SETUP AND ASSEMBLY

The Sluban M38-B0872 Dream Carriage building set includes a full-color instruction book to guide you through the assembly process. Follow these general steps for a smooth building experience:

1. **Unpack all components:** Carefully open the box and remove all plastic bags containing the building blocks. Lay them out on a clean, flat surface.
2. **Organize pieces:** It is helpful to sort the blocks by color, size, or type before you begin. This will make it easier to find the correct pieces as you follow the instructions.
3. **Follow the instruction book:** Refer to the included full-color instruction book for step-by-step guidance. Each step will show which pieces are needed and how they connect.
4. **Connect pieces firmly:** Ensure that each block is pressed firmly into place to create a stable and durable structure.

5. **Verify each step:** Before moving to the next step, double-check that you have correctly assembled the current section as shown in the manual.

- **Disassembly:** If disassembling the model, do so carefully to avoid damaging the connection points of the blocks.

TROUBLESHOOTING

Here are some common issues and their solutions:
