GODOX SL60IID

Godox SL60IID LED Video Light Instruction Manual

Model: SL60IID

1. Introduction

This manual provides detailed instructions for the safe and effective operation of your Godox SL60IID LED Video Light. Please read this manual thoroughly before use to ensure optimal performance and to prevent damage to the product or injury to yourself or others. Keep this manual for future reference.

2. Safety Information

- Do not disassemble or modify this product. Unauthorized repairs will void the warranty.
- Keep this product dry. Do not handle with wet hands or immerse in water.
- Do not use in the presence of flammable gases or liquids.
- Ensure the power supply voltage matches the product's requirements.
- Unplug the power cable during thunderstorms or when not in use for extended periods.
- Avoid direct eye exposure to the LED light.
- Ensure proper ventilation during operation to prevent overheating.

3. Package Contents

Verify that all items are included in your package:

- 1 x Godox SL60IID LED Light
- 1 x Reflector

- 1 x Lamp Cover
- 1 x Power Cable
- 1 x Color Filters (set)

4. Product Features

- **High Output:** Provides a maximum output of 18,600 Lux at 1 meter with a standard reflector.
- **Precise Dimming:** Brightness adjustable from 0% to 100%.
- **Built-in FX Effects:** Features 8 special effects for creative lighting scenarios.
- **Bowens Mount:** Compatible with a wide range of Bowens-mount light modifiers.
- **Compact and Portable:** Designed for easy transport and setup.
- **Flexible Angle Adjustment:** Allows for versatile lighting positioning.
- **Quiet Operation:** Engineered for a low-noise environment, suitable for video recording.
- **High Color Accuracy:** CRI 96+ and TLCI 97+ ensure accurate color rendition.
- **Multiple Control Methods:** Operable via control panel, remote control (sold separately), or Godox Light app.

5. Setup

5.1 Mounting the Light

1. Attach the Godox SL60IID LED light to a compatible light stand using its mounting bracket.
2. Secure the light by tightening the locking knob on the light stand.
3. Adjust the tilt angle of the light using the handle on the mounting bracket and tighten to secure.

