Proper care and maintenance will extend the life of your Bestier L Shaped Desk.

- **Cleaning:** Wipe the desk surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, as these can damage the melamine finish.
- **Spill Management:** The melamine top material is water-resistant. In case of spills, wipe them immediately to prevent moisture damage.
- **Heat Protection:** The desk is heat-resistant, but it is advisable to use coasters or protective pads under hot items to prevent potential marks.
- **Scratch Prevention:** While anti-scratch, avoid dragging sharp or heavy objects across the surface. Use a desk mat for writing or mouse use to protect the finish.
- **Fastener Check:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary to maintain stability.
- **Relocation:** If moving the desk, lift it rather than dragging to prevent damage to the legs and frame. For significant moves, partial disassembly may be required.
