Epson Home Cinema 2250

Epson Home Cinema 2250 Projector Instruction Manual

Model: Home Cinema 2250 | Brand: Epson

1. INTRODUCTION

The Epson Home Cinema 2250 is a 2700-Lumen Full HD 3LCD Smart Projector designed to deliver accurate color and smart TV functionality for an immersive home theater experience. Featuring the Android TV operating system and Google Assistant, this projector offers seamless streaming and voice control capabilities.

Key Features:

- **Stunning Full HD 1080p Picture:** Delivers an immersive viewing experience for TV shows, sporting events, gaming, and movies.
- **Smooth, Crisp Images:** Enhanced with Image Enhancement and Frame Interpolation technologies.
- **Built-in Android TV:** Latest Android TV interface with a simple-to-use remote, including voice search with built-in Google Assistant. Access favorite streaming channels like Hulu, HBO, and YouTube without an external streaming media player.
- **Best-in-Class Color Brightness (3LCD Technology):** Advanced 3LCD technology displays 100% of the RGB color signal for every frame, ensuring outstanding color accuracy and brightness without
