Motion Detection	Yes (Motion Only Alert Type)
Storage Options	MicroSD (up to 128GB), Cloud Storage (30-day free trial)
Compatible Devices	Alexa, iOS & Android (LaView App), Web Access
Power Source	Corded Electric (5 Volts, 2.5 Watts)
Item Weight	1.37 pounds

## 5. SETUP GUIDE

## 5.1. Initial Setup

- Unpack the Cameras:** Carefully remove all cameras and accessories from the packaging.
- Power On:** Plug each camera into a power outlet using the provided power adapter. The camera's indicator light will turn on.
- Reset Camera:** If necessary, use a pin to press and hold the reset button on the camera until the indicator light blinks, indicating it's ready for pairing.

## 5.2. App Setup Guide

The LaView App is essential for controlling and monitoring your cameras. Follow these steps to set up your cameras using the app:

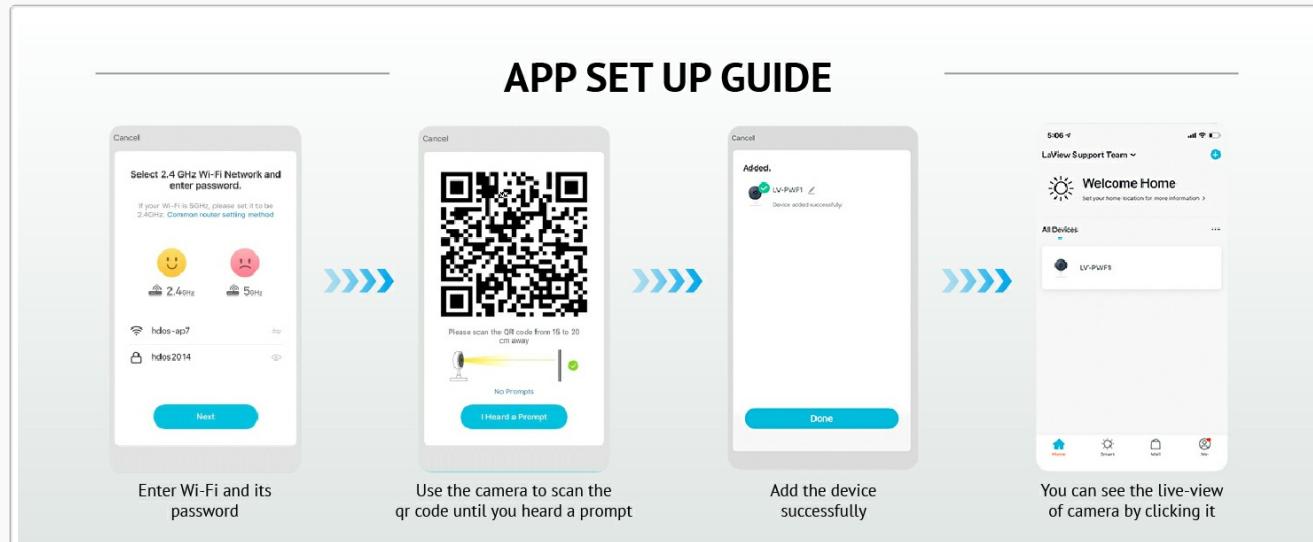

Figure 5.1: Initial steps for setting up your camera via the LaView App.

- Download and Register:** Download the "LaView" App from your mobile app store (iOS or Android) and register for a new account.
- Add Device:** Tap the 'Add device' icon within the app.
- Select Device Type:** Choose 'Smart camera' under 'video surveillance'.
- Confirm Power and Reset:** Hold down the reset hole until the indicator blinks red, then confirm in the app.

