Aanyhoh DYLDD-2108

Aanyhoh Dimmable LED Arc Floor Lamp User Manual

Model: DYLDD-2108

Introduction

Thank you for purchasing the Aanyhoh Dimmable LED Arc Floor Lamp. This modern and energy-efficient floor lamp is designed to provide versatile lighting for your living space, bedroom, or office. Featuring adjustable color temperature, dimmable brightness, a convenient remote control, and a memory function, it offers a comfortable and customizable lighting experience. Please read this manual carefully before assembly and use to ensure proper operation and safety.

Safety Information

Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, and personal injury.

- Ensure the power supply voltage matches the lamp's requirements (220V).
- Do not disassemble or modify the lamp. Repairs should only be performed by qualified personnel.
- Keep the lamp away from water and high humidity environments.
- Do not cover the lamp with cloth or other materials while it is in operation to prevent overheating.
- Unplug the lamp from the power outlet before cleaning or performing any maintenance.
- The lamp base is designed for stability; ensure it is placed on a flat, stable surface to prevent tipping.
- This lamp uses integrated LED light sources that are not user-replaceable.

Package Contents

Please check the package for the following items:

- Arc Lamp Body (multiple sections)
- Lamp Base
- Remote Control
- Power Adapter with Foot Switch
- User Manual

Setup and Assembly

Follow these steps to assemble your Aanyhoh Arc Floor Lamp. Assembly is designed to be quick and easy.

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, flat surface.
2. **Attach Lamp Body Sections:** Connect the sections of the arc lamp body by twisting them clockwise until secure. Ensure the internal wiring connectors are properly aligned and connected.
3. **Secure to Base:** Attach the assembled arc lamp body to the heavy metal base. Align the screw holes and tighten the screws firmly. The base is designed to be stable and can fit under most furniture.
4. **Connect Power:** Plug the power adapter into the lamp's power input. Ensure the foot switch is easily accessible.
5. **Position the Lamp:** Place the lamp in your desired location. The arc design allows it to extend over seating areas, making it ideal for reading.

