TROUBLESHOOTING

If you encounter any issues with your Inspiration Audio Cube, please refer to the following common problems and their solutions:

Problem	Solution
Device won't turn on.	Ensure the battery is sufficiently charged. Press and hold the power button for several seconds.
No sound or low volume.	Check the volume level on the device using the +/- buttons. Ensure the device is not paused. If using Bluetooth, verify that the device is properly paired and the volume on your connected device is also turned up.

Problem	Solution
Cannot pair via Bluetooth.	Ensure Bluetooth is enabled on both the Audio Cube and your external device. Move the devices closer to each other. Try disconnecting from any other Bluetooth devices that may be currently paired.
Messages are not advancing automatically.	For Daily Inspirations, the device is programmed to advance daily. For other categories, use the next track button (>>) to manually advance to the next message or sermon.