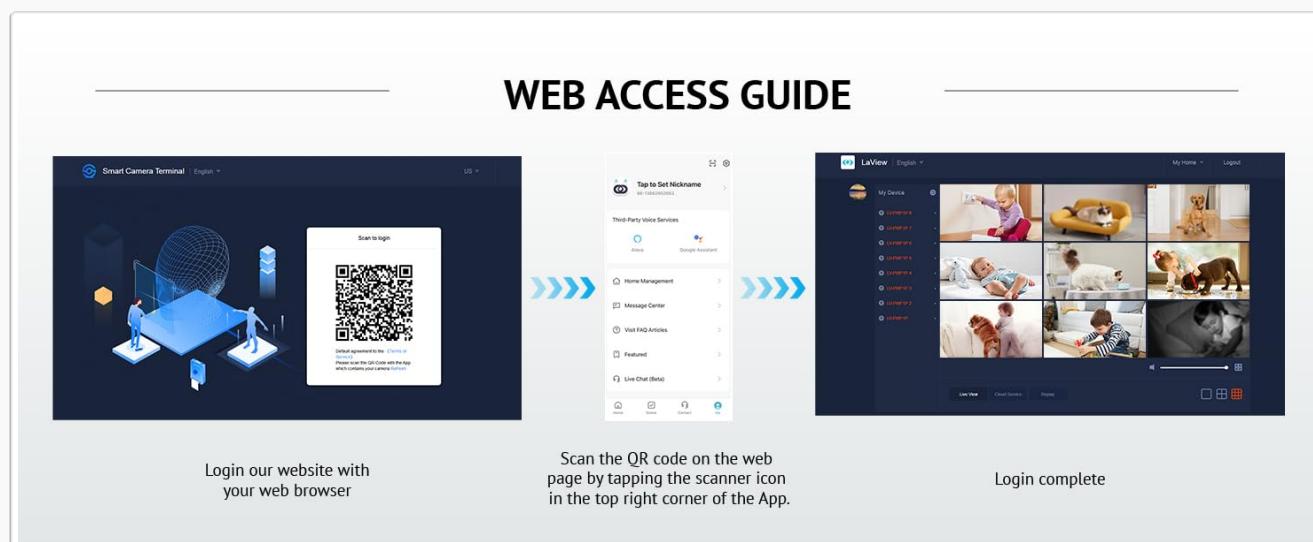

Figure 5.2: Connecting your camera to Wi-Fi and completing the app setup.

- Enter Wi-Fi Details:** Enter your 2.4GHz Wi-Fi network name and password. *Note: 5GHz Wi-Fi networks are not supported.*

*not supported.*

6. **Scan QR Code:** Use the camera to scan the QR code displayed on your phone screen until you hear a prompt.
7. **Add Device Successfully:** The device will be added to your account.
8. **Start Monitoring:** You can now see the live-view of your camera by clicking on it in the app.

### 5.3. Web Access Guide

You can also access your camera feeds via a web browser for convenient monitoring on a larger screen.

Figure 5.3: Steps for accessing your camera feeds through a web browser.

1. **Login to Website:** Open your web browser and navigate to the LaView web access portal.
2. **Scan QR Code:** On the web page, a QR code will be displayed. Open your LaView mobile app, tap the scanner icon in the top right corner, and scan the QR code on your computer screen.
3. **Login Complete:** Once scanned, your web access will be complete, and you can view your camera feeds.

## 6. OPERATING INSTRUCTIONS

### 6.1. Live Streaming and Multi-User Sharing

Access 24/7 live streams of your cameras via the LaView app or web browser. The system supports up to 9 simultaneous live feeds, allowing you to monitor multiple areas at once.

