Storkcraft Alpine 03662-401

Storkcraft Alpine 2 Drawer Changing Table Chest User Manual

Model: Alpine 03662-401

Brand: Storkcraft

Introduction

This manual provides essential instructions for the assembly, operation, and maintenance of your Storkcraft Alpine 2 Drawer Changing Table Chest. Please read all instructions carefully before assembly and use to ensure safe and proper functionality of the product. Retain this manual for future reference.

Safety Information

WARNING: Failure to follow these warnings and the assembly instructions could result in serious injury or death.

- Always use the anti-tip kit provided to secure the changing table chest to the wall. This is crucial to prevent furniture tip-over hazards, especially for children aged 5 and under.
- The changing table topper is designed to fit a standard-sized changing pad. Ensure the changing pad is securely placed within the topper. Changing pad sold separately.
- Never leave a child unattended on the changing table. Always keep one hand on your child while changing.
- Keep all assembly hardware out of reach of children.
- This product is tested to meet or exceed applicable CPSIA & ASTM International category safety standards, including ASTM F2057 for clothing storage units.

- The interlocking drawer system allows only one drawer to open at a time, mitigating tip-over risk. Do not attempt to force multiple drawers open simultaneously.
- Maximum weight recommendation for the changing surface is 30 pounds.

For detailed safety warnings and instructions, refer to the official installation manual PDF:Download Installation Manual (PDF).

What's in the Box

Upon opening the package, verify that all components are present and undamaged. The box should contain:

- All necessary furniture parts
- Required hardware for assembly
- Detailed assembly instructions

If any parts are missing or damaged, do not proceed with assembly. Contact Storkcraft customer support immediately.

Setup and Assembly

Assembly of the Storkcraft Alpine 2 Drawer Changing Table Chest is required. It is recommended to have two adults for assembly. Please follow the step-by-step instructions provided in the included assembly manual for a smooth process.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a soft, clean surface to prevent scratches.
2. **Identify Parts:** Refer to the parts list in the assembly manual to identify each component.
3. **Assemble Frame:** Follow the diagrams to assemble the main frame of the chest. Ensure all connections are secure.
4. **Install Drawer Tracks:** The unit features pre-installed Euroglide drawer tracks for easier assembly.
5. **Assemble Drawers:** Construct the two spacious drawers according to the instructions.
6. **Install Drawers:** Carefully slide the assembled drawers into their respective tracks. The interlocking system ensures only one drawer can be opened at a time.
7. **Attach Changing Topper:** Secure the changing table topper to the top of the chest. This topper is removable for transition beyond nursery years.
8. **Apply Anti-Tip Kit:** Crucially, attach the anti-tip kit to the back of the chest and secure it to a wall stud using the provided hardware. This step is essential for safety.

Operating Instructions

Using the Changing Topper

The changing topper is designed to securely hold a standard-sized changing pad (sold separately). Place the changing pad within the designated area of the topper. Always ensure the pad is centered and stable before placing your child on it. Remember to keep one hand on your child at all times during changing.

Using the Drawers and Shelves

The chest features two spacious drawers and two open storage shelves. The drawers operate on Euroglide tracks and include an interlocking system, allowing only one drawer to be opened at a time. This safety feature prevents the chest from becoming top-heavy and tipping over. Utilize the open shelves for frequently accessed items like diapers, wipes, and lotions, and the drawers for clothing or other nursery essentials.

Maintenance

To maintain the appearance and longevity of your Storkcraft Alpine 2 Drawer Changing Table Chest, follow these care instructions:

- **Cleaning:** Wipe the surfaces with a damp cloth. Avoid using abrasive cleaners or strong chemicals, as these can damage the finish.
- **Inspection:** Periodically check all hardware and connections to ensure they remain tight and secure. Tighten any loose screws as needed.
- **Environmental Conditions:** Avoid placing the furniture in direct sunlight or near heat sources, which can cause fading or warping.

Troubleshooting

This section addresses common issues you might encounter with your changing table chest.

- **Drawers not sliding smoothly:** Ensure the drawer tracks are clean and free of debris. Check that the drawers are correctly aligned on the tracks. If the issue persists, re-check the assembly of the drawer and the chest frame.
- **Chest feels unstable:** Verify that the anti-tip kit is properly installed and securely anchored to a wall stud. Ensure all assembly hardware is tightened. The chest should be placed on a flat, level surface.
- **Missing or damaged parts:** If you discover any missing or damaged parts during unpacking or assembly, do not proceed. Contact Storkcraft customer service for assistance and replacement parts.

Specifications

Feature	Detail
Brand	Storkcraft
Model Name	Alpine
Item Model Number	03662-401
Product Dimensions (D x W x H)	18.19"D x 34.88"W x 38.94"H
