

**ZURURU ID205L**

# ZURURU Soft Silicone Smart Watch Replacement Bands User Manual

Model: Veryfitpro ID205L Compatible

## 1. PRODUCT OVERVIEW

---

The ZURURU Soft Silicone Smart Watch Replacement Band is designed for comfort and durability, providing a perfect fit for compatible smartwatches. This band is specifically engineered to be compatible with the Veryfitpro ID205L fitness watch, ensuring a seamless replacement experience.

Image: The ZURURU Soft Silicone Smart Watch Replacement Band, shown in black, featuring a classic buckle closure and multiple adjustment holes for a secure fit.

### Key Features:

- **Premium Material:** Made from high-quality, soft, and durable silicone for comfortable wear.
- **Easy Installation:** Features quick-release spring bars for effortless attachment and removal without tools.
- **Adjustable Fit:** Designed to fit a wide range of wrist sizes, from 5.5 to 8.7 inches (139 mm to 220 mm).
- **Compatibility:** Specifically compatible with smartwatches that use 19mm spring bars, including the Veryfitpro ID205L.

## 2. SETUP AND INSTALLATION

### 2.1 Verifying Watch Model and Size

Before installing your new band, it is crucial to confirm your smartwatch model and the required band width. This band is designed for smartwatches using 19mm spring bars, such as the Veryfitpro ID205L.

**Note Before Order**

**CHECK THE MODEL NAME OF YOUR SMART WATCH:**

**1. OPEN THE "VeryfitPro" APP**  
**2. TAP "DEVICE"**

The smartwatch screen displays the following information:

- Model: ID205L
- synced at: 19/05/27 21:54
- Firmware version: V23
- Firmware MAC address: E0:A5:05:E7:79:C3
- app version: V2.3.24
- Battery capacity: --

Below the status bar, there are several alert settings:

- Call Alert: OFF
- Sedentary Alert: OFF
- Alarm Alert: OFF
- SNS Alert: OFF
- Camera Shooting: OFF

**ID205L**  
synced at: 19/05/27 21:54  
Firmware version: V23

**FOR ID205L Smart Watch**

Image: A visual guide demonstrating how to verify your smartwatch model (ID205L) by accessing the "VeryfitPro" application and navigating to the "Device" section.

# Measure Watch Lug

Compatible with **VERYFITPRO ID205L** Smart watch that uses standard **19mm** spring bars.

Image: An illustration indicating the correct method to measure the watch lug width, confirming the 19mm size required for this replacement band.

## 2.2 Band Installation Steps

The ZURURU replacement bands feature quick-release spring bars, making installation and removal straightforward and tool-free.

1. **Prepare the Watch:** Lay your smartwatch face down on a soft, clean surface to prevent scratches.
2. **Remove Old Band (if applicable):** If replacing an existing band, locate the quick-release lever on the underside of the band where it connects to the watch lug. Slide the lever inwards to compress the spring bar and gently pull the band away from the watch. Repeat for the other side.
3. **Attach New Band:**
  - Insert one end of the new band's spring bar into the corresponding lug hole on the watch.

- Slide the quick-release lever inwards to compress the spring bar.
- Position the other end of the spring bar into the opposite lug hole and release the lever. The spring bar should snap securely into place.
- Gently tug on the band to ensure it is firmly attached before wearing.

4. **Repeat for Second Half:** Follow the same steps to attach the second half of the band to the other side of your smartwatch.

### 3. OPERATING AND USAGE

Once installed, the ZURURU silicone band offers a comfortable and secure fit for daily wear. Its design incorporates features for enhanced user experience.

Image: A detailed view highlighting the band's construction, including durable pins for secure attachment, a robust metal buckle for reliable fastening, a strap holder to keep excess band neatly tucked, and a breathable design for comfort.

#### 3.1 Adjusting the Band

To adjust the band to your wrist size, simply thread the end of the band through the buckle and select the appropriate hole for a snug yet comfortable fit. The strap holder should be used to secure any excess band length.