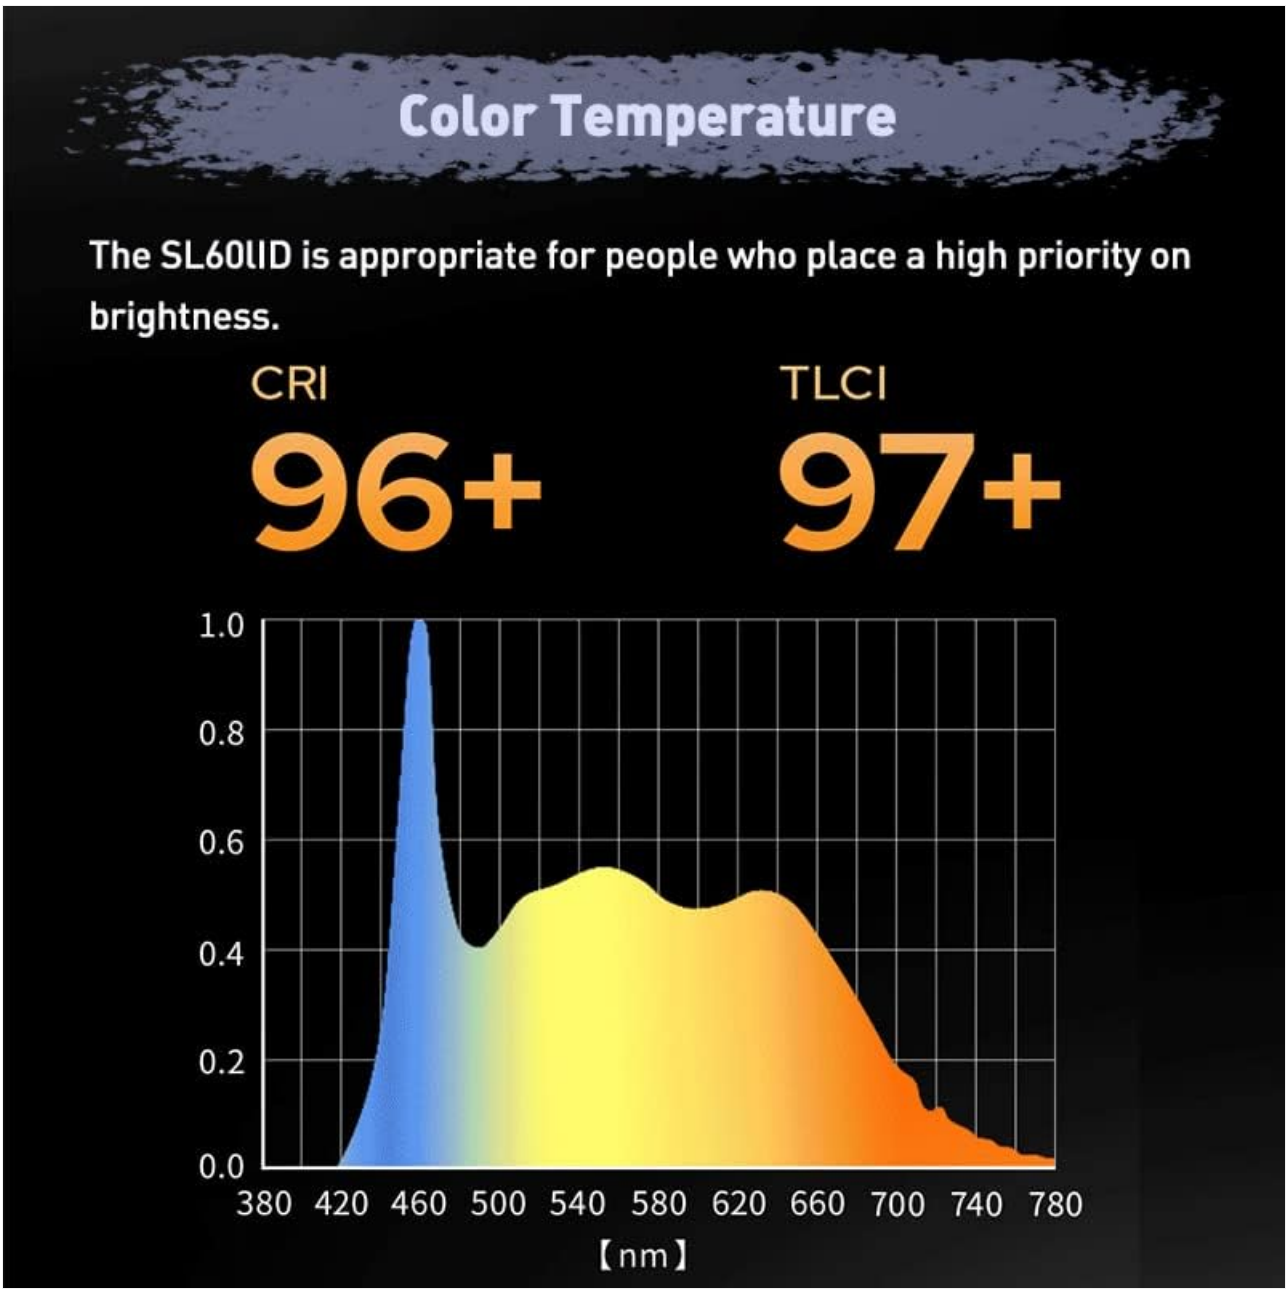

Image 5.1: The compact design of the Godox SL60IID, illustrating its portability.

5.2 Attaching Accessories (Bowens Mount)

1. Align the Bowens mount accessory (e.g., reflector, softbox) with the Bowens mount on the front of the light.
2. Insert the accessory and rotate it clockwise until it locks into place.
3. To remove, press the release button on the light's Bowens mount and rotate the accessory counter-clockwise.