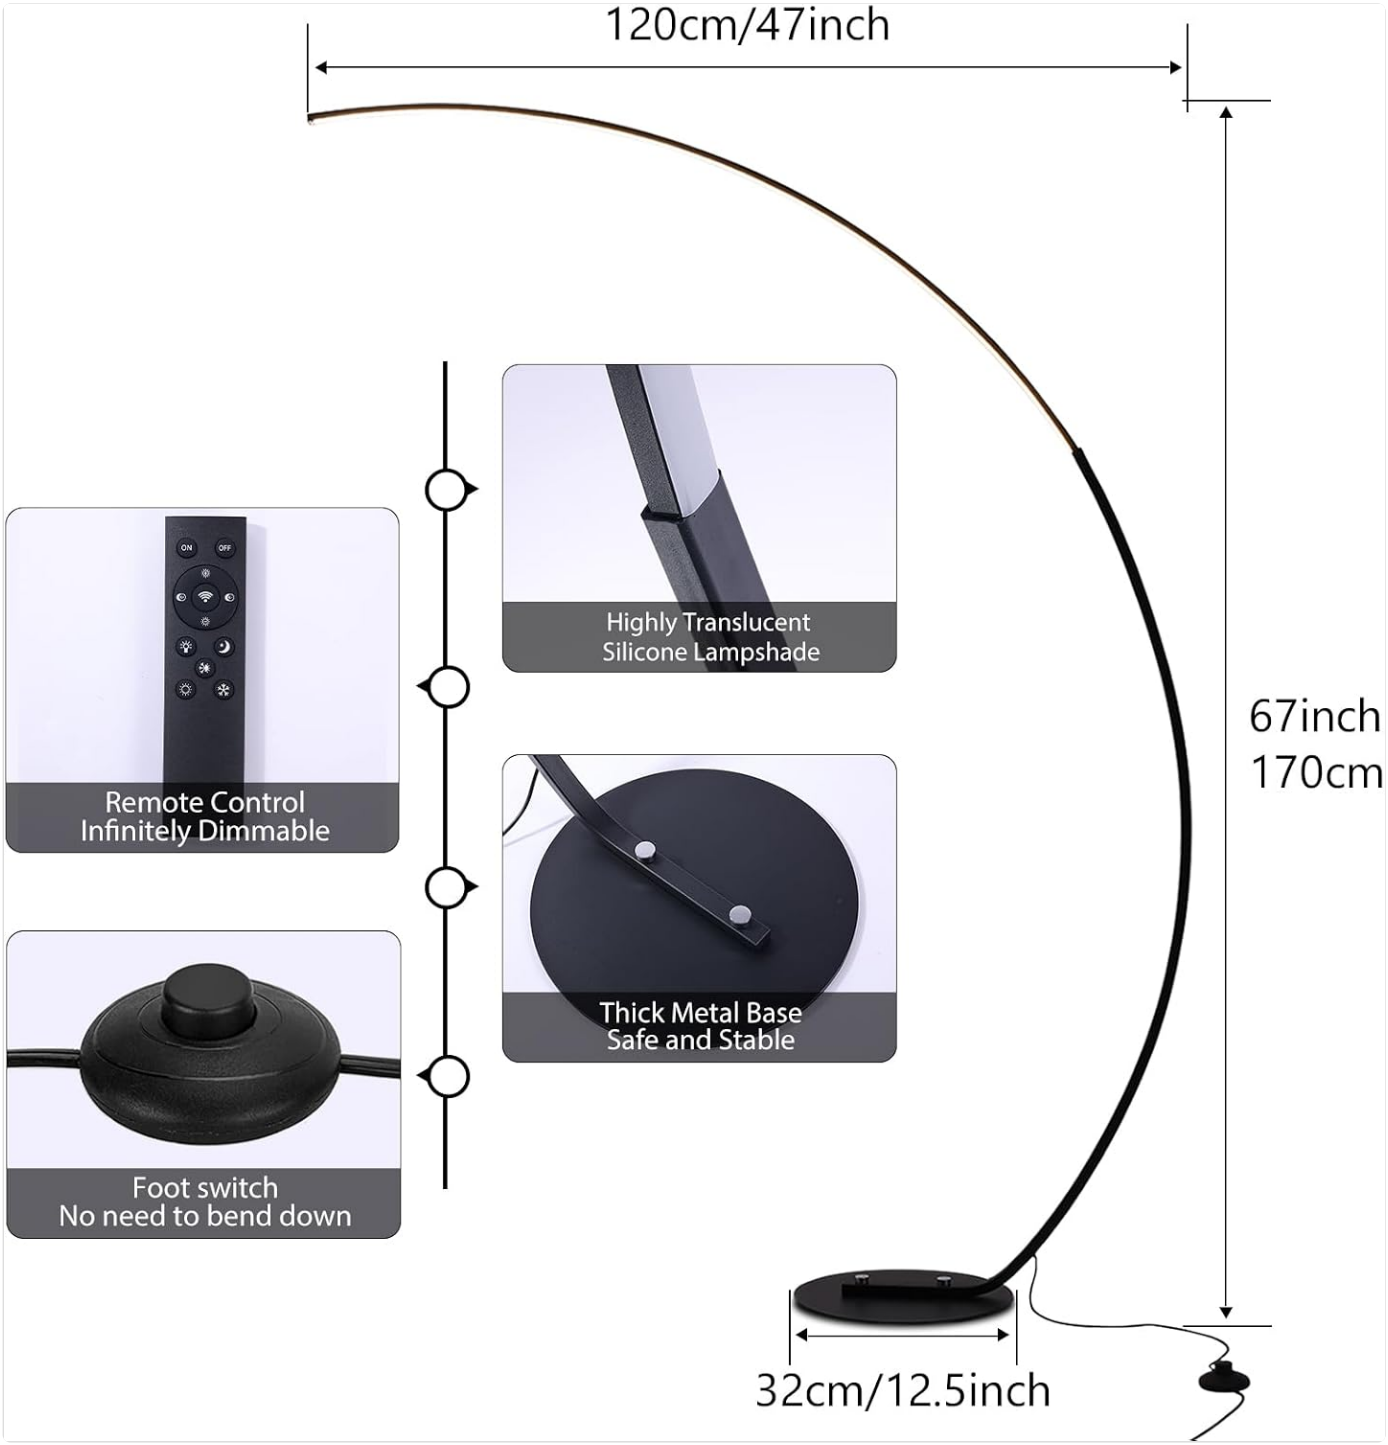

Figure 1: Lamp dimensions and key components. The lamp stands 170cm (67 inches) tall with an arc length of 120cm (47 inches). The base has a diameter of 32cm (12.5 inches). Detailed views show the highly translucent silicone lampshade, the thick and stable metal base,

the infinitely dimmable remote control, and the convenient foot switch.

Operating Instructions

Your Aanyhoh Arc Floor Lamp offers multiple ways to control its lighting features.

Using the Foot Switch

The integrated foot switch provides a convenient way to turn the lamp ON or OFF without needing to bend down.

- Press the foot switch once to turn the lamp ON.
- Press the foot switch again to turn the lamp OFF.

Figure 3: The convenient foot switch for easy on/off control.

Using the Remote Control

The remote control allows for comprehensive adjustment of brightness and color temperature, along with preset modes.

Figure 4: The Aanyhoh Arc Floor Lamp with its remote control, demonstrating its versatile lighting capabilities.

