5. SETUP

5.1 Initial Charge

1. Before first use, fully charge the power bank.
2. Connect the provided Micro USB cable or a USB-C cable (not included) to the corresponding input port on the power bank.
3. Connect the other end of the cable to a USB wall charger (5V/2A recommended) or a computer's USB port.
4. The LED display will show the charging progress. Charging is complete when the display shows "100%".

Note: The USB-C port is for input (recharging the power bank) only and cannot be used to charge external devices.

6. OPERATING INSTRUCTIONS

6.1 Charging Your Devices

1. Connect your device's charging cable (e.g., USB-A to Lightning for iPhone, USB-A to USB-C for Android) to one of the USB-A output ports on the power bank.
2. Connect the other end of the cable to your device.
3. The power bank will automatically begin charging your device. If not, press the power button once to activate.
4. The LED display will show the power bank's remaining battery level.
5. You can charge two devices simultaneously using both USB-A output ports.

6.2 Checking Battery Level

Press the power button once. The digital LED display will illuminate and show the current battery percentage of the power bank.

Portable, Can Charging Wherever You Go
