Maxax 19078-4

Maxax Modern Square Chandelier Instruction Manual

Model: 19078-4 | Brand: Maxax

INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your Maxax Modern Square Chandelier. Please read all instructions carefully before beginning installation to ensure safe and proper use of the product. The Maxax Modern Square Chandelier features an eye-catching open square frame with 4 candle-shaped bulb bases, designed to create a charming contrast effect suitable for various rooms including kitchens, dining rooms, bedrooms, and living rooms.

PRODUCT FEATURES

- **Modern Style:** Features an antique black finish with an open square frame and 4 candle-shaped bulb bases.
- **Adjustable Height:** Includes an adjustable 39.4-inch chain, allowing suspension from sloped or flat ceilings.
- **Bulb Compatibility:** Requires 4 E26 light bulbs (40-60W, bulbs not included). Compatible with incandescent, LED, or CFL light bulbs.
- **Versatile Design:** Suitable for dining rooms, living rooms, kitchens, foyers, and hallways.
- **Dimmable Functionality:** Can be used with dimmable bulbs and a dimmer switch (not included).

WHAT'S IN THE BOX

The package includes the following components:

- Maxax Modern Square Chandelier Fixture
- Mounting Hardware
- Adjustable Chain
- Canopy

SAFETY INFORMATION

Always ensure the power supply is disconnected before installation, maintenance, or bulb replacement. Installation should be performed by a qualified electrician if you are unsure. Do not exceed the maximum wattage specified for the bulbs. This fixture is designed for indoor use only.

- Turn off power at the circuit breaker before installation.
- Use only E26 base bulbs with a maximum of 60 watts.
- Ensure all connections are secure and properly insulated.
- Do not modify the fixture in any way.
- Keep away from water and moisture.

SETUP AND INSTALLATION

The Maxax Modern Square Chandelier is designed for flush mount installation and comes with all necessary mounting hardware. The adjustable chain allows for customization of hanging height to suit your space.

Installation Steps:

1. **Prepare for Installation:** Turn off the power at the main circuit breaker. Clear the work area and gather necessary tools (screwdriver, wire strippers, ladder).
2. **Mount the Crossbar:** Attach the mounting crossbar to the junction box in your ceiling using the provided screws.
3. **Adjust the Chain:** Determine the desired hanging height for your chandelier. Adjust the chain length by removing links as needed.
4. **Wire the Fixture:** Connect the fixture's wires to the corresponding house wires (black to black, white to white, ground to ground) using wire nuts. Ensure all connections are secure.
5. **Secure the Canopy:** Tuck the wires into the junction box and secure the canopy to the mounting crossbar.
6. **Install Bulbs:** Screw in four E26 base bulbs (not included) into the lamp holders.
7. **Restore Power:** Turn the power back on at the circuit breaker and test the chandelier.

OPERATING INSTRUCTIONS

Once installed, operate the chandelier using your standard wall switch. For dimmable functionality, ensure you use dimmable E26 bulbs and have a compatible dimmer switch installed (sold separately).

MAINTENANCE

To maintain the appearance and longevity of your chandelier, follow these simple maintenance guidelines:

- **Cleaning:** Dust regularly with a soft, dry cloth. For more thorough cleaning, wipe with a damp cloth using mild soap and water, then dry immediately. Avoid abrasive cleaners or solvents.
- **Bulb Replacement:** Always turn off the power before replacing bulbs. Allow bulbs to cool completely before handling.
- **Inspection:** Periodically check all connections and mounting hardware to ensure they remain secure.

TROUBLESHOOTING

If you encounter any issues with your Maxax Modern Square Chandelier, please refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
Light does not turn on	No power, loose wiring, faulty bulb, tripped circuit breaker.	Check power supply, ensure wires are securely connected, replace bulb, reset circuit breaker.
Flickering lights	Loose bulb, incompatible dimmer switch, faulty wiring.	Tighten bulbs, ensure dimmer switch is compatible with LED/CFL bulbs if used, check wiring connections.
Chandelier is crooked	Improper mounting, uneven ceiling.	Re-adjust mounting hardware, ensure canopy is flush with the ceiling.
