# HUAWEI FreeBuds Pro Wireless Earbuds User Manual

Model: 55033464

## INTRODUCTION

---

This manual provides essential information for the proper use, setup, and maintenance of your HUAWEI FreeBuds Pro wireless earbuds. Please read this guide thoroughly before using the product to ensure optimal performance and longevity.

## Package Contents

- HUAWEI FreeBuds Pro (1 pair)
- Charging Case
- 3 pairs of ear tips (Large, Medium, and Small). The Medium pair is pre-installed.
- Quick Start Guide and Safety Information

## SETUP

---

### Initial Pairing

1. Ensure the FreeBuds Pro are charged.
2. Open the charging case. The indicator light inside the case should blink white, indicating pairing mode.
3. On your device (smartphone, tablet, etc.), enable Bluetooth.
4. Search for available Bluetooth devices and select "HUAWEI FreeBuds Pro" from the list.
5. Once connected, the indicator light will turn solid green.

For subsequent connections, simply open the charging case, and the earbuds will automatically connect to the last paired device.

### Charging

To charge the earbuds, place them inside the charging case. The case itself can be charged via a USB-C cable or wirelessly using a compatible wireless charger.

Mit dem Ladecase bis zu 36 Stunden Akkulaufzeit

# 36 Std.

## OPERATING INSTRUCTIONS

---

### Controls

The HUAWEI FreeBuds Pro feature intuitive squeeze controls on the earbud stems:

- **Single Squeeze:** Play/Pause audio, Answer/End call.
- **Double Squeeze:** Skip to next track.
- **Triple Squeeze:** Skip to previous track.
- **Long Squeeze:** Switch between Noise Cancellation modes (Noise Cancelling, Awareness, Off).
- **Swipe Up/Down:** Adjust volume.

## Active Noise Cancellation (ANC) and Modes

The FreeBuds Pro offer intelligent active noise cancellation to adapt to your environment. You can switch between different modes:

- **Noise Cancelling Mode:** Reduces ambient noise for an immersive listening experience.
- **Awareness Mode:** Allows you to hear your surroundings while still enjoying your audio.
- **Voice Highlight Mode:** A sub-mode of Awareness that specifically enhances human voices, making conversations clearer. This mode can be activated via the AI Life app.
- **Off:** Disables noise cancellation.

## Dual Device Connection

The HUAWEI FreeBuds Pro can connect to two Bluetooth devices simultaneously, allowing for seamless switching between them without manual re-pairing.

## Verbindung mit zwei Geräten, nahtlose Umschaltung

### AI Life App

For advanced features, customization, and firmware updates, download the HUAWEI AI Life app. The app allows you to:

- Customize touch controls.
- Select and fine-tune ANC modes, including Voice Highlight.
- Check battery levels.
- Perform ear tip fit tests.
- Update earbud firmware.

### MAINTENANCE

---

#### Cleaning

Regular cleaning helps maintain sound quality and hygiene:

- Use a soft, dry, lint-free cloth to wipe the earbuds and charging case.
- Gently remove any earwax or debris from the ear tips and speaker mesh using a small, clean brush or cotton swab.
- Do not use abrasive materials, alcohol, or chemical cleaners.

## Storage

When not in use, store the FreeBuds Pro in their charging case to protect them from dust and damage.

## Water Resistance

The HUAWEI FreeBuds Pro are rated as waterproof. However, this rating refers to resistance against splashes and sweat, not full submersion. Avoid exposing them to excessive moisture, rain, or direct water streams.

## TROUBLESHOOTING

---

### Common Issues and Solutions

- **Earbuds not pairing/connecting:**  
Ensure earbuds are charged. Place them in the case, close the lid, then open it again. Press and hold the function button on the side of the case until the indicator blinks white to enter pairing mode. Check your device's Bluetooth settings.
- **No sound from one earbud:**  
Place both earbuds back into the charging case, close the lid, and then open it again. Check battery levels for both earbuds in the AI Life app.
- **Poor sound quality:**  
Ensure ear tips are properly fitted and clean. Try different sized ear tips. Move closer to your connected device to avoid interference.
- **Noise cancellation not effective:**  
Ensure earbuds are properly seated in your ears. Try different sized ear tips for a better seal. Update firmware via the AI Life app.
- **Charging issues:**  
Ensure the charging cable is securely connected or the wireless charger is properly aligned. Clean the charging contacts on the earbuds and inside the case.

## SPECIFICATIONS

---

Feature	Detail
Model	55033464
Brand	HUAWEI
Color	Ceramic White
Material	Ceramic
Weight	2.54 Ounces (approx. 72g)
Ear Placement	In-ear
Form Factor	In-Ear

Feature	Detail
Sound Insulation	Active Noise Cancellation
Connectivity Technology	Bluetooth
Frequency Range	20 Hz - 20,000 Hz