# LAVIEW HOME SECURITY CAMERA

Connect and view up to 9 cameras simultaneously

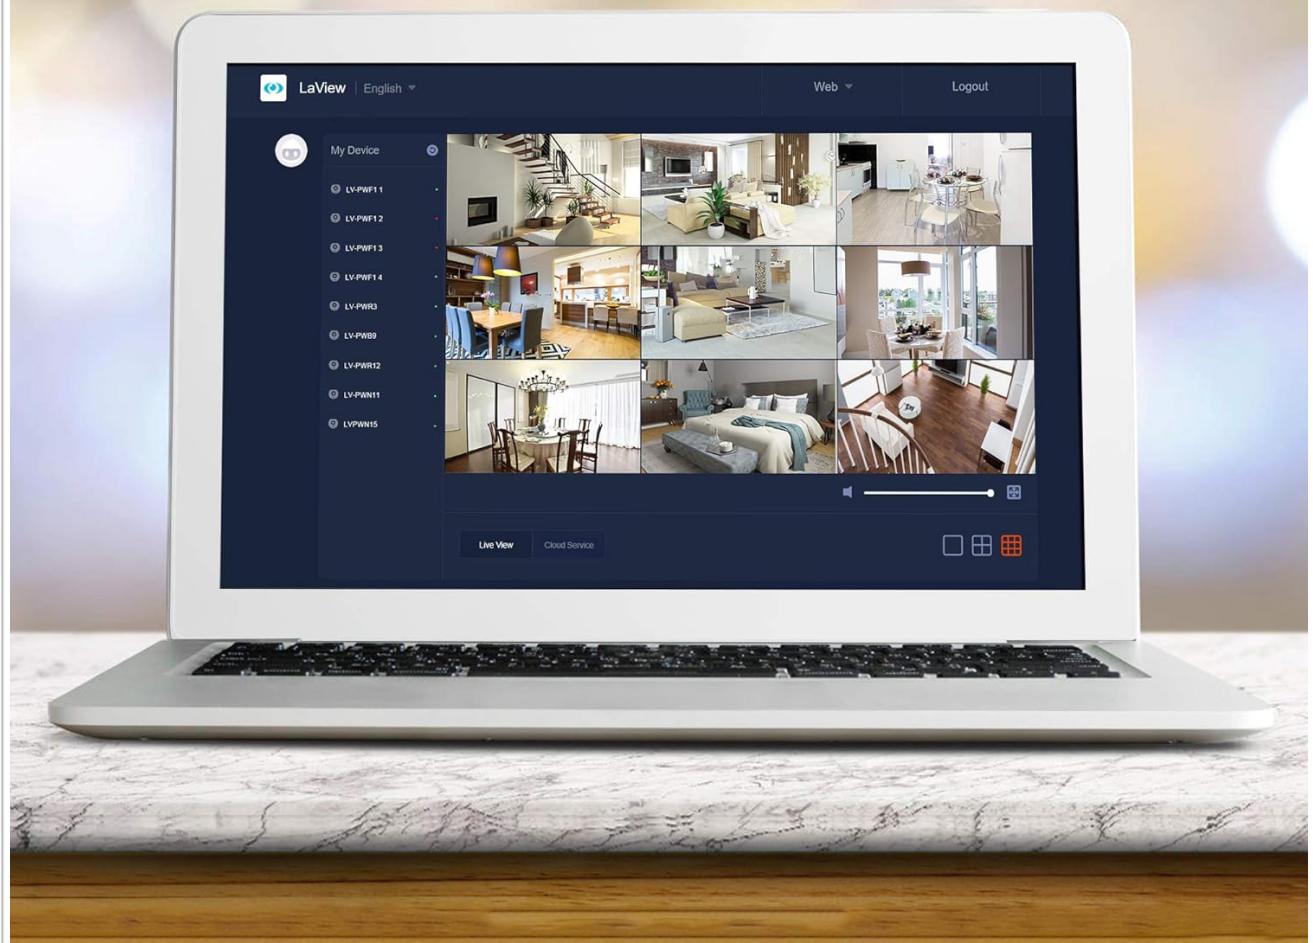

Figure 6.1: View up to 9 cameras simultaneously on your device.

You can share access to your cameras with up to 20 people, enabling family and friends to monitor the property as well.

