Mackie 2046097-00

Mackie 2046097-00 12V Power Supply User Manual

Model: 2046097-00

1. Introduction

This manual provides essential information for the safe and efficient use of your Mackie 2046097-00 12V Power Supply. This power supply is specifically designed to provide reliable power to compatible Mackie ProFXv2 series mixers. Please read this manual thoroughly before connecting or operating the device.

Safety Information

- Ensure the power supply is connected to a grounded outlet.
- Do not expose the power supply to water or excessive moisture.
- Avoid placing heavy objects on the power cord.
- Do not attempt to open or service the power supply yourself. Refer all servicing to qualified personnel.
- Use only with Mackie ProFXv2 series mixers as specified. Using with incompatible devices may cause damage.

2. Setup

Follow these steps to properly set up your Mackie 2046097-00 12V Power Supply:

1. **Unpack the Power Supply:** Carefully remove the power supply from its packaging. Inspect it for any signs of damage.
2. **Connect to Mixer:** Locate the DC power input jack on your Mackie ProFXv2 series mixer. Insert the barrel connector of the power supply firmly into this jack.
3. **Connect to Power Outlet:** Plug the AC end of the power supply into a standard electrical wall outlet (100-240V AC, 50/60Hz).
4. **Verify Connection:** Ensure all connections are secure before powering on your mixer.

3. Operating Instructions

The Mackie 2046097-00 12V Power Supply is designed for straightforward operation:

- Once properly connected to both the mixer and a power outlet, the power supply will deliver the necessary 12V DC power to your Mackie ProFXv2 mixer.
- There are no user-adjustable settings on the power supply itself. Its function is automatic upon connection.
- Always power off your mixer before disconnecting the power supply.

4. Maintenance

Proper care ensures the longevity of your power supply:

- **Cleaning:** Disconnect the power supply from the wall outlet and the mixer before cleaning. Use a soft, dry cloth to wipe the

exterior. Do not use liquid cleaners or solvents.

- **Storage:** When not in use for extended periods, store the power supply in a cool, dry place, away from direct sunlight and extreme temperatures. Coil the cable loosely to prevent damage.
- **Inspection:** Periodically inspect the power cord and connector for any signs of wear, cuts, or damage. If damage is found, discontinue use and replace the power supply.

5. Troubleshooting

If you encounter issues with your power supply, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No power to mixer	Power supply not plugged in; faulty outlet; loose connection; damaged power supply.	◦ Ensure power supply is securely plugged into both the mixer and a working wall outlet. ◦ Test the outlet with another device. ◦ Check for any visible damage to the power supply or cable. If damaged, replace.
Intermittent power	Loose connection; damaged cable.	◦ Verify all connections are tight. ◦ Inspect the cable for kinks or breaks. Replace if damaged.

If troubleshooting steps do not resolve the issue, please contact Mackie customer support.

6. Specifications

Feature	Detail
Model Number	2046097-00
Input Voltage	100-240V AC, 50/60Hz (Standard Wall Outlet)
Output Voltage	12 Volts DC
Output Amperage	2000 Milliamps (2A)
Connector Type	Barrel Connector
Color	Black
Item Weight	2 pounds (approx.)
Package Dimensions	6.3 x 3.2 x 1.6 inches (approx.)

7. Warranty and Support