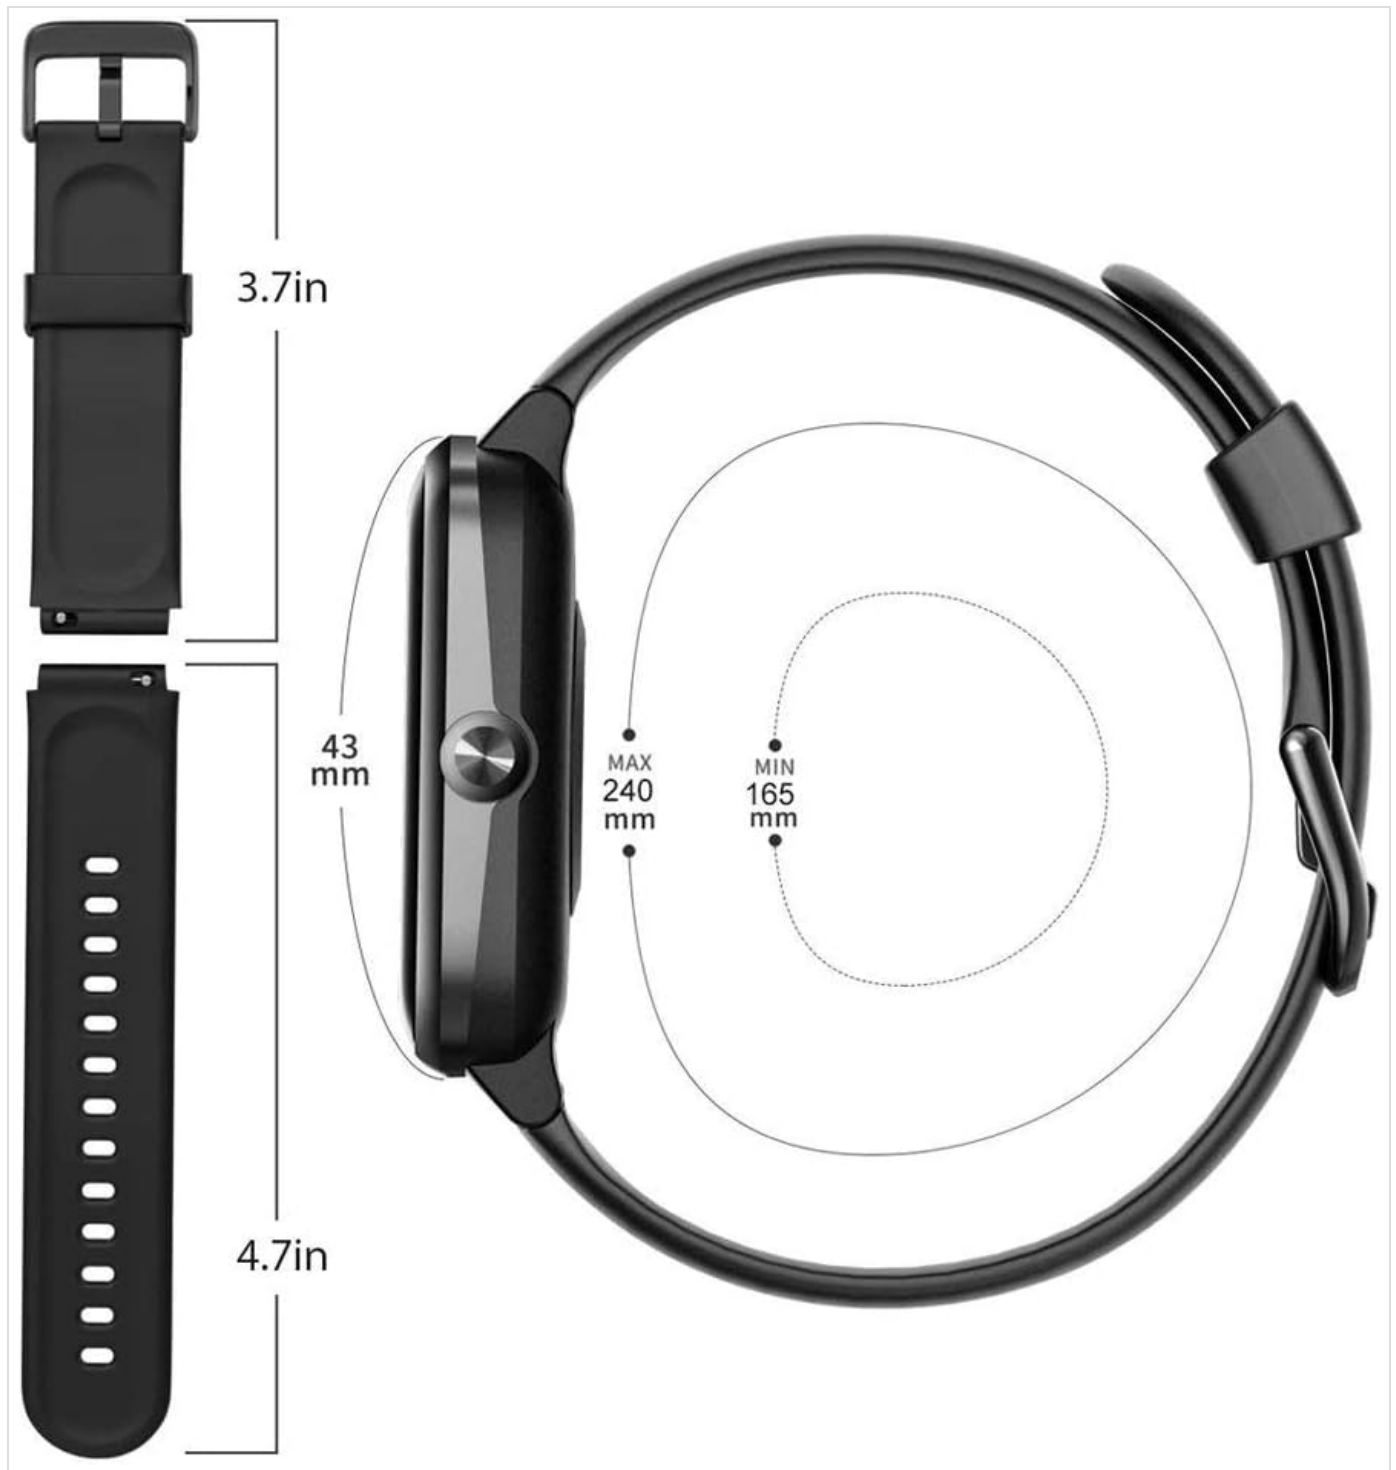

Image: A technical drawing illustrating the dimensions of the watch band, including its length (3.7 inches and 4.7 inches for each strap segment) and the adjustable wrist circumference range (minimum 165mm to maximum 240mm).

## 4. MAINTENANCE AND CARE

To ensure the longevity and appearance of your ZURURU silicone watch band, follow these simple maintenance guidelines:

- **Cleaning:** Regularly clean the band with mild soap and water. Rinse thoroughly and dry with a soft cloth. Avoid harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the band in a cool, dry place away from direct sunlight to prevent material degradation.

- **Avoid Extreme Conditions:** While durable, prolonged exposure to extreme temperatures or harsh chemicals (e.g., strong solvents, bleach) can affect the silicone material.
- **Inspect Regularly:** Periodically check the spring bars and buckle for any signs of wear or damage to ensure continued secure attachment.

## 5. TROUBLESHOOTING

---

If you encounter any issues with your ZURURU replacement band, consider the following common solutions:

Problem	Possible Cause	Solution
Band does not fit the watch.	Incorrect band width or watch model.	Verify your watch model is Veryfitpro ID205L and that its lug width is 19mm. Refer to Section 2.1.
Band is difficult to install.	Spring bar not properly aligned or compressed.	Ensure the quick-release lever is fully compressed and both ends of the spring bar are aligned with the lug holes. Apply gentle pressure. Refer to Section 2.2.
Band feels loose or too tight.	Incorrect hole selection.	Adjust the band to a different hole for a more comfortable fit. Ensure the strap holder is used. Refer to Section 3.1.
Band shows signs of wear or discoloration.	Lack of regular cleaning or exposure to harsh substances.	Clean the band regularly with mild soap and water. Avoid contact with strong chemicals. Refer to Section 4.

If the issue persists after attempting these solutions, please contact ZURURU customer support for further assistance.

## 6. SPECIFICATIONS

---

Feature	Detail
