Spigen ASD02106

Spigen Silicone Fit Case Cover Instruction Manual

Model: ASD02106

1. PRODUCT OVERVIEW

The Spigen Silicone Fit Case Cover is designed to protect your Samsung Galaxy Buds charging case. It offers a soft, flexible, and durable layer of protection against daily wear, impacts, and scratches. The case maintains full functionality of your earbuds, including charging and LED indicator visibility.

Compatibility: This case is compatible with Samsung Galaxy Buds FE, Buds2 Pro, Buds2, Buds Pro, and Buds Live.

Compatible with Galaxy Buds Live, Buds Pro, and Buds2

2. SETUP AND INSTALLATION

Follow these steps to properly install the Spigen Silicone Fit Case Cover onto your Samsung Galaxy Buds charging case:

1. **Clean the Device:** Ensure your Galaxy Buds charging case is clean and free of dust or debris before installation.
2. **Apply Adhesive Stickers:** The case includes pre-applied double-sided adhesive stickers on the inside of the top and bottom sections. Remove the protective film from these stickers. These stickers help secure the case firmly to your charging case.
3. **Insert Bottom Section:** Carefully place the bottom part of your Galaxy Buds charging case into the bottom section of the silicone cover, ensuring a snug fit.
4. **Insert Top Section:** Align the top lid of your Galaxy Buds charging case with the top section of the silicone cover and press down gently to secure it. The adhesive will help hold it in place.

Silicone-fitted with adhesive stickers.

Secure hold on the charging case with non-slip silicone and adhesive stickers.

3. OPERATING INSTRUCTIONS

3.1 Using the Carabiner

The included carabiner allows for easy portability. Attach the carabiner to the designated loop on the side of the silicone case. You can then clip your Galaxy Buds to bags, backpacks, keychains, or other objects for convenient access.

Never miss a beat on-the-go.

Clip on to any bags or objects. Easy to carry wherever you go.

3.2 Charging

The Spigen Silicone Fit case is designed to allow seamless charging without removal.

- **Wired Charging:** A precise cutout at the bottom of the case provides full access to the USB-C charging port. Connect your charging cable directly to the port while the case is installed.
- **Wireless Charging:** The case supports wireless charging. Simply place your Galaxy Buds charging case (with the silicone cover installed) onto a compatible wireless charging pad.

3.3 LED Indicator Visibility

The case features a precise cutout that ensures the power level LED light on your Galaxy Buds charging case remains visible, allowing you to monitor the charging status.

4. MAINTENANCE

To maintain the appearance and longevity of your Spigen Silicone Fit Case Cover:

- **Cleaning:** Wipe the silicone case with a soft, damp cloth. For stubborn dirt, a mild soap solution can be used. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the case in a cool, dry place away from direct sunlight and extreme temperatures when not in use.

5. TROUBLESHOOTING

If you encounter any issues with your Spigen Silicone Fit Case Cover, consider the following:

- **Case Not Fitting Properly:** Ensure you have the correct model of Galaxy Buds for this specific case. Re-align the case and press firmly to ensure the adhesive stickers make full contact.

- **Charging Issues:** Verify that your charging cable or wireless charging pad is functioning correctly. Ensure the cable is fully inserted into the port or that the case is properly centered on the wireless charger.
- **Carabiner Malfunction:** Check for any obstructions or damage to the carabiner spring mechanism. If damaged, discontinue use and contact support.
