## Hyper Tough 3482N

# Hyper Tough 16-Inch Black Metal Toolbox User Manual

Model: 3482N

## 1. PRODUCT OVERVIEW

The Hyper Tough 16-Inch Black Metal Toolbox is a durable and versatile storage solution designed for organizing and transporting various tools. Constructed from robust metal, it features a secure latch mechanism and a convenient removable tray for efficient organization of smaller items.

Image 1.2: The toolbox positioned on a wooden surface, highlighting the Hyper Tough brand logo on its front panel.

## 2. SAFETY INFORMATION

---

Please read and understand all safety instructions before using this product. Failure to follow these instructions may result in injury or damage to the product.

- **Weight Capacity:** Do not overload the toolbox beyond its intended capacity. Excessive weight can cause structural damage or make it difficult to carry safely.
- **Pinch Points:** Be aware of pinch points when opening and closing the lid and latch. Keep fingers clear to prevent injury.
- **Stability:** Ensure the toolbox is placed on a stable, level surface when open to prevent tipping.
- **Sharp Edges:** While designed for safety, metal edges can be sharp. Handle with care, especially during cleaning or when accessing internal compartments.
- **Children:** Keep out of reach of children. This toolbox is not a toy and contains small parts that could be a choking hazard.

## 3. SETUP

---

The Hyper Tough 16-Inch Metal Toolbox requires minimal setup before use.

1. **Unpacking:** Carefully remove the toolbox from its packaging. Inspect for any shipping damage.
2. **Tray Placement:** The removable tray is designed to sit securely within the top section of the toolbox. Place the tray into the main compartment, ensuring it rests evenly on the internal supports.

Image 3.1: The toolbox shown open, with the removable tray correctly positioned inside the main compartment.

Image 3.2: The toolbox with its lid fully open and the removable tray taken out, demonstrating the two main components.

## 4. OPERATING INSTRUCTIONS

---

Using your Hyper Tough toolbox is straightforward.

- **Opening the Toolbox:** To open, lift the metal latch located on the front of the toolbox. Once the latch is disengaged, lift the lid upwards.
- **Closing the Toolbox:** To close, lower the lid until it aligns with the base. Press the metal latch down firmly until it clicks into place, securing the lid.
- **Using the Removable Tray:** The tray can be used to store smaller tools, fasteners, or accessories. It can be easily lifted out for access to the main compartment below, or for use independently.
- **Carrying:** Use the sturdy top handle to transport the toolbox. Ensure the latch is securely closed before lifting.

Image 4.2: The toolbox and its removable tray shown with various tools inside, demonstrating its storage capacity. Note: Tools are not included with the toolbox.

## 5. MAINTENANCE

---

Proper maintenance will extend the life of your toolbox.

- **Cleaning:** Wipe down the exterior and interior with a damp cloth. For stubborn dirt, a mild soap solution can be used. Dry thoroughly to prevent rust.
- **Rust Prevention:** As this is a metal toolbox, it is susceptible to rust if exposed to moisture for prolonged periods. Store in a dry environment. If rust spots appear, they can often be treated with a rust remover and then protected with a light coat of oil or rust-inhibiting paint.
- **Lubrication:** Periodically apply a small amount of lubricant (e.g., silicone spray or light oil) to the latch mechanism and hinges to ensure smooth operation.

## 6. TROUBLESHOOTING

---

- **Lid not closing properly:** Check for any obstructions inside the toolbox or along the rim that might be preventing the lid from seating correctly. Ensure the latch mechanism is clear of debris.
- **Latch sticking:** Apply a small amount of lubricant to the latch mechanism. Ensure it is not bent or damaged.
- **Tray not fitting:** Ensure the tray is oriented correctly and that no tools or items in the main compartment

are preventing it from sitting flush.

## 7. SPECIFICATIONS

Feature	Detail
Model Number	3482N
Brand	Hyper Tough
Material	Metal
Color	Black
Dimensions (Approx.)	16.14 inches (Length) x 7.08 inches (Width) x 6.69 inches (Height)
UPC	820909034827
First Available	October 4, 2020
