DUDAO U5PLUS

DUDAO U5Plus Wireless Bluetooth Earphones Instruction Manual

Introduction

Thank you for choosing the DUDAO U5Plus Wireless Bluetooth Earphones. This manual provides essential information for the proper setup, operation, maintenance, and troubleshooting of your device. Please read it carefully before use to ensure optimal performance and longevity of your earphones.

Product Overview

The DUDAO U5Plus earphones are designed for wireless audio with a comfortable neckband style. They feature Bluetooth connectivity, a built-in microphone, and support for TF memory cards for MP3 playback.

Key Features:

- **Wireless Bluetooth Connectivity:** Seamless connection to compatible devices.
- **Integrated Microphone:** For hands-free calling.
- **TF Memory Card Support:** Play MP3 audio directly from a memory card.
- **Magnetic Earbuds:** Earbuds attach magnetically when not in use for secure storage around the neck.
- **Long Battery Life:** Up to 8 hours of audio playback.
- **Ergonomic Design:** Comfortable for extended wear.
- **Water Resistant:** Provides protection against sweat and light splashes.

What's in the Box:

- 1 x DUDAO U5Plus Bluetooth Earphones (Neckband)
- 1 x Charging Cable

Setup

1. Charging the Earphones:

Before first use, fully charge the earphones. Connect the provided charging cable to the charging port on the neckband and to a USB power source. The indicator light will show charging status and turn off or change color when fully charged.
Caution: Do not charge the earphones if they are wet. Permanent hearing loss may result from long-term exposure to sound at high volumes. Use as low a volume as possible and avoid prolonged use of the headsets at excessive sound pressure levels.

2. Powering On/Off:

- **To Power On:** Press and hold the multi-function button until the indicator light flashes.
- **To Power Off:** Press and hold the multi-function button until the indicator light turns off.

3. Bluetooth Pairing:

1. Ensure the earphones are powered off.
2. Press and hold the multi-function button for approximately 5-7 seconds until the indicator light flashes red and blue alternately, indicating pairing mode.
3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
4. Select "DUDAO U5Plus" from the list of found devices.
5. Once paired, the indicator light will flash blue slowly, and you will hear a confirmation tone.

4. TF Memory Card Insertion:

Locate the TF card slot on the neckband. Gently insert a TF memory card (with MP3 audio files) into the slot until it clicks into place. The earphones will automatically switch to MP3 playback mode if a card is detected.

Operating Instructions

Music Playback:

- **Play/Pause:** Press the multi-function button once.
- **Next Track:** Press and hold the "+" (Volume Up) button.
- **Previous Track:** Press and hold the "-" (Volume Down) button.
- **Volume Up:** Short press the "+" button.
- **Volume Down:** Short press the "-" button.

Call Management:

- **Answer/End Call:** Press the multi-function button once.
- **Reject Call:** Press and hold the multi-function button for 2 seconds.
- **Redial Last Number:** Double-press the multi-function button.

Voice Assistant:

- **Activate Voice Assistant:** Triple-press the multi-function button (if supported by your device).

Mode Switching (Bluetooth / TF Card):

The earphones will automatically prioritize TF card playback if a card is inserted. To switch between Bluetooth and TF card mode, if applicable, refer to the intelligent voice prompts or consult the device's specific control sequence (often a long press on a specific button, not explicitly detailed in provided data).

Image: Magnetic design allows earbuds to attach when not in use, preventing tangles and securing them around your neck.

Image: The control panel on the neckband allows for easy management of music playback and calls.

Maintenance

Cleaning:

Wipe the earphones with a soft, dry cloth. Do not use abrasive cleaners or immerse the device in water. Ensure the charging port is free of dust and debris.

Storage:

Store the earphones in a cool, dry place away from direct sunlight and extreme temperatures. When not in use, the magnetic earbuds can be attached to prevent tangling.

Image: The ergonomic design ensures a comfortable and secure fit for various activities.

Troubleshooting

- **No Power:** Ensure the earphones are fully charged. Connect to a power source and check the charging indicator.
- **Cannot Pair:** Ensure the earphones are in pairing mode (flashing red and blue). Turn off Bluetooth on your device and turn it back on. Try pairing again. Ensure no other Bluetooth devices are connected to the earphones.
- **No Sound:** Check the volume level on both the earphones and your connected device. Ensure the earphones are properly paired. If using a TF card, ensure it is inserted correctly and contains valid MP3 files.
- **Poor Call Quality:** Ensure the microphone is not obstructed. Move closer to your connected device to improve signal strength.
- **Short Battery Life:** Ensure the earphones are fully charged before use. Battery life can vary based on volume level and usage.
- **Buttons Not Responding:** Try restarting the earphones by powering them off and then on again.
