Geniteen Aircraft Carrier Model

Geniteen Aircraft Carrier Model Building Blocks Set Instruction Manual

Model: Aircraft Carrier Model

Brand: Geniteen

1. INTRODUCTION

This instruction manual provides detailed guidance for assembling the Geniteen Aircraft Carrier Model Building Blocks Set. This set consists of approximately 1300 micro-sized building blocks designed to construct a detailed replica of an aircraft carrier. The assembly process is intended to enhance coordination, patience, and cognitive skills.

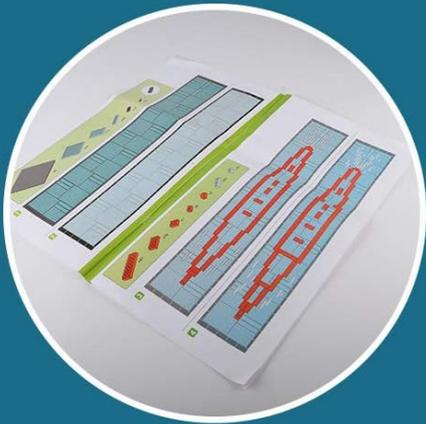

The completed model features a vivid design with a full flight deck, ship island, and removable fighter aircraft, making it suitable for display.

2. PACKAGE CONTENTS

- Approximately 1300 micro building blocks.
- Detailed instruction manual for assembly.
- All components required to build the Aircraft Carrier Model.

Note: The building blocks in this set are micro-sized, which are significantly smaller than standard building blocks. Please handle with care to avoid loss.

3. ASSEMBLY INSTRUCTIONS

Follow the included detailed instruction manual step-by-step. It is recommended to sort the pieces by color and shape before beginning assembly to facilitate the building process and reduce frustration.

The assembly process requires attention to detail due to the micro size of the blocks. Using tweezers may assist in placing smaller pieces accurately.

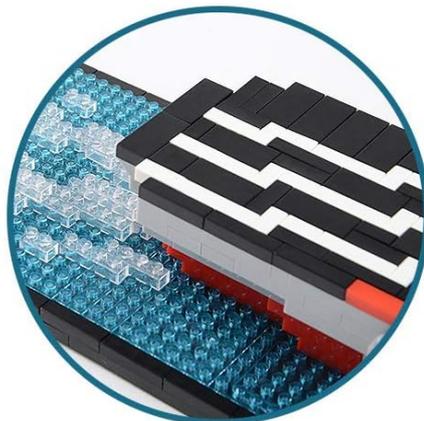

3.1 Key Features During Assembly

- **Vivid Spray and Deck:** The base simulates water spray, and the deck features detailed markings.
- **Removable Fighter Aircraft:** The set includes 10 removable fighter aircraft that can be placed on the flight deck.
- **Ship Island:** The central command structure is built with intricate details.

4. DISPLAY AND INTERACTION

Once assembled, the Geniteen Aircraft Carrier Model can be displayed on a desk, bookshelf, or shelf. The model's design includes a base that simulates water, enhancing its visual appeal.

The 10 removable fighter aircraft allow for minor adjustments to the display, enabling different deck configurations.

5. MAINTENANCE

To maintain the appearance of your model, gently wipe it with a dry, soft cloth to remove dust. Avoid using harsh chemicals or abrasive materials, as these may damage the plastic blocks.

Store the model in a stable location away from direct sunlight and extreme temperatures to prevent discoloration or deformation of the plastic.

6. TROUBLESHOOTING

- **Missing Pieces:** If you find any missing pieces in your set, please contact Geniteen customer support. Provide details of the missing components, and replacements will be arranged.
- **Difficulty in Assembly:** The micro blocks require precision. If you encounter difficulty, ensure you are following the instructions carefully. Sorting pieces beforehand can significantly help. Using fine-tipped tweezers can aid in placing

small or intricate parts.

- **Loose Connections:** While the blocks are designed for good compactness, some connections might feel less secure. For display models, a small amount of model glue can be used in non-critical areas if desired, but this is generally not required for structural integrity.
