1. INTRODUCTION

This manual provides comprehensive instructions for the LORELEI X8 Over-Ear Wired Headphones. Designed for comfort and clear audio, these headphones are compatible with a wide range of devices featuring a 3.5mm audio jack. Please read this manual thoroughly before using your headphones to ensure proper operation and maintenance.

2. PRODUCT FEATURES

- **Immersive Audio:** Equipped with high-definition 40mm drivers, delivering clear sound, rich bass, and crisp mids for an enhanced listening experience.
- **Maximum Comfort:** Features ultra-soft ear cushions and a padded headband for fatigue-free listening during extended use. The adjustable slider ensures a perfect fit for various head sizes.
- **Durable & Portable Design:** Constructed from strong, sturdy plastic for long-lasting resilience. The lightweight and foldable design allows for easy storage and portability.
- **Tangle-Free Cable:** Includes a premium 1.5m nylon braiding cord designed to prevent tangles and kinks.
- **Easy Control Microphone:** An in-line microphone allows for convenient call management and track skipping (forward/back).
- **Wide Compatibility:** Supports devices such as cell phones, computers, laptops, MP3/MP4 players, and other devices with a standard 3.5mm audio jack.

3. PACKAGE CONTENTS

Upon opening the package, please ensure all items are present and in good condition:

- LORELEI X8 Over-Ear Wired Headphones (with integrated headband and ear cushions)
- Integrated 3.5mm Audio Cable with In-line Microphone

4. SETUP

1. **Identify Left and Right:** Locate the 'L' (Left) and 'R' (Right) indicators on the inside of the headband, above each earcup. Ensure the headphones are oriented correctly for optimal stereo sound.
2. **Adjust Headband:** Gently slide the headband extenders on both sides to adjust the fit. Ensure the earcups comfortably cover your ears without excessive pressure.
3. **Connect Audio Cable:** Insert the 3.5mm audio jack firmly into the headphone port of your audio device (e.g., smartphone, tablet, computer).

5. OPERATING INSTRUCTIONS

5.1 Audio Playback

- Once connected, audio from your device will be routed through the headphones. Adjust the volume directly on your connected device.

5.2 Using the In-line Microphone

The LORELEI X8 headphones feature an in-line microphone with a control button for convenient communication and media control:

- **Answer/End Call:** Press the button once to answer an incoming call or end an active call.
- **Play/Pause Music:** Press the button once to play or pause music playback.
- **Next Track:** Press the button twice quickly to skip to the next song.
- **Previous Track:** Press the button three times quickly to go back to the previous song.

6. MAINTENANCE AND CARE

- **Cleaning:** Use a soft, dry cloth to clean the headphones. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use, fold the headphones to their compact size and store them in a clean, dry place away from direct sunlight and extreme temperatures.
- **Cable Care:** Avoid sharp bends or excessive pulling on the cable to prevent damage. The nylon braiding is designed to be tangle-free, but proper handling extends its lifespan.
- **Water Resistance:** These headphones are not water-resistant. Avoid exposure to liquids.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
No sound from headphones.	Cable not fully inserted. Device volume too low or muted. Incorrect audio output selected on device. Damaged cable or headphone jack.	Ensure the 3.5mm jack is fully inserted into the device's port. Increase volume on your device and check for mute settings. Verify audio output settings on your computer or device. Test with another device or cable if possible.
Microphone not working.	Microphone muted on device. Incorrect input device selected. Cable not fully inserted.	Check microphone settings on your device to ensure it's not muted. In your device's sound settings, ensure the headphone microphone is selected as the input device. Ensure the 3.5mm jack is fully inserted.
Sound is distorted or crackling.	Volume too high. Loose connection. Damaged cable or port.	Lower the volume on your device. Ensure the 3.5mm jack is securely connected. Inspect the cable and device port for any visible damage.