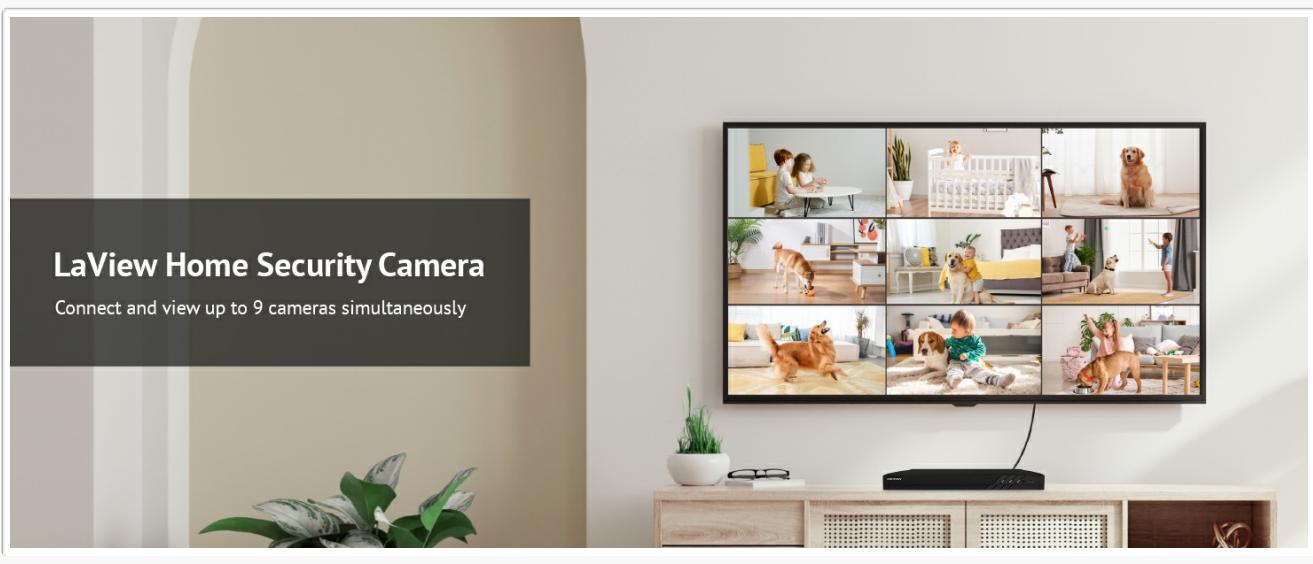

Figure 6.2: Share camera access with multiple users.

## 6.2. Motion Detection and Alerts

The cameras feature instant motion detection with smart alerts. When motion is detected, you will receive real-time notifications on your smartphone, keeping you informed of any activity.

Figure 6.3: Advanced motion detection captures activity from various sources.

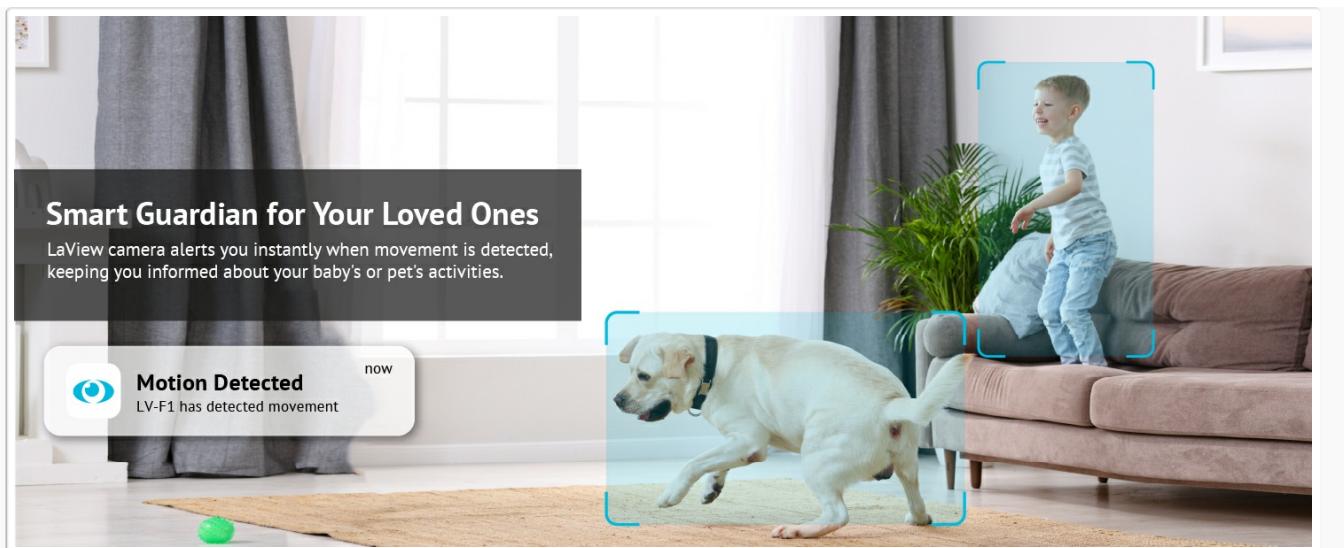

Figure 6.4: Receive instant notifications when motion is detected.

### 6.3. Two-Way Audio

Communicate with family members or pets through the camera using the clear two-way audio feature with noise cancellation. This allows for real-time interaction from anywhere.

Figure 6.5: Engage in two-way conversations through the camera.

