## ROBUD WG201

# ROBUD Mini Wooden Play Tool Workbench Set WG201 Instruction Manual

Brand: ROBUD | Model: WG201

## 1. SAFETY INFORMATION

**WARNING: CHOKING HAZARD** – Small parts. Not for children under 3 years. Adult supervision is recommended during play, especially with smaller components.

Ensure all parts are securely fastened before allowing children to play. Regularly inspect the toy for any damage or loose parts to prevent potential hazards.

## 2. PRODUCT OVERVIEW

The ROBUD Mini Wooden Play Tool Workbench Set is a Montessori-inspired toy designed to engage toddlers aged 3 years and up in imaginative and educational play. Crafted from solid wood, this workbench features a sturdy and durable construction with smooth, rounded edges for safety.

It includes multiple simulation wooden tools and accessories designed to enhance authenticity and encourage creative play, helping children develop fine motor skills and learn about basic tools.

### What's in the Box:

- 1 x Toy Workbench Body
- Assorted Accessories (including wooden wrench, saw, hammer, screwdriver, screws, nuts, gears, ruler)

## 3. SETUP AND ASSEMBLY

The ROBUD Mini Wooden Play Tool Workbench is designed for easy assembly. The main workbench

structure typically comes pre-assembled or requires minimal setup. Individual tools and accessories are ready for immediate use.

## EASY ASSEMBLY IN JUST A FEW STEPS

Image: A visual representation of the workbench's simple structure, highlighting its easy assembly process with minimal parts.

### Assembly Steps:

1. Unpack all components from the packaging.
2. Place the main workbench body on a flat, stable surface.
3. Insert the wooden tools (hammer, screwdriver, wrench, ruler) into their designated slots on the back panel and upper shelf.
4. Arrange the screws, nuts, and gears on the workbench surface or in the lower storage compartment as desired.
5. Ensure all parts are stable and secure before play.

## 4. OPERATING INSTRUCTIONS

This workbench encourages imaginative role-playing and the development of fine motor skills. Children can engage in various activities simulating real-world tool use.

# INTERACTIVE DESKTOP

## FOR SIMULATING SCREWING AND HAMMERING

Image: A close-up of the workbench's interactive desktop, showing how screws and gears can be manipulated with the included tools.

### Key Activities:

- **Screwing and Unscrewing:** Use the wooden screwdriver and wrench to manipulate the various screws and nuts on the workbench surface and gears. This activity helps develop hand-eye coordination and dexterity.
- **Hammering:** Utilize the wooden hammer to tap the pegs or other components into place. The workbench is designed to withstand gentle hammering.
- **Gear Play:** The workbench includes colorful gears that can be interlocked and turned, demonstrating basic mechanical principles and cause-and-effect.
- **Measurement:** The included wooden ruler can be used to measure various components, introducing early concepts of numbers and dimensions.
- **Creative Construction:** Encourage children to use the different pieces to build and create their own structures, fostering problem-solving and imaginative thinking.

The bright colors of the tools and accessories are designed to be attractive to toddlers, stimulating visual engagement during play.

## 5. MAINTENANCE

To ensure the longevity and safety of your ROBUD Mini Wooden Play Tool Workbench Set, follow these maintenance guidelines:

- **Cleaning:** Wipe the wooden surfaces and accessories with a damp cloth and mild soap if necessary. Avoid harsh chemicals or abrasive cleaners.
- **Drying:** Ensure all wooden parts are thoroughly air-dried after cleaning to prevent warping or damage.
- **Storage:** Store the workbench and its accessories in a dry place away from direct sunlight or extreme temperatures. The lower shelf provides a convenient storage area for smaller pieces.
- **Inspection:** Periodically check all components for signs of wear, splintering, or damage. Replace any broken or severely worn parts to maintain safety.

## 6. TROUBLESHOOTING

Most issues with wooden play sets are minor and can be resolved with simple steps:

- **Loose Parts:** If any screws or pegs become loose, gently tighten them. If a part is consistently loose or damaged, discontinue use and consider replacement.
- **Missing Pieces:** In case of missing accessories, check all packaging thoroughly. Contact ROBUD customer support for assistance if parts are genuinely missing.
- **Wood Splintering:** While the product features rounded corners and smooth surfaces, minor splintering can occur with heavy use. If detected, carefully sand the affected area with fine-grit sandpaper until smooth.
- **Difficulty with Assembly:** Refer to the assembly instructions provided in Section 3. If issues persist, ensure all pieces are correctly oriented and aligned.

## 7. SPECIFICATIONS

# SPECIFICATION

**PRODUCT NAME:**  
**ROBUD**  
**Mini Workbench**

**MATERIAL:**  
**Wood**

**WEIGHT:**  
**2.23 pounds**  
**(1.19kg)**
