## KIDWILL HB0022

# KIDWILL 36-Piece Wooden Toddler Tool Kit Instruction Manual

Model: HB0022

## 1. INTRODUCTION

---

This manual provides essential information for the safe and effective use of your KIDWILL 36-Piece Wooden Toddler Tool Kit. This educational toy set is designed to encourage imaginative play, develop fine motor skills, and introduce basic construction concepts for children aged 36 months to 6 years.

## 2. SAFETY GUIDELINES

---

- **Age Recommendation:** This product is suitable for children aged 36 months to 6 years. Adult supervision is recommended during play.
- **Material Safety:** The tools and components are made from premium solid wood with non-toxic, water-based paint.
- **Edge Safety:** All wooden pieces feature polished, non-sharp edges to protect small hands during play.
- **Small Parts:** The kit contains small parts (nuts, bolts). Ensure children do not place these in their mouths to prevent choking hazards.
- **Inspection:** Before each use, inspect all components for any damage or loose parts. Discontinue use if any part is broken or compromised.

# Extra Durable & Super Safe

Non-toxic  
water-based paint

Non-sharp  
edges

## 4. SETUP

---

1. **Unpacking:** Carefully remove all components from the packaging.
2. **Inspection:** Verify that all listed package contents are present and undamaged.
3. **Organization:** The wooden toolbox is designed for organized storage. Encourage children to place tools and pieces back into their designated compartments after play.

## 5. OPERATING INSTRUCTIONS

---

The KIDWILL Tool Kit allows children to engage in various construction activities and imaginative play. Here are general instructions for using the tools and building models:

### 5.1 Using the Tools

- **Hammer:** Use the hammer to gently tap wooden pegs or to simulate construction actions.
- **Wrench:** The wrenches are designed to tighten and loosen the wooden nuts and bolts.

- **Pliers:** Use the pliers to grip and manipulate smaller wooden pieces or to assist in tightening/loosening.
- **Saw:** The saw is for pretend cutting. It does not cut real wood.
- **Screwdriver:** Use the screwdrivers to turn the wooden bolts.
- **Ruler:** The ruler can be used for pretend measuring during construction.

