› Beliani Modern Hexagonal Gazebo with Curtains (Model 221924) - Instruction Manual

Beliani 221924

Beliani Modern Hexagonal Gazebo with Curtains (Model 221924)

Instruction Manual

1. PRODUCT OVERVIEW

This manual provides detailed instructions for the assembly, operation, and maintenance of your Beliani Modern Hexagonal Gazebo. This outdoor pavilion features a robust metal frame and durable polyester curtains, designed to enhance your outdoor living space.

Image 1.1: The Beliani Modern Hexagonal Gazebo, showcasing its design and functionality in an outdoor environment.

- **Product Type:** Hexagonal Gazebo
- **Main Material:** Steel frame, 100% Polyester fabric
- **Color:** Beige
- **Key Features:** Six curtains with zippers, UV-resistant fabric (UPF 30+), stable frame construction.

2. SAFETY INSTRUCTIONS

Please read and understand all safety warnings before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Anchoring:** For safety, the gazebo **must** be securely anchored to the ground. Metal pegs are included for lawn installation. For other surfaces (e.g., concrete, decking), appropriate fasteners (not included) must be used.
- **Weather Conditions:** In strong winds or heavy rain, remove the textile parts (roof and curtains) to prevent damage to the gazebo structure and ensure safety.
- **Assembly:** Assembly requires two or more adults. Keep children and pets away from the assembly area.
- **Inspection:** Regularly inspect all components for wear, damage, or loose connections. Do not use if damaged.
- **Storage:** While the fabric is UV-resistant, storing the gazebo under cover when not in use will maximize its lifespan and prevent premature fading.

Image 2.1: Detail of the base plate, showing holes for securing the gazebo to the ground using pegs or other fasteners.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, contact customer support.

- Steel Frame Components (numbered for easy assembly)
- Main Roof Fabric
- Upper Roof Fabric
- 6 x Side Curtains with Zippers
- Assembly Hardware (screws, bolts, washers, etc.)
- Metal Ground Pegs (for lawn installation)
- Instruction Manual

4. SETUP AND ASSEMBLY

Assembly typically takes 120-180 minutes with two people. Follow the included assembly manual for step-by-step instructions. Ensure you have adequate space and the necessary tools (e.g., screwdriver, wrench) before starting.

1. **Prepare the Area:** Choose a flat, level surface for assembly. Clear any obstructions.
2. **Unpack Components:** Carefully unpack all parts and lay them out, referencing the parts list to ensure everything is present.
3. **Assemble the Frame:** Follow the numbered diagrams in the separate assembly guide to connect the steel frame components. Ensure all connections are secure but do not fully tighten bolts until the frame is complete.
4. **Attach Roof Fabric:** Drape the main roof fabric and upper roof fabric over the assembled frame. Secure them according to the instructions, ensuring a snug fit.
5. **Install Curtains:** Attach the six side curtains to the frame using the integrated rings. The curtains feature zippers for easy closure.
6. **Final Tightening and Anchoring:** Once the entire structure is assembled, fully tighten all bolts. Securely anchor the gazebo to the ground using the provided metal pegs for lawn surfaces, or suitable fasteners for other ground types.

