Remarkable 2 Digital Paper Tablet User Manual

Model: RM110

INTRODUCTION

The Remarkable 2 is a next-generation digital paper tablet designed to provide a distraction-free writing and reading experience. It combines the feel of paper with the power of digital tools, allowing you to take notes, read documents, and review PDFs with unparalleled focus. Its paper-like display, high responsiveness, long battery life, and thin design make it an ideal tool for professionals and students alike.

SETUP

Unboxing and Initial Charge

Upon opening the Remarkable 2 packaging, you will find the device itself, a USB-C charging cable, and a Quick Start Guide. Before first use, it is recommended to fully charge your Remarkable 2. Connect the provided USB-C cable to the device's charging port and plug the other end into a compatible USB power adapter (not included) or a computer's USB port. The charging indicator will illuminate.

Powering On/Off

- To **power on**, press and hold the power button located on the top edge of the device for a few seconds until the Remarkable logo appears.
- To **power off**, press and hold the power button until the power-off menu appears, then select "Power off". A short press will put the device to sleep.

Initial Configuration

Upon first power-on, the device will guide you through an initial setup process. This includes selecting your language, connecting to a Wi-Fi network, and creating or logging into your Remarkable account. A stable Wi-Fi connection is essential for software updates and cloud synchronization.

OPERATING INSTRUCTIONS

Basic Navigation and Interface

The Remarkable 2 features a responsive E-ink display that supports both touch and stylus input. Navigate through menus and documents by tapping, swiping, and pinching. The sidebar provides quick access to tools and settings.

Note-taking and Sketching

To create a new notebook, tap the 'Notebook' icon. You can choose from various templates and pen types (e.g., ballpoint, pencil, brush) and adjust their thickness. The device supports layers, undo/redo, and erasing. Your handwritten notes can be converted to typed text automatically.

Image: The Remarkable 2 displaying a detailed mind map for "Vision 2025", illustrating its note-taking capabilities.

Reading and Annotating Documents

Import PDF and EPUB files to your Remarkable 2 via the desktop app or cloud services. While reading, you can highlight, make notes, and draw directly on the documents using the stylus. The device allows for easy navigation within documents.

File Management and Cloud Sync

Organize your notebooks and documents into folders for easy access. The Remarkable 2 automatically synchronizes your content to the cloud when connected to Wi-Fi, making your notes accessible across your Remarkable devices and companion apps.

MAINTENANCE

Cleaning Your Device

To clean the screen and body of your Remarkable 2, use a soft, lint-free cloth. For stubborn smudges, slightly dampen the cloth with water. Avoid using harsh chemicals, abrasive materials, or excessive

moisture, as these can damage the device.

Battery Care

To maximize battery lifespan, avoid exposing the device to extreme temperatures. It is recommended to charge the device when the battery level is low, but it is not necessary to fully discharge it before recharging. Store the device with some charge if not used for extended periods.

Software Updates

Ensure your Remarkable 2 is connected to Wi-Fi to receive automatic software updates. Updates often include new features, performance improvements, and bug fixes. You can manually check for updates in the device settings.

Storage Management

The Remarkable 2 comes with 8 GB of internal storage. While this is ample for thousands of notes and documents, regularly review your stored content. You can delete old files or transfer them to your computer via the Remarkable desktop app to free up space.

TROUBLESHOOTING

- **Device Not Responding:** If your Remarkable 2 becomes unresponsive, perform a forced restart by holding the power button for approximately 10-15 seconds until the device powers off and then restarts.
- **Not Charging:** Ensure the USB-C cable is securely connected to both the device and the power source. Try a different USB-C cable or power adapter. Check the charging port for any debris.
- **Wi-Fi Connectivity Issues:** Verify that your Wi-Fi network is active and within range. Re-enter your Wi-Fi password in the device settings. Restart your Wi-Fi router if other devices are also experiencing connectivity problems.
- **Syncing Problems:** Confirm that your device is connected to Wi-Fi and logged into your Remarkable account. Check the cloud sync status in the device settings. Ensure you have sufficient cloud storage available.
- **Handwriting Recognition Issues:** Ensure your handwriting is clear and legible. The accuracy of text conversion can vary based on individual handwriting styles.