## ALL KINDS OF CUTE WOODEN TOOLS

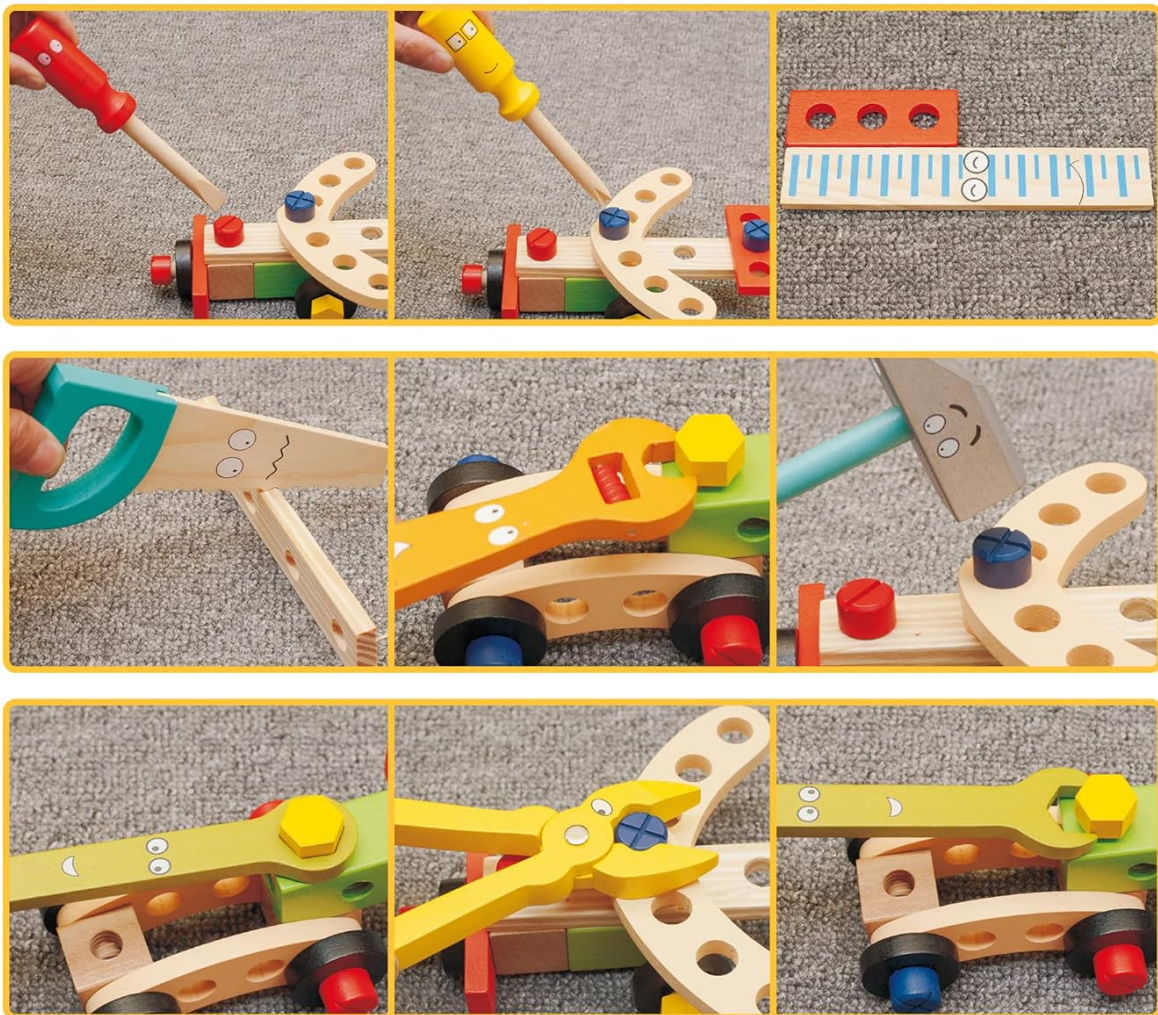

Image: A visual guide demonstrating how each wooden tool, including screwdrivers, saws, wrenches, hammers, and pliers, can be used with the construction pieces.

### 5.2 Building Models

Children can combine the various assembly pieces, building blocks, wheels, bolts, and nuts to create different structures and vehicles. Encourage experimentation and creative problem-solving.

- **Connecting Pieces:** Use the wooden bolts and nuts to connect the various perforated wooden pieces and blocks.
- **Adding Wheels:** Attach wheels to create movable vehicles like cars, trolleys, or tanks.
- **Creative Construction:** The kit supports building various models such as a racing car, helicopter, tank, and trolley. Refer to the included guide for inspiration or allow children to design their own creations.

# Assemble Different Fun Models

Image: Examples of various models, including a racing car, helicopter, tank, and trolley, that can be constructed using the components of the tool kit.

## 6. CARE AND MAINTENANCE

- **Cleaning:** Wipe the wooden pieces with a clean, damp cloth. Avoid soaking in water or using harsh cleaning agents, as this may damage the wood or paint.
- **Drying:** Allow all pieces to air dry completely before storing to prevent mold or warping.
- **Storage:** Store the tool kit in its original wooden box in a dry place away from direct sunlight and extreme temperatures.
- **Inspection:** Periodically check for any signs of wear and tear. If any wooden parts splinter or break, discontinue use to prevent injury.

# SAFE SIZE EXQUISITE CRAFTSMANSHIP

Premium Solid Wood

Water-Based Paint

Polished Edge

Image: Detailed views emphasizing the craftsmanship and material quality, including premium solid wood, water-based paint, and polished edges, contributing to the toy's durability and safety.

## 7. TROUBLESHOOTING

| Problem  | Possible Cause   | Solution  |
|--|--|---|
| Difficulty in assembling pieces (e.g., bolts not fitting nuts) | Misalignment of parts; slight variations in wood dimensions. | Ensure pieces are aligned correctly. Apply gentle pressure. If a specific bolt/nut combination consistently does not fit, try other combinations. |
| Wooden pieces feel loose after assembly                        | Nuts not tightened sufficiently.                             | Use the wooden wrench or pliers to tighten nuts firmly but gently.  |
| Toolbox latch not closing securely                             | Obstruction or misalignment of the latch mechanism.          | Check for any pieces obstructing the latch. Ensure the lid is properly aligned with the base before attempting to close.                          |

## 8. PRODUCT SPECIFICATIONS

---

- **Product Dimensions:** 11.93 x 2.68 x 8.86 inches
- **Item Weight:** 2.35 pounds
- **Model Number:** HB0022
- **Manufacturer Recommended Age:** 36 months - 6 years
- **Manufacturer:** KIDWILL
- **Material:** Premium Solid Wood, Water-Based Paint
