Tribesigns Reversible L-Shaped Desk with Monitor Stand Instruction Manual

Brand: Tribesigns | Model: 59x55 inch Large Corner Computer Desk

INTRODUCTION

Thank you for choosing the Tribesigns Reversible L-Shaped Desk. This manual provides detailed instructions for assembly, operation, and maintenance to ensure you get the most out of your new desk. Designed for home offices, study rooms, and gaming setups, this desk offers a spacious work area, integrated storage, and an ergonomic monitor riser.

IMPORTANT SAFETY INFORMATION

Always ensure the desk is properly assembled and stable before use. Do not place heavy items on the desk that could cause it to tip over. Consider anchoring the desk to the wall for added stability, especially if you have pets or children.

Keep all small parts and packaging materials away from children and pets. Ensure all screws and fasteners are tightened securely before use and periodically check for looseness.

PACKAGE CONTENTS

Before beginning assembly, please verify that all components listed below are present and undamaged.

- All desk panels (labeled)
- Metal frame components
- Monitor stand components
- 2-tier storage shelves
- Computer tower shelf
- Hardware pack (screws, nuts, bolts, etc.)
- Assembly tools (e.g., screwdriver, Allen wrench)
- Clear instructions (this manual)

SETUP AND ASSEMBLY

Before You Begin

- Read all instructions carefully before assembly.
- Clear a spacious area for assembly.
- Identify all parts and hardware using the provided labels.
- It is recommended to have at least one person for assembly.

Assembly Steps

Follow the numbered steps below. Refer to the diagrams for visual guidance. Do not fully tighten screws until all parts are loosely assembled to allow for adjustments.

Reversible L-Shaped Design

Figure 1: Reversible L-Shaped Design. The desk can be configured with the longer section on either the left or right side to suit your space.

1. Step 1: Assemble the Main Desk Frame. Begin by connecting the metal frame components for the primary desk

section. Ensure all connections are secure but not fully tightened.

2. **Step 2: Attach Desktop Panels.** Carefully place the main desktop panels onto the assembled frame. Align screw holes and insert screws.
3. **Step 3: Configure L-Shape and Attach Side Desk.** Decide whether you want the L-shape to extend to the left or right. Attach the smaller side desk section to the main desk frame accordingly. This design allows for flexibility in your workspace layout.
4. **Step 4: Install Monitor Riser.** Secure the elevated monitor riser to the main desktop. This component is designed to promote better posture by raising your screen to eye level.

5. **Step 5: Add Storage Shelves.** Assemble and attach the 2-tier storage shelves and the computer tower shelf as indicated in the diagrams. These shelves provide convenient storage for books, files, and your computer tower.

2-Tier storage shelves

OPERATING INSTRUCTIONS

Utilizing the Monitor Riser

The integrated monitor riser is designed to elevate your screen to an ergonomic height, reducing strain on your neck and eyes. Place your monitor directly on the riser. Ensure the monitor is centered and stable.

Storage Shelves and Tower Space

The 2-tier storage shelves are ideal for organizing books, binders, office supplies, or decorative items. The dedicated computer tower space provides a secure and accessible location for your PC, keeping it off the main desktop and improving airflow.

MAINTENANCE AND CARE

To maintain the appearance and longevity of your Tribesigns L-Shaped Desk, follow these simple care instructions:

- **Cleaning:** Wipe with a dry cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Spills:** Immediately wipe up any spills to prevent staining or damage to the wood surface.
- **Stability Check:** Periodically check all screws and fasteners to ensure they remain tight. Re-tighten if necessary.
- **Weight Distribution:** Distribute weight evenly across the desktop and shelves. Avoid placing excessively heavy items on one spot.

TROUBLESHOOTING

If you encounter any issues during assembly or use, please refer to the common solutions below.

Problem	Possible Cause	Solution
Desk is wobbly/unstable.	Screws are not fully tightened; uneven floor.	Ensure all screws are securely tightened. Adjust the leveling feet at the bottom of the desk legs to compensate for uneven surfaces.

Problem	Possible Cause	Solution
Parts do not align during assembly.	Screws were tightened too early; incorrect orientation of parts.	Loosen all screws, re-align the parts, and then gradually tighten all screws. Double-check part labels and diagrams for correct orientation.
Missing parts or damaged components.	Packaging error or shipping damage.	Refer to the "Warranty and Customer Support" section to contact Tribesigns customer service for assistance.
