

Matchbox GVY83

Matchbox Action Drivers Helicopter Rescue Playset Instruction Manual

Model: GVY83

INTRODUCTION

The Matchbox Action Drivers Helicopter Rescue Playset offers an engaging and realistic play experience in a medevac hospital setting. Designed for interactive play, this playset features car-activated elements, a functional helipad, and connecting points to expand your Matchbox or Hot Wheels City world. This manual provides essential information for setup, operation, and care to ensure optimal enjoyment and longevity of your playset.

WHAT'S INCLUDED

- Matchbox Helicopter Rescue Playset Base
- 1:64 Scale Ambulance Vehicle
- Plastic Helicopter with Free-Spinning Propeller and Car-Carrier
- Assembly Components (Ramps, Signs, Barriers)

SETUP

Adult assembly is required. Follow the visual instructions provided in the packaging for detailed step-by-step guidance. Ensure all pieces are securely connected to form the hospital structure and road segments. The playset features easy connectors at each corner, allowing it to link with other Matchbox sets or Hot Wheels City tracks (sold separately) for expanded play scenarios.

OPERATING THE PLAYSET

Engage in realistic rescue adventures with the following interactive features:

1. Emergency Gate Activation

Push the included 1:64 scale ambulance or other compatible vehicles forward towards the emergency entrance. The gate will automatically open, allowing the vehicle to enter the hospital. The gate closes automatically once the vehicle passes through.

Gate lifts as car approaches!

Image: A red ambulance approaches the emergency gate, which lifts to allow entry into the hospital playset.

2. Helipad and Vehicle Transport

The playset includes a plastic helicopter with a free-spinning propeller and a car-carrier feature. Retrieve the helicopter from the helipad and use its carrier to transport other vehicles (sold separately) in distress. Return the helicopter to the helipad, where the carried car can travel through a trap door for medical attention within the hospital.

Image: A red helicopter is shown with a car-carrier, demonstrating its ability to transport vehicles.

3. Hospital Exit and Ramps

After receiving care, vehicles can exit the hospital through a designated garage area. A ramp leads from the parking area on the second floor of the hospital to the ground level, facilitating continuous play and connection to other track sets.

Cars exit through the garage after their check-ups!

Image: A red ambulance exits the hospital playset via a ramp from the garage.

4. Connecting to Other Sets

The playset is designed with easy connectors at each corner, allowing seamless integration with other Matchbox Action Drivers sets or Hot Wheels City tracks (sold separately). This expands the play possibilities and encourages creative city building.

CARE AND MAINTENANCE

- **Cleaning:** Wipe the playset and vehicles with a damp cloth. Do not immerse in water.
- **Storage:** Store the playset in a dry, cool place away from direct sunlight to prevent material degradation.
- **Inspection:** Regularly check for any loose or damaged parts. Discontinue use if any components are broken.

TROUBLESHOOTING

- **Stuck Mechanisms:** If a gate or ramp mechanism becomes stiff, ensure no small debris is obstructing its movement. Gently clear any blockages.
- **Connection Issues:** If playset sections do not connect smoothly, verify that the connectors are aligned correctly and free from obstruction.

SPECIFICATIONS

Feature	Detail
Product Dimensions	17.32 x 7.06 x 5.51 inches
Item Weight	1.1 pounds
Item Model Number	GVY83
Manufacturer Recommended Age	3 years and up
Manufacturer	Mattel