Image 5.2: The Bowens mount allows for compatibility with a wide range of light shaping tools.

5.3 Power Connection

1. Connect the power cable to the power input port on the back of the light.
2. Plug the other end of the power cable into a suitable AC power outlet.

6. Operating Instructions

6.1 Power On/Off

Press the power switch located on the back of the light to turn the unit on or off.

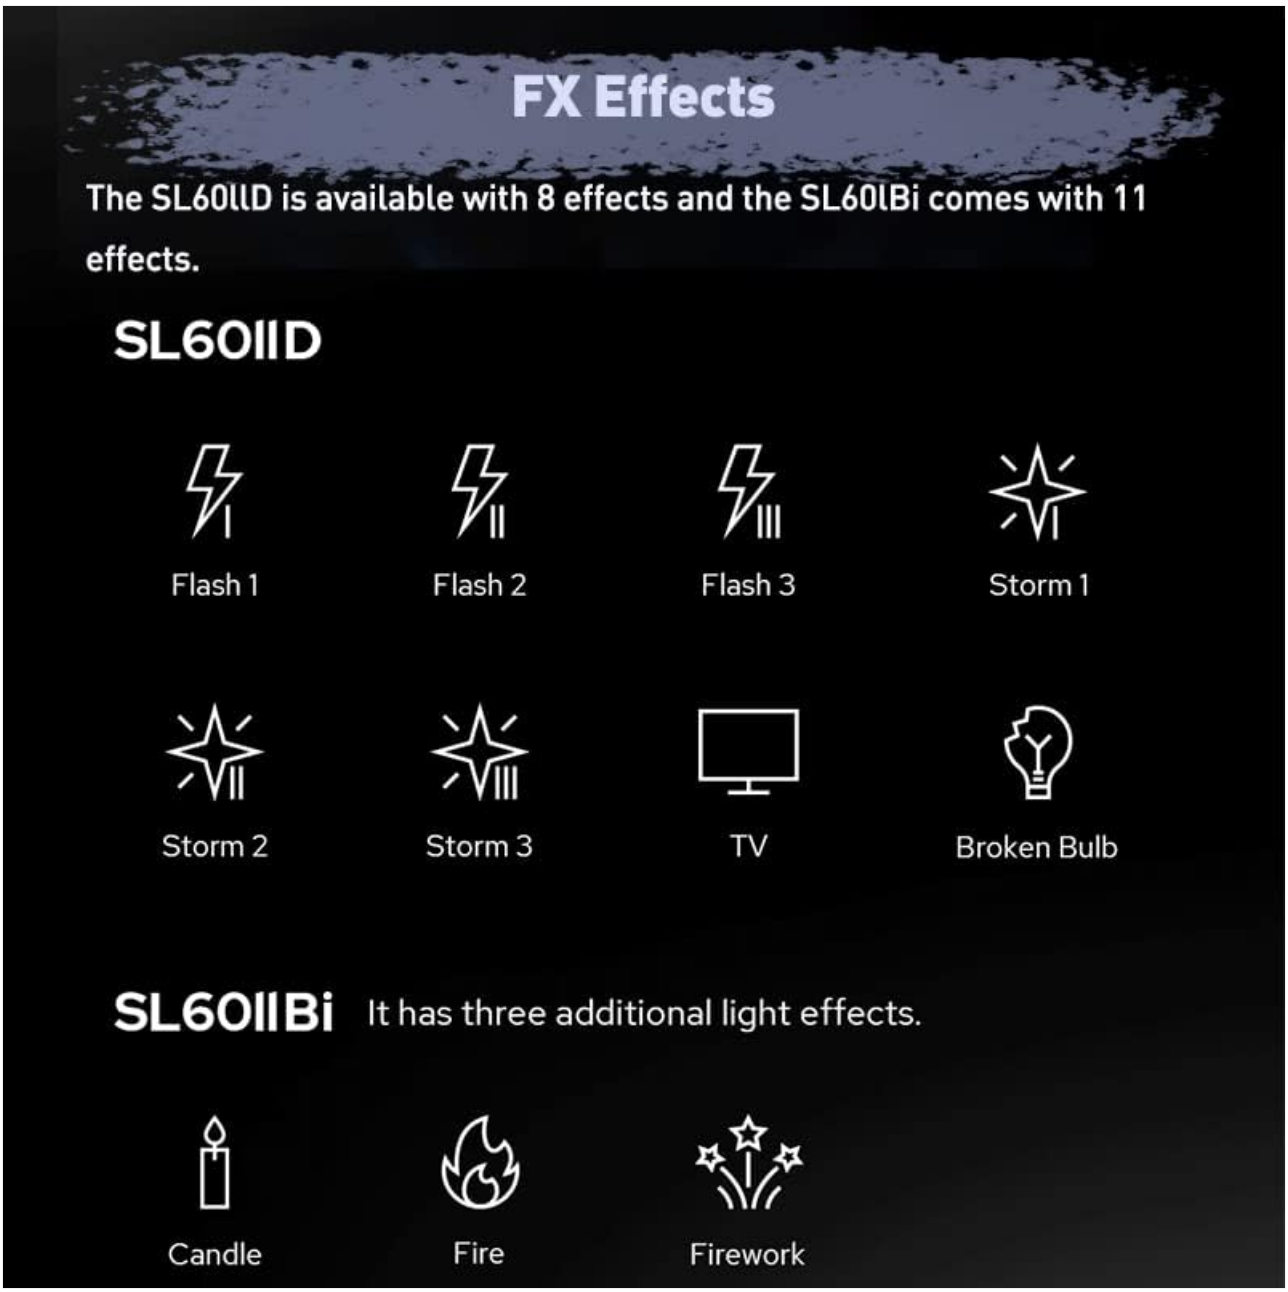

Image 6.1: The control panel with the power switch and adjustment knobs.

6.2 Brightness Adjustment

Rotate the DIM control knob on the back panel to adjust the light's brightness from 0% to 100%.

6.3 FX Effects

The SL60IID offers 8 special effects to simulate various lighting scenarios:

1. Flash 1
2. Flash 2
3. Flash 3
4. Storm 1
5. Storm 2
6. Storm 3
7. TV
8. Broken Bulb

To activate an FX effect, press the FX button on the control panel and then use the CCT/FX knob to select the desired

effect.

Image 6.2: Visual representation of the 8 built-in FX effects.

6.4 App Control

The Godox SL60IID can be controlled wirelessly via the Godox Light mobile application. Download the app from your device's app store.

1. Ensure Bluetooth is enabled on your mobile device.
2. Open the Godox Light app and follow the in-app instructions to connect to your SL60IID light.
3. Once connected, you can adjust brightness, select FX effects, and control other parameters directly from your phone.

Image 6.3: Controlling the light parameters using the Godox Light mobile application.

7. Maintenance

- Regularly clean the light's exterior with a soft, dry cloth. Do not use solvents or abrasive cleaners.
- Ensure the ventilation openings are free from dust and obstructions to maintain proper cooling.
- Store the light in a dry, dust-free environment when not in use.
- Avoid dropping or subjecting the light to strong impacts.

8. Troubleshooting

Problem	Possible Cause	Solution
Light does not turn on	No power supply; Power cable loose; Power switch off	Check power connection; Ensure power switch is on.
Light output is weak	Brightness set too low	Adjust brightness using the DIM knob or app.
App control not working	Bluetooth off; App not connected; Light not in range	Ensure Bluetooth is on; Reconnect in app; Move closer to light.
Overheating warning	Poor ventilation; Prolonged high power use	Ensure clear airflow around the light; Reduce power output or allow to cool.

9. Specifications

Feature	Specification
Model	SL60IID
Power Output	60W
Color Temperature	5600K (Daylight)
