

## adidas FV4478

# adidas Women's Originals SL Andridge Casual Shoes User Manual

Model: FV4478

## INTRODUCTION

Welcome to the user manual for your new adidas Women's Originals SL Andridge Casual Shoes. These shoes are designed for comfort and style in everyday wear. This guide provides essential information on how to properly use, care for, and maintain your footwear to ensure its durability and your satisfaction.

## SETUP AND FIRST USE

Your adidas SL Andridge shoes are ready to wear right out of the box. Follow these steps for optimal comfort and fit:

1. **Unboxing:** Carefully remove the shoes from their packaging. Inspect them for any visible defects or damage.
2. **Lacing:** The shoes come pre-laced. Adjust the laces to achieve a snug yet comfortable fit. Ensure the tongue is centered and not bunched up.
3. **Initial Fit Check:** Wear both shoes and walk around on a clean, dry surface. Your toes should have a small amount of space (about a thumb's width) between the longest toe and the end of the shoe. The heel should feel secure without slipping excessively.
4. **Break-in Period:** While designed for immediate comfort, a short break-in period may be beneficial for some individuals. Wear the shoes for shorter durations initially to allow them to conform to your foot shape.

## WEARING GUIDELINES

These shoes are designed for casual wear and light activity. Adhering to these guidelines will help preserve their condition:

- **Intended Use:** Best suited for daily casual wear, walking, and light urban activities. They are not designed for rigorous athletic performance or heavy-duty work.
- **Surface Considerations:** The rubber sole provides good traction on most dry, paved surfaces. Exercise caution on wet, icy, or uneven terrain.
- **Rotation:** If possible, rotate your shoes with other footwear. This allows the materials to air out and recover, extending their lifespan.

## MAINTENANCE AND CARE

Proper care is crucial for maintaining the appearance and longevity of your adidas SL Andridge shoes:

- **Cleaning the Upper:**

- For light dirt, wipe the surface with a soft, damp cloth.
- For stubborn stains, use a mild soap solution (e.g., diluted dish soap) and a soft brush or cloth. Gently scrub the affected area.
- Avoid harsh chemicals or abrasive cleaners, as they can damage the material.

- **Cleaning the Sole:**

- Use a brush (an old toothbrush works well) and soapy water to clean the rubber sole and midsole.
- Rinse thoroughly with a damp cloth to remove soap residue.

- **Drying:**

- Always air dry your shoes at room temperature.
- Do not use direct heat sources like radiators, hairdryers, or direct sunlight, as this can cause materials to shrink, crack, or deform.
- You can stuff the shoes with newspaper or paper towels to absorb moisture and help maintain their shape during drying.

- **Storage:** Store your shoes in a cool, dry place away from direct sunlight and extreme temperatures.

## TROUBLESHOOTING

Here are some common issues and their potential solutions:

- **Squeaking Noise:**

- *Cause:* Often caused by friction between the insole and the shoe's interior, or moisture.
- *Solution:* Remove the insole and sprinkle a small amount of baby powder or cornstarch inside the shoe. Reinsert the insole. Ensure shoes are completely dry before wearing.

- **Unpleasant Odor:**

- *Cause:* Bacteria growth due to moisture and lack of ventilation.
- *Solution:* Allow shoes to air out thoroughly after each wear. Use shoe deodorizers or baking soda sprinkled inside overnight (remove before wearing). Consider wearing moisture-wicking socks.

- **Laces Constantly Untying:**

- *Cause:* Laces are too smooth or tied incorrectly.
- *Solution:* Ensure you are tying a double knot. You can also try different lacing techniques or replace the laces with ones that have more friction.

## SPECIFICATIONS

Feature	Detail
Brand	adidas
Model Name	Originals SL Andridge Casual Shoes
Model Number	FV4478
Sole Material	Rubber
Closure Type	Lace-Up
Intended User	Women
Color	Black/Black/White
