VINGLI Toilet001

VINGLI Portable Toilet Model Toilet001 Instruction Manual

Brand: VINGLI | Model: Toilet001

1. INTRODUCTION

This manual provides instructions for the safe and effective use of your VINGLI Portable Toilet Model Toilet001. This unit is designed for convenience in various indoor and outdoor settings, including camping, boating, van travel, and emergency situations. It features a detachable inner bucket, a removable paper holder, and a lightweight yet sturdy polypropylene construction.

Figure 1: VINGLI Portable Toilet, Model Toilet001

The VINGLI Portable Toilet is constructed from polypropylene, weighing approximately 5.5 pounds, making it easy to transport. Its design allows for compact storage when not in use.

2. PRODUCT FEATURES

- **Portable & Detachable:** The unit can be separated into two parts and nested for compact storage and easier transportation.
- **Easy Cleanup & Odor Reduction:** Features a dual lid seal to minimize odors. The removable inner bucket facilitates easy emptying. Using a toilet bag within the barrel can eliminate the need for direct cleaning of the bucket.
- **Higher Seat Height:** Designed for comfort, providing an average adult seat height. Supports users up to 300 lbs.
- **Stable & User-Friendly:** Constructed for stability with a nested connection and an anti-slip base. Includes a

detachable toilet paper holder that also functions as a mobile phone rest. The closed lid allows it to be used as an additional seat.

3. SETUP INSTRUCTIONS

1. **Unpack Components:** Remove all parts from the packaging. The portable toilet consists of two main sections: the base and the upper toilet section with the seat and lid.
2. **Assemble Sections:** Place the upper toilet section onto the base. Ensure the sections are securely nested together.
3. **Install Rubber Base (Optional):** A rubber strip is provided to be fitted around the bottom edge of the base. This enhances stability and prevents scratching surfaces.
4. **Attach Toilet Paper Holder:** The detachable toilet paper holder can be slid into the designated slot on the side of the upper toilet section.
5. **Insert Inner Bucket:** Place the white inner bucket into the main toilet cavity. Ensure it sits flush.
6. **Prepare for Use:** For hygienic disposal, it is recommended to line the inner bucket with a disposable toilet bag (not included).

Portable & Space-saving

Detachable design features more convenience.

4. OPERATING INSTRUCTIONS

1. **Open Lid:** Lift the main lid and then the toilet seat.
2. **Use with Liner (Recommended):** If using a disposable bag, ensure it is properly secured around the rim of the inner bucket.
3. **After Use:** Close the toilet seat and then the main lid to contain odors.

Easy Use & Cleanup

Use removable inner barrel directly.

Use disposable bags. (Bags are NOT included.)

5. MAINTENANCE

- **Emptying:** To empty, lift the main lid and toilet seat. If using a disposable bag, tie it securely and remove it for disposal. If not using a bag, place the small lid onto the inner bucket, lift it out using its handle, and empty its contents into an appropriate disposal site.
- **Cleaning:** After emptying, clean the inner bucket with water and a mild disinfectant. Rinse thoroughly. The exterior of the toilet can be wiped down with a damp cloth and mild cleaner.
- **Odor Control:** The dual lid system helps contain odors. Ensure both lids are properly closed after each use. Consider using odor-absorbing materials (e.g., sawdust, peat moss, or specialized toilet chemicals) in the inner bucket, especially when not using disposable bags.

6. TROUBLESHOOTING

- **Rubber Base Detachment:** The anti-slip rubber strip at the base may occasionally come loose. Re-insert it firmly into the groove around the bottom edge. If it frequently detaches, a small amount of adhesive can be used to secure it.
- **Toilet Paper Holder Instability:** The detachable toilet paper holder is designed to fit into a slot. Ensure it is fully inserted. If a standard roll of toilet paper does not fit, consider using smaller rolls or alternative storage.
- **Bucket Tipping (when removed):** When carrying the inner bucket for emptying, hold it with both hands to maintain balance, as it may be prone to tipping if not handled carefully.
- **Odor Issues:** Ensure both the inner bucket's small lid and the main toilet lid are securely closed. Use disposable bags or odor-absorbing materials as recommended in the Maintenance section.

7. SPECIFICATIONS

Feature	Specification
Brand	VINGLI
Model Number	Toilet001
Color	Gray
Material	Polypropylene
Product Dimensions (L x W x H)	18"D x 15.5"W x 30.9"H (assembled)
