Nespresso ENV120BM

Nespresso Vertuo Next Coffee and Espresso Machine by De'Longhi Instruction Manual

MODEL: ENV120BM

Brand: Nespresso

1. Product Overview

The Nespresso Vertuo Next is a versatile coffee and espresso machine designed for single-serve brewing. It utilizes Centrifusion technology to extract a wide range of coffee and espresso sizes with a smooth crema. The machine is compatible exclusively with Nespresso Vertuo Line capsules.

- **Impossibly Good Quality:** Exclusively compatible with Nespresso Vertuo capsules, featuring over 30 blends and producing velvety crema.
- **A Range of Options:** Vertuo Next makes both coffee and espresso in a variety of sizes: 5, 8, and 18oz coffees, and single and double espresso.
- **Sleek & Sustainable:** Only 5.5 inches wide and made of 54% recycled materials, with energy-saving automatic turn off.
- **Expertly Brewed Every Time:** Revolutionary one-touch brewing system uses barcode-scanning technology to guarantee the perfect brew.
- **Quality Rooted in Sustainability:** Hermetically sealed aluminum capsules protect freshness and are fully recyclable through Nespresso's program.

2. Setup

1. **Unpacking:** Carefully remove all packaging materials and place the machine on a clean, stable, and level surface.
2. **Water Tank:** Fill the removable water tank with fresh, cold drinking water. Ensure it is securely placed back into position on the machine.

3. **Power On:** Plug the machine into a grounded electrical outlet. Press the main button to turn on the machine. The button will illuminate and may blink as it heats up.
4. **First Use Rinse:** Before first use, perform a rinse cycle without a capsule to clean the internal system. Fill the water tank, place a container under the coffee outlet, and press the brew button. Repeat this process 2-3 times.

Figure 2: Removable water tank for easy refilling.

3. Operating Instructions

1. **Prepare Your Cup:** Place your desired coffee cup or mug on the adjustable cup support. The cup support can be adjusted to accommodate various cup sizes.
2. **Open the Head:** Twist the lever to the 'unlock' position and lift the machine head.
3. **Insert Capsule:** Insert a Nespresso Vertuo capsule into the machine, ensuring it is correctly seated. The machine reads the barcode on the capsule to determine brewing parameters.
4. **Close the Head:** Push the head down and twist the lever to the 'lock' position.
5. **Brew:** Press the brew button. The machine will automatically start brewing based on the capsule's barcode.
6. **Enjoy:** Your coffee or espresso will be dispensed into your cup.

BLEND SPECIFIC BREWING

Automatically adapts brewing parameters to each capsule:

- Coffee size
- Temperature
- Pressure
- Brewing time

Designed for Nespresso Vertuo capsules only

4. Maintenance

1. **Empty Used Capsule Container:** The machine automatically ejects used capsules into a dedicated container. Empty this container regularly to prevent overflow.
2. **Clean Drip Tray:** The drip tray should be removed and cleaned regularly with warm water and a mild detergent.
3. **Clean Water Tank:** Wash the water tank periodically with warm water and a mild detergent. Rinse thoroughly before refilling.
4. **Wipe Exterior:** Clean the exterior of the machine with a soft, damp cloth. Do not use abrasive cleaning agents or immerse the machine in water.
5. **Descaling:** Descale your machine regularly (frequency depends on water hardness and usage) to ensure optimal performance and coffee quality. Refer to the full Nespresso user manual or Nespresso.com for detailed descaling instructions.

5. Troubleshooting

- **Machine Not Brewing:** Ensure the water tank is filled, the capsule is correctly inserted, and the machine head is securely locked. Check if the power cord is properly connected.
- **Coffee Not Dispensing:** If the machine is on but no coffee is dispensing, check for blockages in the coffee outlet. Perform a rinse cycle without a capsule.
- **Error Lights:** Refer to the Nespresso app or Nespresso.com for specific error code meanings and solutions if indicator lights are blinking or showing unusual patterns.
- **Leaking:** Ensure the water tank is properly seated and not cracked. Check that the drip tray is correctly positioned.
- **Loud Operation:** Some noise during brewing is normal due to the Centrifusion technology. Excessive or unusual noise may indicate a problem; contact Nespresso support.

6. Specifications

Brand	Nespresso
Model Name	Vertuo Next
Model Number	ENV120BM
Capacity	8 ounces (water tank)
Color	Black Matte
Product Dimensions (D x W x H)	5"D x 14"W x 12"H
Item Weight	12 Pounds
Wattage	1260 watts (Input power) / 1350 watts
Operation Mode	Fully Automatic
Coffee Input Type	Pods (Nespresso Vertuo Line)
Material	Aluminum
Special Feature	Programmable

7. Warranty and Support

For personalized advice, technical support, or repair services, please contact Nespresso directly. You can reach them via their mobile app, online at [Nespresso.com](https://www.nespresso.com), by telephone, or by visiting one of their Boutiques.

The product typically comes with a manufacturer's warranty. Please refer to the documentation included with your machine for specific warranty terms and conditions. Standard return policies may apply for initial purchases, such as a 30-day refund/replacement period.
