## MAINTENANCE

Proper care and maintenance will help preserve your LEGO set for years of enjoyment.

- **Cleaning:** To clean LEGO bricks, wipe them with a soft, damp cloth. For deeper cleaning, wash them by hand in water no warmer than 104°F (40°C) using a mild detergent. Rinse thoroughly and air dry. Do not use hot water, washing machines, or dryers, as high temperatures can damage the bricks.
- **Storage:** Store your LEGO set in a cool, dry place away from direct sunlight to prevent discoloration and material degradation. Keep small pieces in a container to avoid loss.
- **Disassembly:** If disassembling the set for storage, follow the building instructions in reverse order or carefully separate bricks using a brick separator (not included in this set, but available separately).
