

SANWA GSKBBT066

SANWA Multi Device Bluetooth Keyboard with Touchpad Model GSKBBT066 User Manual

Your guide to setting up and using your SANWA Bluetooth Keyboard with Touchpad.

INTRODUCTION

The SANWA Multi Device Bluetooth Keyboard with Touchpad (Model GSKBBT066) is designed for versatile use across various operating systems and devices. This compact, rechargeable keyboard features a built-in touchpad, multi-device switching capabilities, and convenient shortcut keys, enhancing productivity and entertainment experiences.

SETUP

1. Charging the Keyboard

Before initial use, fully charge the keyboard. Connect the provided USB charging cable to the keyboard's charging port and a USB power source. A full charge typically takes approximately 2 hours and provides up to 30 hours of constant use.

Convenient Shortcuts Keys

Enjoy the keyboard with function keys&Touchpad

 F1	Brightness Down	 F6	Switch Applications	 F11	Play/Pause
 F2	Brightness Up	 F7	Mute	 F12	Next Song
 F3	Search Function	 F8	Volume -		Virtual Keyboard
 F4	Task View	 F9	Volume +		Input Language Switch
 F5	Switch to Desktop	 F10	Previous Song		Open Browser

2. Pairing with Devices

The keyboard supports connection to up to three Bluetooth devices simultaneously. Use the dedicated pairing buttons to switch between connected devices.

1. Ensure the keyboard is charged and powered on.
2. Press the **Fn** key and one of the device selection keys (**1**, **2**, or **3**) simultaneously to select a channel. The corresponding LED will blink.
3. Press the **Tab** key labeled 'Pairing' to enter pairing mode. The selected channel's LED will blink rapidly.
4. On your device (laptop, tablet, smartphone), enable Bluetooth and search for available devices.
5. Select 'SANWA GSKBBT066' from the list of found devices.
6. Follow any on-screen prompts to complete the pairing process.
7. To switch between paired devices, simply press **Fn + 1**, **Fn + 2**, or **Fn + 3**.

CHARGING AND BATTERY INFORMATION

The keyboard is equipped with a built-in rechargeable Lithium Polymer battery. To ensure optimal performance and longevity, adhere to the following guidelines:

- **Charging Time:** Approximately 2 hours for a full charge.
- **Work Time:** Up to 30 constant hours on a full charge.
- **Power-Saving:** The keyboard features an auto-sleep function after a period of inactivity to conserve battery.

Press any key to wake it up.

- **Charging Indicator:** Refer to the keyboard's LED indicators for charging status.

CARE AND MAINTENANCE

To maintain the performance and appearance of your SANWA keyboard, follow these simple care instructions:

- **Cleaning:** Use a soft, dry, lint-free cloth to clean the keyboard and touchpad. For stubborn dirt, slightly dampen the cloth with water or a mild cleaning solution. Avoid harsh chemicals or abrasive materials.
- **Storage:** Store the keyboard in a cool, dry place away from direct sunlight and extreme temperatures.
- **Avoid Liquids:** Do not expose the keyboard to liquids. In case of accidental spills, power off the keyboard immediately and allow it to dry completely before reuse.
- **Handle with Care:** Avoid dropping the keyboard or subjecting it to strong impacts.

TROUBLESHOOTING

If you encounter issues with your SANWA Bluetooth Keyboard, refer to the following common problems and solutions:

Common Troubleshooting Steps

Problem	Solution
Keyboard does not connect or pair.	Ensure the keyboard is charged and powered on. Verify Bluetooth is enabled on your device. Re-enter pairing mode on the keyboard and try pairing again. Ensure no other devices are interfering with the Bluetooth signal.
Typing is unresponsive or delayed.	Check battery level and charge if necessary. Ensure the keyboard is within the effective Bluetooth range (up to 32.8ft). Reconnect the Bluetooth connection.
Touchpad is not working correctly.	Ensure your device's operating system fully supports touchpad gestures. Some macOS versions may have limited gesture compatibility. Clean the touchpad surface. Restart the keyboard and device.
Keyboard frequently disconnects or goes to sleep.	The keyboard has an auto-sleep function to save power. Press any key to wake it up. Ensure the keyboard is not too far from the connected device. Some users report that the sleep function cannot be disabled, which is a design characteristic.
Two-finger scrolling is jumpy or unpredictable.	This can be a known characteristic for some users, especially with certain iPadOS versions. Consider using the arrow keys for navigation if scrolling is inconsistent.

PRODUCT SPECIFICATIONS

Feature	Detail
Brand	SANWA
Model Number	GSKBBT066
Connectivity Technology	Bluetooth
Keyboard Description	Multi Functional
Special Feature	Touchpad, shortcuts, ultra-thin
Color	Black
Product Dimensions	14.72"L x 5.08"W x 0.69"H (37.39 x 12.90 x 1.75 cm)
