Proper care will help maintain the quality and appearance of your comforter set. Please follow these instructions:

- **Comforter Cover:** The comforter cover is **dry clean only**.

- **Decorative Pillows:** Spot clean or dry clean as needed.
- **Wrinkles:** As the comforter cover is 100% cotton, it may wrinkle. Steam iron as needed to smooth out wrinkles.

6. TROUBLESHOOTING

Issue	Possible Cause	Solution
Excessive Linting	The clipped jacquard design naturally produces some loose fibers, especially during initial use and washing.	Regularly vacuum or use a lint roller on the comforter. After washing, ensure the lint trap in your dryer is cleaned thoroughly. This shedding typically reduces over time.
Comforter appears wrinkled	Being 100% cotton, the fabric is prone to wrinkling, especially after unpacking or washing.	Use a steam iron on a cotton setting to smooth out wrinkles. For best results, iron while slightly damp or use a spray bottle with water.
Duvet insert shifts inside cover	The insert may not be properly secured to the inner ties.	Ensure all inner ties are securely fastened to the loops on the duvet insert. The hidden button closure should also be fully engaged.
