Beautyrest BR55-2035

Beautyrest BR55-2035 100% Cotton Heated Mattress Pad Instruction Manual

Model: BR55-2035

INTRODUCTION

The Beautyrest 100% Cotton Heated Mattress Pad provides personalized warmth and comfort. This electric bed warmer features 20 heat settings, dual temperature controls for individual preferences, and an automatic 10-hour shut-off for safety. Constructed from soft, breathable 250TC 100% cotton, it is designed to fit mattresses up to 18 inches deep with an all-around elastic skirt. The product is UL Safety Certified and emits virtually zero EMF radiation. It is also machine washable for easy care.

SAFETY INFORMATION

- **UL Safety Certified:** This product is 100% UL Safety Certified, ensuring it meets rigorous safety standards.
- **Auto Shut-Off:** Features a 10-hour automatic shut-off for enhanced safety and peace of mind.
- **Low EMF:** Designed to emit virtually "0" EMF (Electromagnetic Field) radiation.
- **No Extension Cords:** Do not use an extension cord with this product. Ensure the power cord reaches the outlet directly.
- **Placement:** Ensure the mattress pad is spread flat and evenly on the mattress before use.

SETUP

1. **Unpack:** Carefully remove the heated mattress pad and controllers from the packaging.
2. **Position on Mattress:** Place the mattress pad directly on your mattress. Ensure the connection points for the controllers are positioned at the foot or head of the bed, depending on your preference and outlet proximity.
3. **Secure Fit:** The mattress pad features an all-around elastic 18-inch deep pocket, designed to fit snugly and securely on most mattresses up to 18 inches deep. Pull the elastic skirt over the corners and sides of your mattress for a secure fit.
4. **Connect Controllers:** Plug the controller cords into the designated ports on the mattress pad. For King size, there are two controllers, allowing for dual temperature settings.
5. **Plug In:** Plug the power cords from the controllers into a standard electrical outlet.

Figure 2: A detailed view of the mattress pad's 18-inch deep pocket, featuring a 360-degree elastic band for a secure fit on various mattress depths.

OPERATING INSTRUCTIONS

- 1. Power On:** Press the power button on the controller to turn on the heated mattress pad.
- 2. Adjust Heat Setting:** Use the temperature up/down buttons to select your desired heat level from the 20 available settings. The current setting will be displayed on the LCD indicator.
- 3. Pre-Heat Feature:** Activate the pre-heat function to quickly warm your bed before use. It is recommended to preheat the mattress for 15-30 minutes.
- 4. Set Timer:** Use the timer buttons to set the desired operating duration. The pad features a 10-hour auto shut-off safety feature.
- 5. Dual Control:** For King size pads, two controllers are provided, allowing each side of the bed to have independent heat and timer settings.

Video 2: This video provides an overview of the Templewet Heated Mattress Pad, showcasing its deep pocket design for easy fitting, dual temperature control zones, and machine washable fabric. It illustrates the comfort and practicality of the heated pad.

MAINTENANCE

- **Machine Washable:** The mattress pad is conveniently machine washable.
- **Disconnect Controllers:** Always unplug the controllers from both the mattress pad and the wall outlet before washing.
- **Washing Instructions:** Follow the specific washing instructions on the product label for best results and to

maintain product longevity.

TROUBLESHOOTING

- **Error Codes:** If the electronic unit blinks an "E" or displays an error code (e.g., E5), refer to the troubleshooting section in the full user manual or contact customer support.
- **Slow Heating:** If the pad seems to heat slowly, ensure the pre-heat function is used for at least 15-30 minutes before getting into bed. For optimal warmth, consider turning it on an hour in advance.
- **Uneven Heat:** Ensure the pad is spread flat and evenly on the mattress. If uneven heating persists, contact customer support.