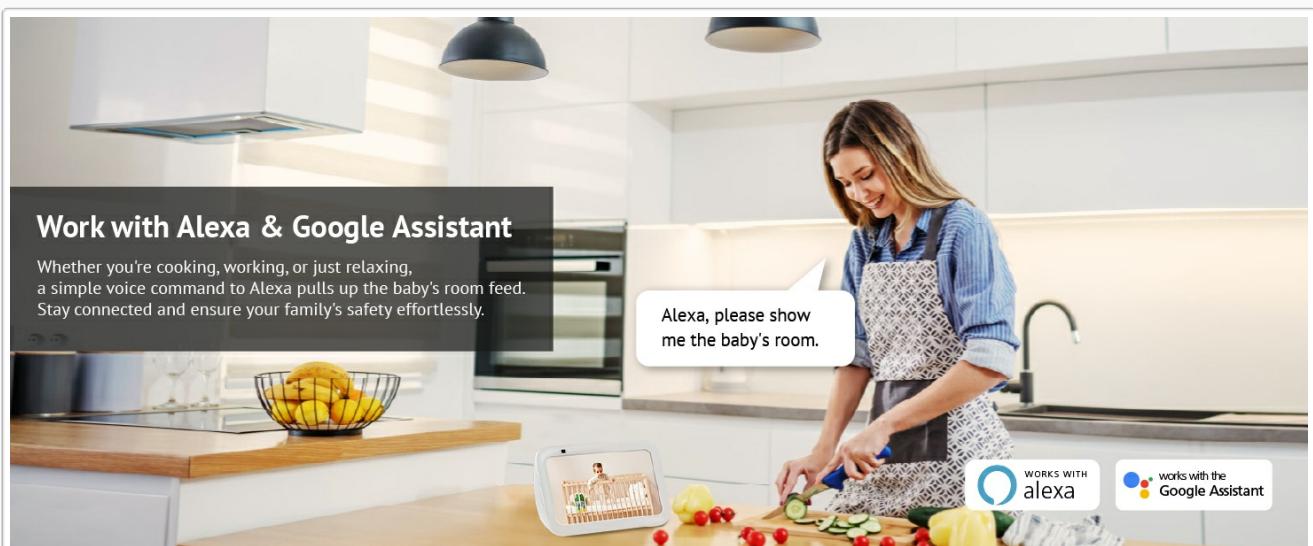

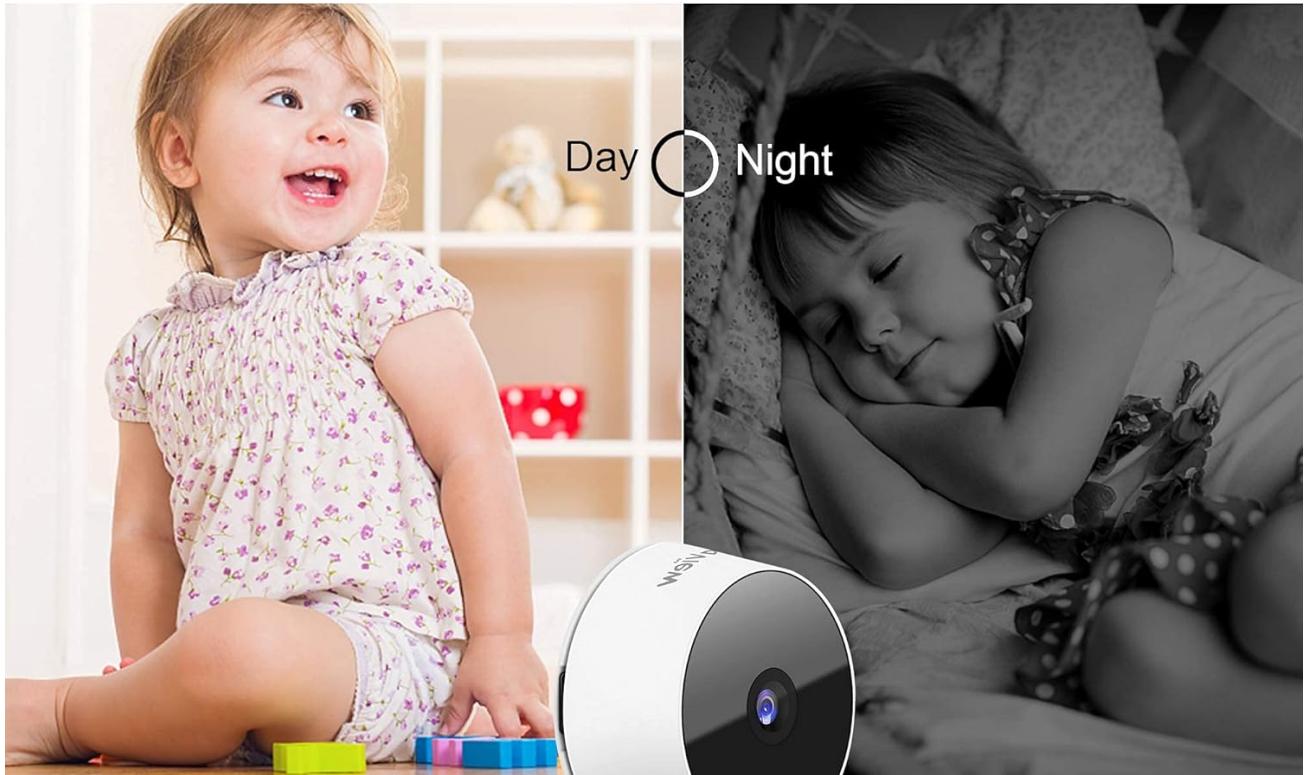

Figure 6.6: Two-way talk provides peace of mind and real-time interaction.

## 6.4. Night Vision

Equipped with advanced IR night vision, the cameras provide clear monitoring up to 33 feet in darkness, ensuring quality surveillance even in low-light conditions.

