## 2. SAFETY INFORMATION

Please read and understand all safety instructions before assembling and using the product. Failure to follow these instructions may result in injury or damage to the product.

- Ensure all components are securely fastened before use. Periodically check and re-tighten all bolts.
- Do not exceed the weight capacity of the chairs or table.
- Place the furniture on a flat, stable surface to prevent tipping.
- Keep children under supervision when they are near or using the furniture.
- Avoid exposing the furniture to extreme weather conditions (heavy rain, strong winds, prolonged direct sunlight) to prolong its lifespan. Store indoors or cover during off-season.
- Handle the glass tabletop with care to prevent breakage.

## 3. PACKAGE CONTENTS

Verify that all items listed below are present in your package:

- Two (2) Single Seats
- One (1) Glass Rattan Table
- One (1) Tool Kit (for assembly)
- One (1) Installation and Usage Manual (this document)

## 4. SETUP AND ASSEMBLY

Assembly of the Greesum Patio Furniture Set is designed to be straightforward. A complete tool kit and instructions are included to assist you.

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Identify all parts for the chairs and table. Each part may be labeled (e.g., A, B, C).
3. Begin assembling the chairs first. Insert all bolts loosely into their respective holes.**Important: Do not fully tighten any screws until all of them are started and the chair frame is aligned.** This allows for necessary adjustments and ensures proper alignment, especially for parts with slotted holes.
4. Once all bolts are in place for a chair, gradually tighten them using the provided Allen wrench. Tighten in a crisscross pattern to ensure even pressure.
5. Repeat the process for the second chair.
6. Assemble the glass rattan table. Similar to the chairs, insert all bolts loosely before fully tightening.
7. Place the tempered glass top onto the table frame. The table features a sucker design to help secure the glass and prevent sliding.
8. Finally, place the soft cushions onto the seats.

## 6. CARE AND MAINTENANCE

Proper care will ensure the longevity and appearance of your Greesum patio furniture set:

- **Cleaning:** Wipe the rattan and glass surfaces with a dry cloth. For more stubborn dirt, use a damp cloth with mild soap and water, then dry thoroughly. Avoid harsh chemicals or abrasive cleaners.
- **Cushion Care:** The cushions are designed for outdoor use. To clean, gently spot clean with mild soap and water. Allow to air dry completely. For deeper cleaning, the cushion covers are removable via zipper, allowing for easier washing.
- **Weather Protection:** Although the rattan is treated for anti-rust and anti-corrosion, prolonged exposure to extreme weather can affect its lifespan. Consider using outdoor furniture covers during heavy rain, snow, or intense sun, and store cushions indoors when not in use or during

off-season.

- **Storage:** During winter months or extended periods of non-use, store the furniture in a dry, sheltered area to protect it from the elements.

## 7. TROUBLESHOOTING

Here are solutions to common issues you might encounter:

Problem	Possible Cause	Solution
Difficulty aligning screw holes during assembly.	Screws were tightened too early, or parts are slightly misaligned.	Ensure all screws are only loosely inserted before attempting to fully tighten any. Wiggle components gently to help align holes. If a specific piece seems problematic, try swapping it with a similar piece from another chair if applicable, or slightly loosen all other screws on that component.
Glass tabletop slides or is not secure.	Suction cups not properly adhered or worn.	Ensure both the glass and the suction cups are clean and dry before placing the glass. Press down firmly on the glass over each suction cup to create a seal. If suction cups are damaged, contact customer support for replacements.
Cushions appear thin or misshapen.	Compression from packaging or prolonged use.	Allow cushions to decompress for 24-48 hours after unpacking. Gently fluff and reshape them. Over time, cushions may naturally compress; consider adding additional padding if desired.
