## LEDVANCE 40885

# SYLVANIA ECO LED A19 Light Bulb User Manual

Model: 40885 | Brand: LEDVANCE

## PRODUCT OVERVIEW

The SYLVANIA ECO LED A19 Light Bulb is an energy-efficient lighting solution designed to replace traditional 100-watt incandescent bulbs. Operating at 14.5 watts, these LED lamps provide 1450 lumens of soft white light (2700K color temperature) and are engineered for a long lifespan, reducing the need for frequent replacements. They are non-dimmable and suitable for various indoor and outdoor applications, excluding fully enclosed fixtures. These bulbs are mercury-free and do not emit harmful UV or IR radiation.

Image: The product packaging for the SYLVANIA ECO LED A19 Light Bulbs, showing a 6-pack, alongside a single bulb. The packaging highlights key features such as "Soft White," "100W Equivalent," "14.5W," "1450 Lumens," and "7 Year" lifespan.

## SETUP AND INSTALLATION

Installation of the SYLVANIA ECO LED A19 Light Bulb is straightforward and similar to that of standard incandescent bulbs. Always ensure power is turned off at the main switch before installation to prevent electrical shock.

1. **Power Off:** Locate the light fixture's power switch or the circuit breaker controlling the fixture and turn it off.
2. **Remove Old Bulb:** Carefully unscrew the existing light bulb from the fixture. Allow it to cool if it has been recently in use.
3. **Insert New Bulb:** Screw the SYLVANIA ECO LED A19 bulb into the E26 medium base socket. Turn clockwise until it is finger-tight. Do not overtighten.
4. **Restore Power:** Turn the power back on at the switch or circuit breaker.
5. **Verify Operation:** Confirm that the new LED bulb illuminates correctly.

***Important Note:*** These bulbs are non-dimmable. Do not use them with dimmer switches, as this may cause damage to the bulb or the dimmer. Not for use with fully enclosed fixtures.

## OPERATING INSTRUCTIONS

Once installed, the SYLVANIA ECO LED A19 Light Bulbs operate like any standard light bulb. Simply use the wall switch or fixture switch to turn the light on or off. These bulbs provide instant full brightness without any warm-up time.

- **Instant On:** The bulbs provide immediate full brightness upon activation.
- **Non-Dimmable:** These bulbs are designed for on/off operation only and are not compatible with dimmer switches.
- **Light Quality:** Experience consistent 2700K soft white light, ideal for creating a comfortable and inviting atmosphere

in living spaces.

## MAINTENANCE

SYLVANIA ECO LED A19 Light Bulbs require minimal maintenance due to their long lifespan and durable design. Follow these guidelines for optimal performance:

- **Cleaning:** Ensure the bulb is cool and the power is off before cleaning. Wipe the bulb with a soft, dry cloth. Do not use liquid cleaners or abrasive materials.
- **Replacement:** These bulbs have an average life of 7 years (7700 hours). Replace the bulb when its light output significantly diminishes or it ceases to function.
- **Storage:** If storing unused bulbs, keep them in their original packaging in a cool, dry place to protect them from damage.

## TROUBLESHOOTING

If you encounter issues with your SYLVANIA ECO LED A19 Light Bulb, consider the following common troubleshooting steps:

Problem	Possible Cause	Solution
Bulb does not light up.	<ul style="list-style-type: none"><li>No power to the fixture.</li><li>Bulb not screwed in properly.</li><li>Bulb has reached end of life.</li><li>Fixture malfunction.</li></ul>	<ul style="list-style-type: none"><li>Check power switch and circuit breaker.</li><li>Ensure bulb is securely screwed into the socket.</li><li>Replace the bulb with a new one.</li><li>Test with a known working bulb or consult an electrician.</li></ul>
Bulb flickers or blinks.	<ul style="list-style-type: none"><li>Used with a dimmer switch.</li><li>Loose connection.</li><li>Incompatible fixture (e.g., fully enclosed).</li></ul>	<ul style="list-style-type: none"><li>Remove from dimmer circuit; these bulbs are non-dimmable.</li><li>Tighten the bulb in the socket.</li><li>Ensure the fixture is not fully enclosed.</li></ul>
Light output is too low.	<ul style="list-style-type: none"><li>Incorrect bulb wattage for desired brightness.</li><li>Bulb nearing end of life.</li></ul>	<ul style="list-style-type: none"><li>Verify the bulb's lumen output (1450 lumens).</li><li>Replace the bulb.</li></ul>

SPECIFICATIONS

Feature	Detail
Brand	LEDVANCE (SYLVANIA)
Model Number	40885
