

Snuz FN014C

SnuzPod 4 Rocking Baby Bassinet Bedside Sleeper

Model: FN014C | Brand: Snuz

INTRODUCTION

The SnuzPod 4 is a versatile bedside bassinet designed to keep your baby close and secure during the night. Its innovative features promote comfort and convenience for both baby and parent. This manual provides essential information for the safe and proper assembly, operation, and maintenance of your SnuzPod 4.

IMPORTANT SAFETY INFORMATION

Please read all instructions before assembly and use of the SnuzPod 4. Failure to follow these warnings and instructions could result in serious injury or death. Keep this manual for future reference.

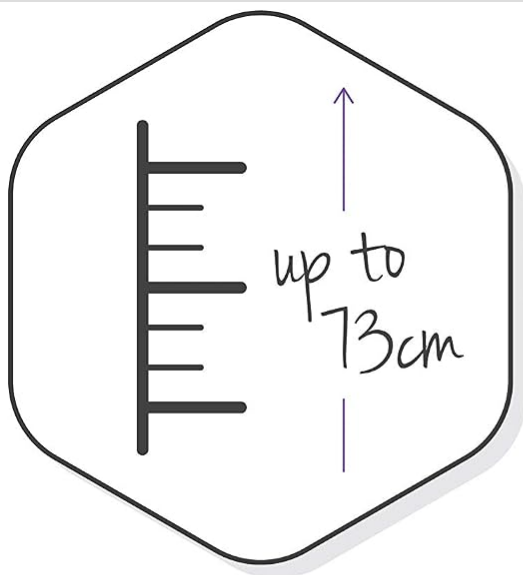

- Always ensure the bassinet is placed on a firm, horizontal level floor.
- Do not use the bassinet if any parts are missing, damaged, or broken. Contact Snuz for replacement parts.
- The bassinet is intended for infants who cannot push up on hands and knees, pull themselves up, or sit unassisted. Discontinue use when your infant reaches these milestones or exceeds the maximum weight limit.
- Never use a mattress other than the one provided by the manufacturer.
- Ensure all assembly fasteners are securely tightened before use. Periodically check for loose fasteners.
- Keep all cords, strings, and small items away from the bassinet to prevent entanglement or choking hazards.
- When used in bedside sleeper mode, ensure there is no gap between the bassinet and the adult mattress.

SETUP

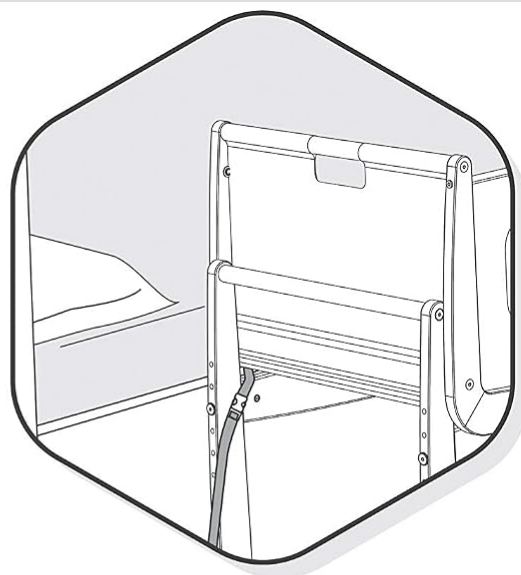

Assembly of the SnuzPod 4 is required. Follow the step-by-step instructions provided in the packaging. The design allows for straightforward setup, ensuring you can quickly prepare for your baby's arrival.

Key Setup Features:

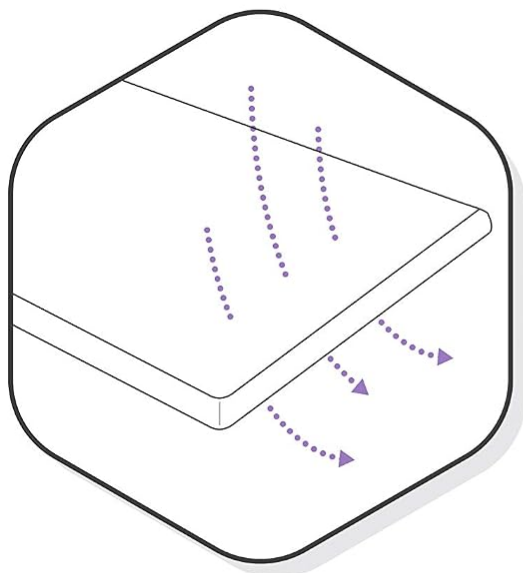

- **Adjustable Height Settings:** The bassinet offers 7 height settings to align with a wide range of adult beds. The top surface of the adult mattress should be between 21 inches and 29 inches from the floor for optimal bedside use.
- **Bedside Attachment:** Straps are included to securely attach the bassinet to your bed, ensuring stability and safety when used as a bedside sleeper.
- **Comfort Incline Mode:** The bassinet can be set to an incline to help alleviate reflux symptoms for your baby.

OPERATING

The SnuzPod 4 is designed for ease of use, allowing you to keep your baby close and comfortable.

Bedside Sleeper Mode:

To use as a bedside sleeper, lower the zip-down wall. This allows for easy access to your baby for feeding and comforting without leaving your bed. Ensure the bassinet is securely attached to your bed using the provided straps and that there are no gaps.

Figure 2: The SnuzPod 4 positioned as a bedside sleeper, allowing close interaction between parent and baby.

Freestanding Bassinet Mode:

When not attached to the bed, the SnuzPod 4 functions as a standalone bassinet. Raise the zip-down wall for a secure enclosed sleeping space. The rocking stand feature allows for gentle soothing of your baby.

Comfort Incline Mode:

To activate the comfort incline mode, adjust the bassinet as per the assembly instructions to raise one end slightly. This feature is designed to provide relief for babies experiencing reflux.

Reflux Tilt

MAINTENANCE

Proper care and maintenance will ensure the longevity and safety of your SnüzPod 4.

Cleaning Instructions:

- **Fabric Components:** The fabric parts of the bassinet should be hand washed only. Use mild soap and cold water. Do not bleach or tumble dry. Allow to air dry completely before reassembly.
- **Frame:** Wipe the wooden frame with a damp cloth. Avoid abrasive cleaners.
- **Mattress:** The 3D breathable mattress can be wiped clean with a damp cloth and mild soap. Ensure it is completely dry before placing it back in the bassinet.

Regularly inspect all components for wear and tear, especially the mesh windows, zippers, and attachment straps. Replace any worn or damaged parts immediately.

TROUBLESHOOTING

This section addresses common concerns and provides solutions.

Missing Parts During Assembly:

If you find any parts missing upon opening the package, please contact Snuz customer service immediately. Do not attempt to assemble or use the bassinet with incomplete parts.

Unusual Odor:

A slight odor may be present when the product is first unboxed due to manufacturing processes. This is typically harmless and will dissipate. Allow the bassinet to air out in a well-ventilated area for a few days before use.

Baby Outgrows Bassinet:

The SnuzPod 4 is designed for newborns and infants who cannot yet push up on hands and knees, pull themselves up, or sit unassisted. It is crucial to transition your baby to a larger crib once they reach these developmental milestones or exceed the recommended weight limit to ensure their safety.