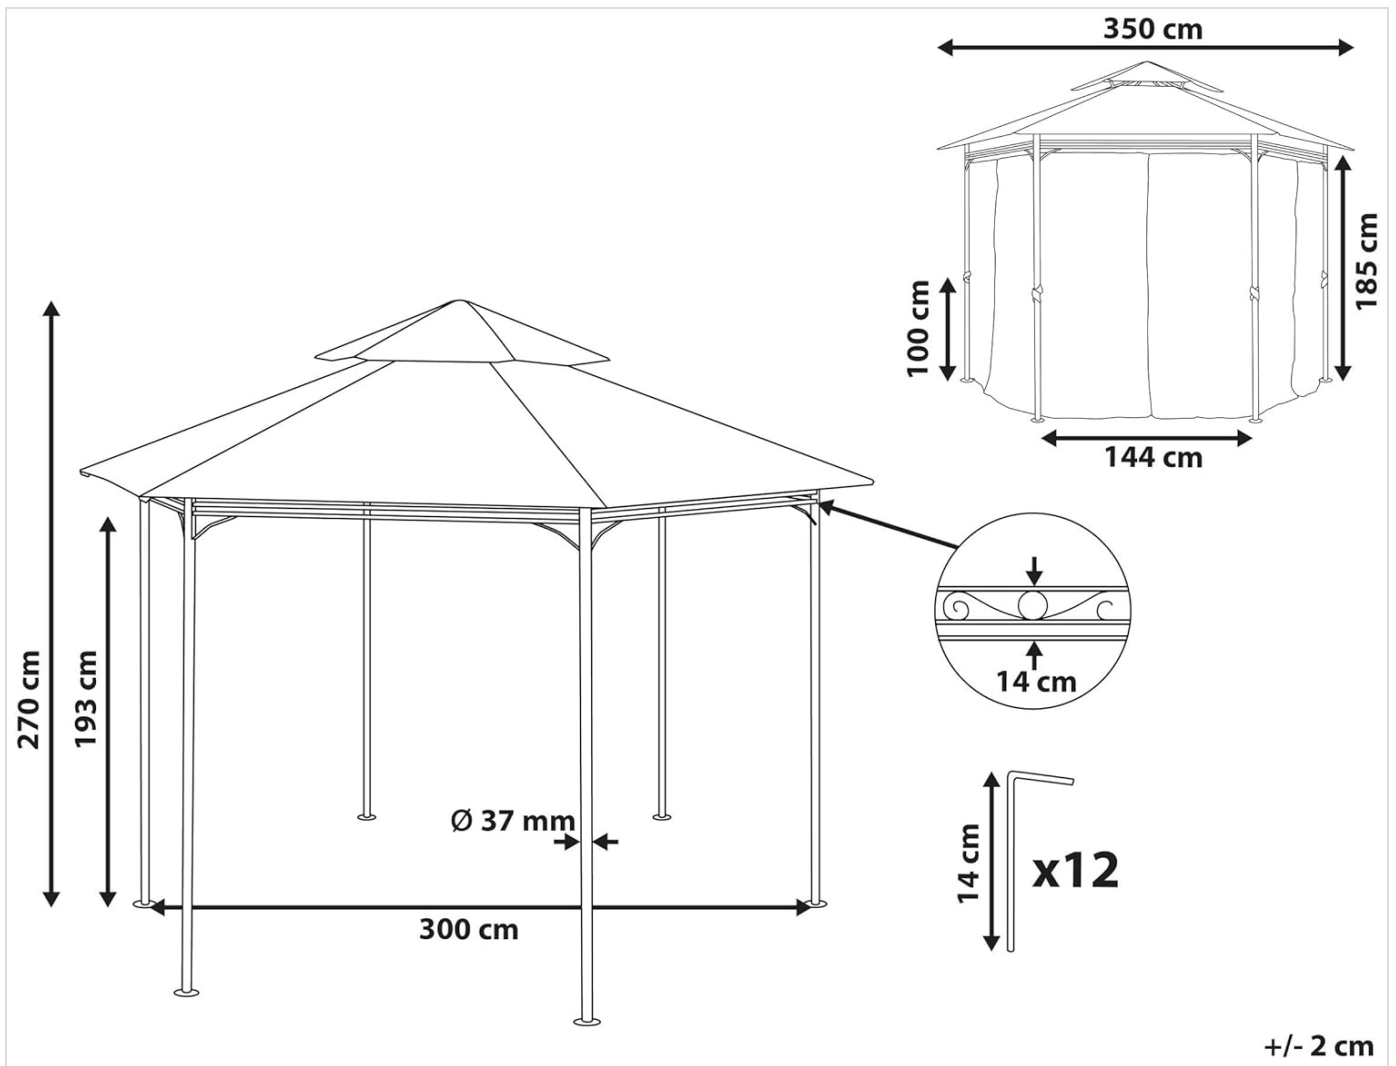

Image 4.1: Dimensional diagram of the gazebo, showing overall height (270 cm), side height (193 cm), and width (350 cm).

Image 4.2: View of the internal steel frame structure of the gazebo roof, illustrating connection points for assembly.

5. OPERATING INSTRUCTIONS (USAGE)

Your Beliani Hexagonal Gazebo is designed for outdoor use, providing shade and a comfortable space.

- **Curtains:** The six side curtains can be opened or closed using their integrated zippers. They can be tied back to the posts when open.
- **UV Protection:** The fabric provides UPF 30+ protection, blocking up to 96.7% of UV rays.
- **Ventilation:** The two-tiered roof design allows for improved airflow and stability.

Image 5.1: Detail of the curtain zipper, demonstrating the mechanism for opening and closing the side panels.

6. MAINTENANCE

Proper maintenance will extend the life and appearance of your gazebo.

- **Cleaning Fabric:** Clean the polyester fabric with a mild soap solution and water. Do not use harsh chemicals or abrasive cleaners. Rinse thoroughly and allow to air dry completely before storing.
- **Cleaning Frame:** Wipe the steel frame with a damp cloth. For stubborn dirt, use a mild detergent. Ensure the frame is dry to prevent rust.
- **Seasonal Storage:** For prolonged periods of non-use or during harsh weather conditions (winter), disassemble the fabric components and store them in a dry, protected area. Consider disassembling the entire frame if not needed for extended periods.
- **Regular Inspection:** Periodically check all bolts and connections to ensure they remain tight. Inspect fabric for tears or excessive wear.

7. TROUBLESHOOTING

If you encounter issues with your gazebo, refer to the following common solutions:

Problem	Possible Cause	Solution
Gazebo feels unstable.	Loose connections; inadequate anchoring.	Ensure all bolts are fully tightened. Verify the gazebo is securely anchored to the ground.
Water pooling on roof.	Incorrect fabric tension; heavy rain.	Ensure roof fabric is taut and correctly installed. Remove fabric during heavy rain.
Curtains do not close smoothly.	Zipper obstruction; fabric misalignment.	Check zippers for debris. Adjust curtain positioning on the frame.
Fabric fading.	Prolonged exposure to sun.	While UV-resistant, store fabric under cover when not in use to prolong color.

8. SPECIFICATIONS

Feature	Detail
Brand	Beliani
Model Number	221924
Shape	Hexagonal
Overall Dimensions (W x D x H)	350 cm x 350 cm x 270 cm
Side Height	193 cm
Weight	25 kg
Frame Material	Powder-coated Steel
Fabric Material	100% Polyester
Color	Beige
UV Protection	UPF 30+ (blocks up to 96.7% of UV rays)
Water Resistance	Water Resistant (Note: Not waterproof; remove fabric in heavy rain)
Assembly Time	120-180 minutes (2 people recommended)
Country of Origin	China

9. WARRANTY AND SUPPORT

For warranty information, please refer to the terms and conditions provided at the point of purchase or contact your retailer directly. Beliani stands behind the quality of its products.

If you require assistance with assembly, have questions about product features, or need to report missing/damaged parts, please contact Beliani customer support or your authorized retailer. Please have your model number (221924) and purchase details ready when contacting support.

Contact Information: Refer to your purchase documentation or the official Beliani website for the most current customer service contact details.
