Sluban M38-B0856

Sluban M38-B0856 WWII-m5 Light Tank Instruction Manual

Model: M38-B0856 | Brand: Sluban

1. Introduction

This instruction manual provides essential information for the assembly, operation, and care of your Sluban M38-B0856 WWII-m5 Light Tank building set. Designed for enthusiasts, this set allows you to construct a detailed replica of a World War II M5 Light Tank using compatible construction bricks. A comprehensive, full-color instruction booklet is included within the product packaging to guide you through the building process.

2. Safety Information

This product contains small parts and is recommended for ages 36 months to 6 years. Adult supervision is advised during assembly and play to prevent choking hazards. Keep all packaging materials away from children. Ensure all connections are secure to prevent parts from detaching during play.

3. Setup and Assembly

The Sluban M38-B0856 WWII-m5 Light Tank building set includes a comprehensive, full-color instruction booklet. Please follow the step-by-step diagrams in this booklet for accurate assembly. It is recommended to sort all building bricks by color and shape before beginning construction to ensure a smooth building process.

3.1. Included Components

- Sluban construction bricks for the WWII-m5 Light Tank
- Full-color instruction booklet
- Additional accessories (e.g., minifigures, small weapons, terrain elements)

3.2. Assembly Steps

1. Unpack all components and verify against the parts list in the instruction booklet.
2. Organize bricks by type and color to simplify the building process.
3. Follow the sequential steps provided in the full-color instruction booklet. Each step illustrates the placement of new bricks.
4. Ensure all bricks are firmly pressed together to create a stable structure.
5. Attach any accessories or minifigures as indicated in the final steps of the manual.

4. Operating the Model

Once assembled, your Sluban M38-B0856 WWII-m5 Light Tank features several movable components for interactive play. The tank's tracks are designed to roll smoothly on flat surfaces. The main turret can rotate 360 degrees, and the gun barrel can be adjusted for elevation. Ensure all parts are securely connected before operating the model.

4.1. Key Movable Features

- **Movable Tracks:** The tank's track system allows for realistic movement across smooth surfaces.
- **Rotating Turret:** The main turret can be manually rotated to aim in any direction.
- **Adjustable Gun Barrel:** The tank's main gun can be moved up and down for varied play scenarios.

5. Maintenance

To maintain the condition of your building set, clean it periodically with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials, as these can damage the plastic bricks. Store the assembled model or loose bricks in a cool, dry place away from direct sunlight to prevent discoloration or material degradation.

6. Troubleshooting

6.1. Loose Parts

If any parts become loose during play or handling, gently re-attach them by pressing firmly until they click into place. Refer to the original instruction booklet for the correct placement of each component.

6.2. Missing Pieces

In the rare event of missing pieces, please contact Sluban customer support. Provide your model number (M38-B0856) and a detailed description of the missing part(s) to facilitate assistance.

7. Specifications

Feature	Detail
Product Name	Sluban M38-B0856 WWII-m5 Light Tank
Model Number	M38-B0856
Brand	Sluban
Product Dimensions	14.96 x 9.33 x 2.64 inches
