## Gdrasuya10 HG-ZJGJ-3117-RC

# Gdrasuya10 Heart Shape Crystal Ceiling Light Fixture Chandelier

Model: HG-ZJGJ-3117-RC

## INTRODUCTION

This manual provides detailed instructions for the safe installation, operation, and maintenance of your Gdrasuya10 Heart Shape Crystal Ceiling Light Fixture Chandelier. Please read this manual thoroughly before installation and retain it for future reference.

The Gdrasuya10 Heart Shape Crystal Ceiling Light is a modern LED lighting solution designed for indoor use, featuring a unique heart-shaped design with crystal embellishments. It operates at 110 Volts and consumes 24 watts, providing cool white light suitable for various rooms such as living rooms, bedrooms, and restaurants.

## SAFETY INFORMATION

**WARNING:** To reduce the risk of fire, electric shock, or personal injury, always follow these safety precautions:

- Ensure the power supply is disconnected before installation, cleaning, or maintenance.
- Installation should be performed by a qualified electrician or a person with adequate knowledge of electrical wiring.
- Do not install the fixture on a wet ceiling or in a location where it may be exposed to water.
- Handle crystal components with care to prevent breakage or injury.
- Do not modify the fixture in any way. Use only manufacturer-specified replacement parts.
- This fixture is designed for indoor use only.

## PACKAGE CONTENTS

Verify that all components are present and undamaged before beginning installation.

- 1x Gdrasuya10 Heart Shape Crystal Ceiling Light Fixture
- 1x User Manual (this document)
- Mounting hardware (screws, wire nuts, etc. - typically included)

## SPECIFICATIONS

Feature	Detail
Brand	Gdrasuya10
Model Name	Ceiling Light (HG-ZJGJ-3117-RC)
Color	White
Material	Metal, Acrylic, Crystal
Light Source Type	LED
Wattage	24 watts
Voltage	110 Volts
Product Dimensions	20.47"L x 15.75"W x 2.36"H (52cm L x 40cm W x 6cm H)
Mounting Type	Ceiling Mount
Indoor/Outdoor Usage	Indoor
Control Method	Push Button (typically wall switch)

## Setup and Installation

**Before you begin:** Ensure the power to the circuit breaker is turned off. Gather necessary tools (screwdriver, wire strippers, electrical tape, ladder).

- Turn off Power:** Locate the circuit breaker controlling the light fixture location and turn it off. Verify power is off using a voltage tester.
- Prepare Mounting Surface:** If replacing an existing fixture, carefully remove it. Ensure the junction box is securely mounted to the ceiling.
- Attach Mounting Bracket:** Secure the fixture's mounting bracket to the junction box using the provided screws.
- Wire Connections:** Connect the electrical wires according to standard wiring practices. Match the live (black) wire from the fixture to the live (black) wire from the ceiling, the neutral (white) wire from the fixture to the neutral (white) wire from the ceiling, and the ground (green or bare copper) wire to the ground wire. Use wire nuts to secure connections and electrical tape for added insulation.
- Mount the Fixture:** Carefully lift the light fixture and align it with the mounting bracket. Secure the fixture to the bracket using the provided screws or fasteners.
- Install Crystal Embellishments (if separate):** If crystals are provided separately, carefully attach them to the designated areas on the fixture as per the design.
- Restore Power:** Once the fixture is securely installed and all connections are checked, turn the power back on at the circuit breaker.

## OPERATING INSTRUCTIONS

---

The Gdrasuya10 Heart Shape Crystal Ceiling Light Fixture is designed for simple operation.

1. **Power On/Off:** Use the standard wall switch connected to the fixture's electrical circuit to turn the light on or off.
2. **Light Output:** The fixture provides a cool white light. There are no adjustable settings for brightness or color temperature on this model.

Figure 3: Fixture in Bedroom Setting. This image shows the ceiling light installed in a bedroom, demonstrating its appearance and light distribution in a typical residential environment.

## MAINTENANCE

---

Regular maintenance will help preserve the appearance and functionality of your ceiling light.

- **Cleaning:** Before cleaning, ensure the power is turned off at the circuit breaker. Use a soft, dry, or slightly damp cloth to wipe the metal and acrylic surfaces. Do not use abrasive cleaners, solvents, or polishes as they may damage the finish.
- **Crystal Care:** For crystal components, use a soft, lint-free cloth. A mild glass cleaner can be used sparingly if needed, applied to the cloth, not directly to the crystals.
- **Inspection:** Periodically check for any loose wiring or damage. If any issues are found, disconnect power and consult a qualified electrician.

## TROUBLESHOOTING

---

If you encounter issues with your ceiling light, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Light does not turn on.	No power to the fixture. Loose wire connection. Faulty wall switch.	Check circuit breaker and wall switch. Ensure all wire connections are secure. Test the wall switch if possible.
Light flickers.	Loose wire connection. Incompatible dimmer switch (if applicable, though this model is not specified as dimmable).	Check wire connections. Ensure the fixture is not connected to an incompatible dimmer switch.
Buzzing noise from fixture.	Loose wiring. Incompatible dimmer switch.	Turn off power and check all wiring connections. If a dimmer is used, ensure it is compatible with LED fixtures (though this model is not specified as dimmable).

If troubleshooting steps do not resolve the issue, consult a qualified electrician or contact customer support.

## WARRANTY AND SUPPORT

For warranty information or technical support, please refer to the retailer where the product was purchased or visit the official Gdrasuya10 website. Keep your purchase receipt as proof of purchase for any warranty claims.