# 1080P HD & Night Vision

LaView is able to keep your child safe 24/7

Full-time

Night Vision

### Enhanced Night Vision

Ensure a clear live-feed up to 33ft in darkness, allowing you to check on your baby or pet with ease at night.

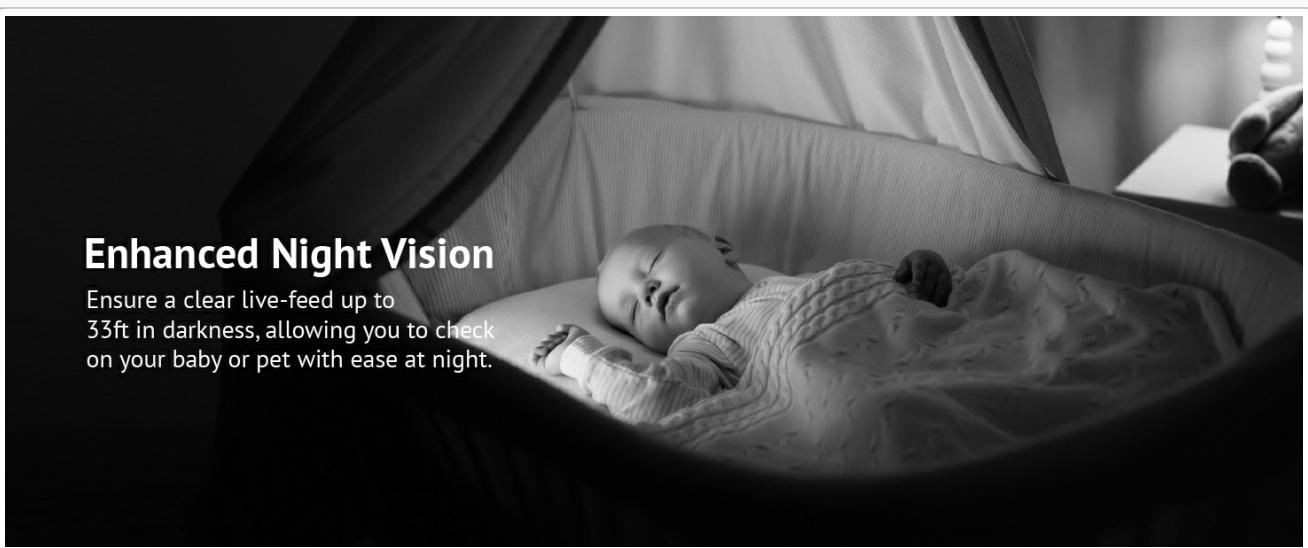

Figure 6.8: Enhanced night vision ensures clear live feeds in darkness.