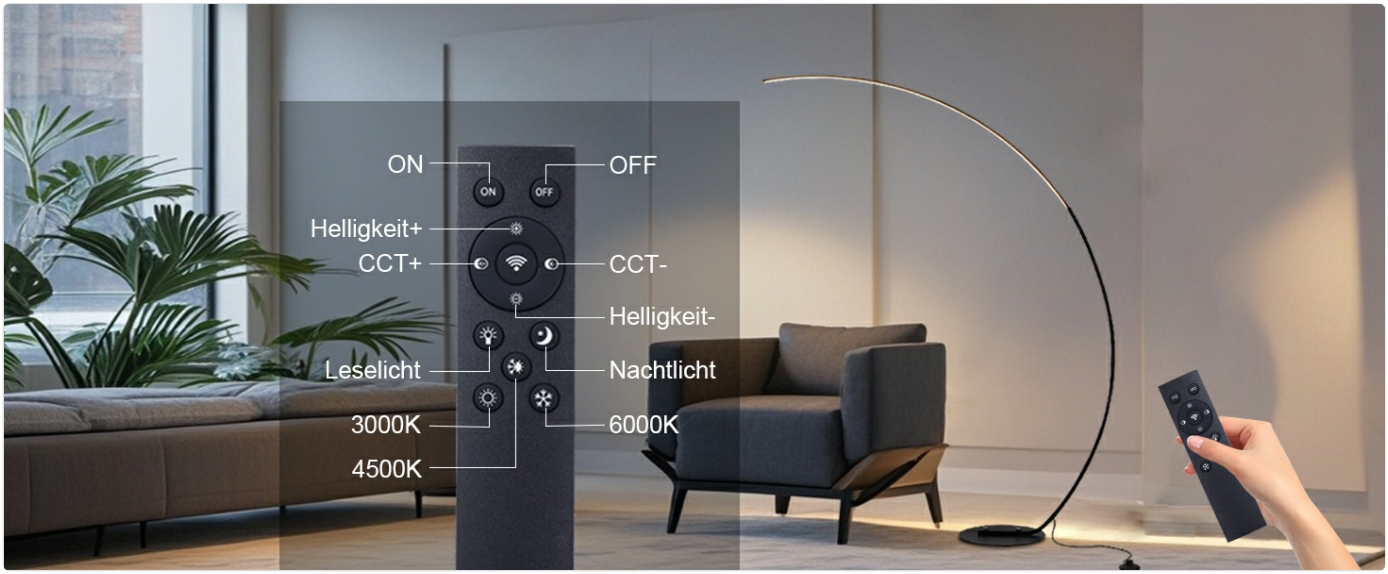

Figure 5: Remote control button layout and functions.

- **ON/OFF:** Press the **ON** button to turn the lamp on, and the **OFF** button to turn it off.
- **Brightness Adjustment (5% - 100%):** Use the **Brightness+** and **Brightness-** buttons to increase or decrease the light intensity.
- **Color Temperature Adjustment (3000K - 6000K):** Use the **CCT+** and **CCT-** buttons to change the color temperature from warm white (3000K) to cool white (6000K).
- **Preset Modes:**
  - **Reading Light:** Activates a bright, neutral light suitable for reading.
  - **Night Light:** Activates a very dim, warm light for subtle illumination.
  - **3000K:** Sets the color temperature to warm white.
  - **4500K:** Sets the color temperature to neutral white.
  - **6000K:** Sets the color temperature to cool white.
- **Memory Function:** The lamp remembers the last used brightness and color temperature settings when turned off and will resume these settings when turned back on.

Figure 7: Benefits of the lamp's soft, flicker-free light and memory function.

Maintenance and Care

To ensure the longevity and optimal performance of your Aanyhoh Arc Floor Lamp, follow these maintenance guidelines:

- **Cleaning:** Before cleaning, always unplug the lamp from the power outlet. Use a soft, dry cloth to wipe down the lamp body and lampshade. Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish or electrical components.
- **Dusting:** Regularly dust the lamp to prevent accumulation, which can affect light output and appearance.
- **Inspection:** Periodically check the power cord and plug for any signs of damage. If any damage is found, discontinue use and contact customer support.
- **Storage:** If storing the lamp for an extended period, disassemble it carefully and store it in its original packaging in a dry, cool place.

Troubleshooting

If you encounter any issues with your Aanyhoh Arc Floor Lamp, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Lamp does not turn on.	Not plugged in. Power outlet not working. Remote control batteries are dead. Loose connection.	Ensure the power cord is securely plugged into a working outlet. Test the outlet with another device. Replace the batteries in the remote control. Check all lamp body connections for tightness.
Remote control not responding.	Batteries are low or dead. Obstruction between remote and lamp. Remote not paired (unlikely for this model, but possible).	Replace remote control batteries. Ensure a clear line of sight to the lamp's receiver. Refer to the remote control pairing instructions if provided separately (not common for this type of lamp).
Light flickers or is unstable.	Loose connection. Power supply issue.	Check all lamp body connections and power cord. Try plugging the lamp into a different power outlet.

If the problem persists after trying these solutions, please contact Aanyhoh customer support for assistance.

Specifications

Feature	Detail
Brand	Aanyhoh
Model Number	DYLDD-2108
Product Dimensions	120 x 30 x 170 cm (L x W x H)
Item Weight	5 Kilograms
Material	Aluminum (body), Acryl (lampshade), Iron (base)
Color	Black
Light Source Type	Integrated LED
