy surface such as a desk, workbench, headboard, or shelf. Ensure the surface thickness is less than 1.57 inches (4 cm) for secure clamping. The padded clamp is designed to prevent scratches.
3. **Attach the Lamp:** Open the clip and firmly attach it to the chosen surface. Ensure the lamp is stable before proceeding.
4. **Connect to Power:** Plug the lamp's power cord into a standard 120V AC electrical outlet.

4. Operating Instructions

1. **Power On/Off:** Locate the on/off switch on the lamp's cord. Press the switch to turn the lamp on or off.
2. **Adjust Light Direction:** Utilize the 360° flexible gooseneck to position the light exactly where needed. The gooseneck maintains its shape once adjusted.

This lamp provides a non-dimmable 4000K cool white light, optimized for eye comfort and reduced fatigue during prolonged use.

5. Maintenance and Care

- **Cleaning:** Ensure the lamp is unplugged before cleaning. Wipe the lamp with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- **Bulb Replacement:** This lamp features integrated LED chips and does not require bulb replacement. The LEDs are designed for a long lifespan of approximately 15,000 hours.
- **Storage:** When not in use for extended periods, unplug the lamp and store it in a cool, dry place.

6. Troubleshooting

- **Lamp does not turn on:**
 - Ensure the power cord is securely plugged into a working electrical outlet.
 - Check the on/off switch on the cord to ensure it is in the "on" position.
 - Verify that the electrical outlet is functional by plugging in another device.

- **Light flickers:**
 - Ensure the power connection is stable.
 - If flickering persists, contact customer support.
- **Clamp is not secure:**
 - Ensure the mounting surface thickness is within the recommended limit of 1.57 inches (4 cm).
 - Re-position the clamp to ensure a firm grip.

7. Specifications