## 6.5. Storage Options

The cameras offer flexible storage solutions. You can utilize the 30-day free trial of US cloud storage, which encrypts your data on AWS servers for security. Alternatively, you can use a microSD card (up to 128GB, not included) for local storage, avoiding monthly fees.

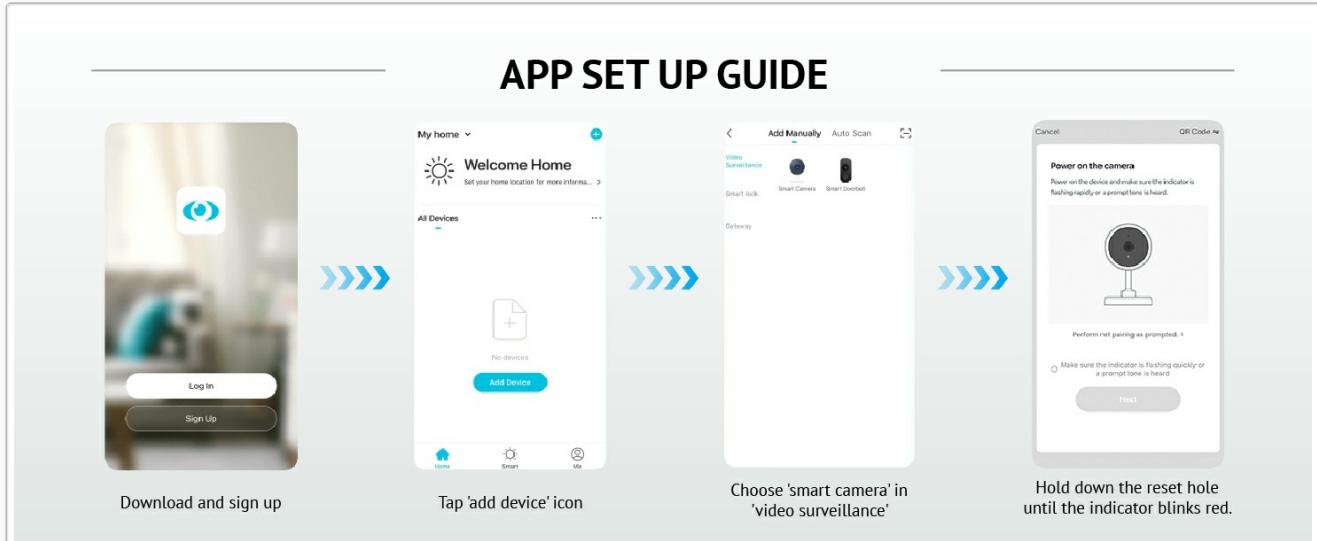

Figure 6.9: Choose between local microSD card storage or secure US cloud storage.

## 6.6. Smart Home Integration

The LaView cameras are compatible with Alexa and Google Assistant, allowing for convenient voice control. Simply use voice commands to pull up live feeds on compatible smart displays.

