Introduction

Thank you for choosing the Doripel Cancun 7000 Couple's Wardrobe. This manual provides essential information for the safe and correct assembly, operation, and maintenance of your new furniture. Please read all instructions carefully before beginning assembly and retain this manual for future reference. Proper assembly is crucial for the stability and longevity of the wardrobe.

Safety Information

- **Two-Person Assembly:** Assembly requires at least two adults. Attempting to assemble alone may result in injury or damage to the product.
- **Secure to Wall:** For safety, it is highly recommended to secure the wardrobe to a wall using appropriate anti-tip hardware (not included). This prevents accidental tipping, especially in households with children or pets.
- **Small Parts:** Keep all small parts, hardware, and packaging materials out of reach of children and pets during assembly to prevent choking hazards.
- **Proper Tools:** Use only the recommended tools for assembly. Do not overtighten screws, as this can damage the material.
- **Level Surface:** Assemble the wardrobe on a clean, flat, and level surface to ensure stability and prevent warping.

Components and Hardware

Before starting assembly, unpack all components and verify that you have received all parts listed below. If any parts are missing or damaged, do not proceed with assembly. Contact Doripel customer support for assistance.

- 6 Doors
- 2 Drawers
- 4 Shelves
- 3 Hanger Rods
- Side Panels, Top/Bottom Panels, Back Panels
- Handles (for doors and drawers)
- Assembly Hardware (screws, dowels, cam locks, hinges, drawer slides, etc.)

Tools Required (Not Included): Phillips head screwdriver, Hammer, Measuring tape, Level.

Setup and Assembly Instructions

Follow these steps carefully. Refer to the diagrams provided in your physical manual for visual guidance. It is recommended to lay out all parts on a soft, clean surface to prevent scratches.

1. **Step 1: Prepare the Base.** Identify the base panel and attach the leveling feet or glides if included. Ensure it is stable and level.
2. **Step 2: Assemble Side Panels.** Attach the side panels to the base using the provided dowels and cam locks. Ensure they are securely fastened and aligned.
3. **Step 3: Install Internal Dividers and Shelves.** Insert the fixed internal dividers and secure them. Install the shelf supports and then place the adjustable shelves into their desired positions.
4. **Step 4: Assemble Drawers.** Construct the drawer boxes by attaching the sides, front, and back panels. Install the drawer slides onto the drawer boxes and the corresponding slides inside the wardrobe compartments. Attach the drawer handles.

5. **Step 5: Attach Back Panel.** Carefully align and attach the back panel(s) to the wardrobe frame using small nails or screws. Ensure the frame is square before securing the back panel.
6. **Step 6: Install Hanger Rods.** Secure the hanger rod supports inside the designated compartments and insert the hanger rods.
7. **Step 7: Attach Doors.** Install hinges onto the doors and then attach the doors to the wardrobe frame. Adjust hinges as necessary to ensure proper alignment and smooth closing. Attach door handles.
8. **Step 8: Final Placement and Securing.** Move the assembled wardrobe to its final desired location. Ensure it is level. For added safety, secure the wardrobe to the wall using anti-tip hardware (not supplied).

Operating and Usage

The Doripel Cancun 7000 Wardrobe is designed for storing clothing and personal items. Its configuration includes hanging space, shelves, and drawers for organized storage.

- **Door Operation:** Open and close doors gently using the handles. Avoid forcing them to prevent damage to hinges or the frame.
- **Drawer Operation:** Pull drawers out smoothly using the handles. Do not overload drawers to ensure smooth operation of the slides.
- **Weight Capacity:** Each shelf is designed to support a maximum weight of 5 kg (approximately 11 lbs). The overall wardrobe structure can support up to 70 kg (approximately 154 lbs) of distributed weight. Do not exceed these limits.
- **Even Weight Distribution:** Distribute weight evenly across shelves and hanging rods to maintain stability and prevent warping.

Maintenance

Regular maintenance will help preserve the appearance and functionality of your wardrobe.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid using abrasive cleaners, harsh chemicals, or solvents, as these can damage the finish. Dry immediately with a clean cloth.
- **Hardware Check:** Periodically check all screws, bolts, and fasteners to ensure they are tight. Retighten if necessary, but do not overtighten.
- **Avoid Direct Sunlight/Heat:** Prolonged exposure to direct sunlight or extreme heat can cause fading or warping of the material.
- **Humidity Control:** Maintain a stable room temperature and humidity level to prevent material expansion or contraction.

Troubleshooting

If you encounter any issues with your wardrobe, refer to the following common problems and solutions:

- Wobbly Structure:**
Solution: Ensure all assembly screws and cam locks are fully tightened. Check that the wardrobe is on a level surface. If not, use shims or adjust leveling feet.
- Doors Not Aligning/Closing Properly:**
Solution: Adjust the hinges. Most hinges have screws for vertical, horizontal, and depth adjustments. Refer to the hinge manufacturer's instructions if available, or gently adjust one screw at a time until alignment is achieved.
- Drawers Sticking/Not Sliding Smoothly:**
Solution: Check that the drawer slides are correctly installed and aligned on both the drawer and the wardrobe frame. Ensure no objects are obstructing the slides. Lubricate slides with a silicone-based spray if necessary.
- Missing or Damaged Parts:**
Solution: Do not attempt to force assembly. Contact Doripel customer support immediately for replacement parts.

Specifications

Feature	Detail
