ASSEMBLY INSTRUCTIONS

The YITAHOME Folding Storage Vanity Bench is designed for quick and easy assembly, typically taking less than a minute.

1. **Unpack the Components:** Carefully remove all parts from the packaging. You will find the folded bench body, the bottom support panel, and the tufted lid.
2. **Unfold the Bench Body:** Gently unfold the main bench body. It will form an open rectangular or square shape.
3. **Insert the Bottom Support Panel:** Place the rigid bottom support panel inside the unfolded bench body. Push it down firmly until it rests flat at the bottom, providing stability to the structure.
4. **Place the Tufted Lid:** Position the tufted lid securely on top of the bench body. Ensure it sits flush to complete the assembly.

OPERATING INSTRUCTIONS

Your YITAHOME Folding Storage Vanity Bench offers versatile functionality.

- **Using as Seating:** The bench is designed to comfortably support up to 350 lbs (158 kg). It can be used as a vanity bench, footrest, or extra seating in bedrooms, hallways, or living areas.
- **Accessing Storage:** To access the internal storage compartment, simply lift the tufted lid. The spacious 80L interior is suitable for storing items such as blankets, pillows, books, toys, or other household accessories.
- **Folding for Storage:** When not in use, the bench can be easily folded flat. Remove the lid and bottom support panel, then collapse the bench body. This allows for convenient storage under a bed or on a shelf.

MAINTENANCE AND CARE

To ensure the longevity and appearance of your YITAHOME Folding Storage Vanity Bench, follow these care guidelines:

- **Cleaning:** The premium waterproof PVC leather surface can be easily wiped clean with a damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the material.
- **Spills:** Promptly wipe up any spills to prevent staining.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight, which can cause fading or cracking of the faux leather.
- **Storage:** If storing the bench in its folded state, ensure it is kept in a dry, cool place away from extreme temperatures.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Bench feels unstable or wobbly.	Bottom support panel not fully inserted.	Ensure the bottom support panel is pushed down firmly and flat inside the bench body.
Lid does not sit flush.	Bench body not fully unfolded or items inside obstructing the lid.	Check that the bench body is completely unfolded and that no items are preventing the lid from closing properly.

Problem	Possible Cause	Solution
Faux leather appears creased.	Result of packaging or folding.	Creases typically smooth out with use over time. Gentle heat from a hairdryer (on low setting, held at a distance) can help, but test on an inconspicuous area first.
