SETUP

1. Package Contents

- The G-Lab Keyz Tungsten Wireless Gaming Keyboard
- USB Nano Receiver (located in the battery compartment or a dedicated slot on the keyboard)
- USB Charging Cable
- User Manual (this document)

2. Initial Charging

Before first use, it is recommended to fully charge the keyboard. Connect the supplied USB charging cable to the keyboard's charging port and to a USB power source (e.g., computer USB port, USB wall adapter). A full charge takes approximately 3 hours.

3. Connecting the Keyboard

The Keyz Tungsten keyboard connects wirelessly via a 2.4 GHz USB nano receiver. No drivers are required for basic

functionality.

1. Locate the USB nano receiver. It is typically stored in a dedicated slot on the underside or side of the keyboard for safe transport.
2. Plug the USB nano receiver into an available USB port on your computer, PlayStation, or Xbox console.
3. Turn on the keyboard using the power switch (usually located on the top edge or underside). The keyboard should automatically connect to the receiver.
4. The keyboard operates effectively up to a maximum distance of 10 meters from the receiver.