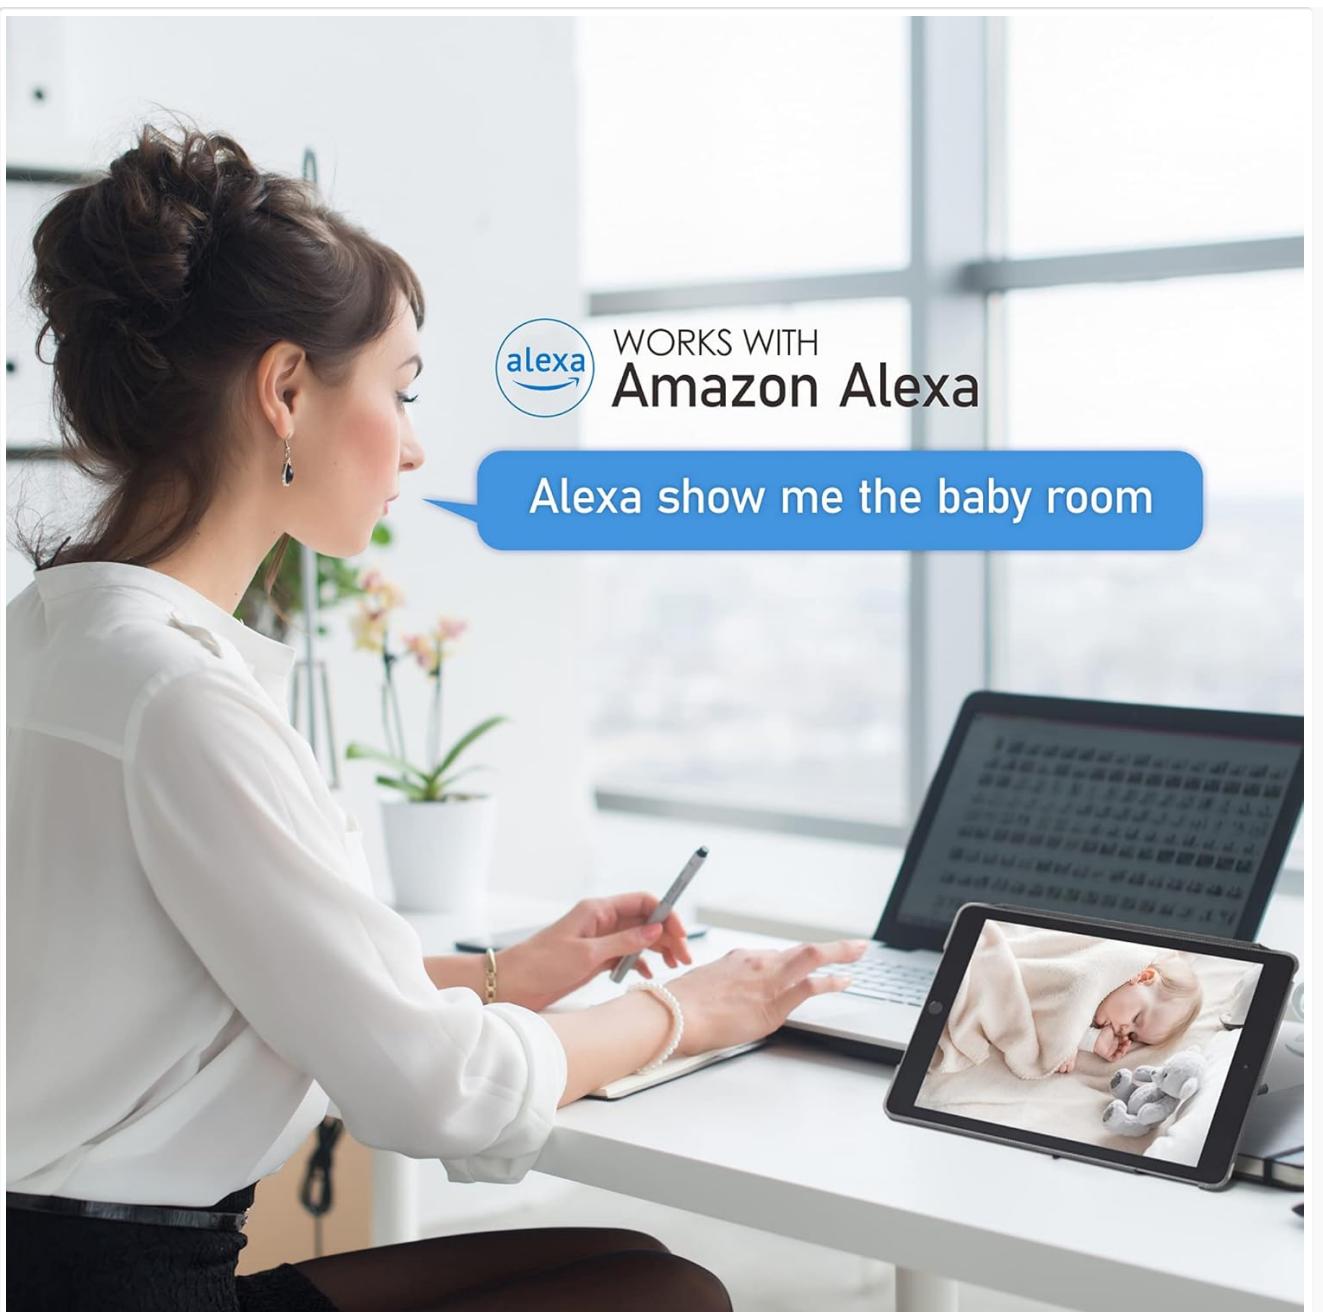

Figure 6.10: Integrate your cameras with Alexa for voice control.

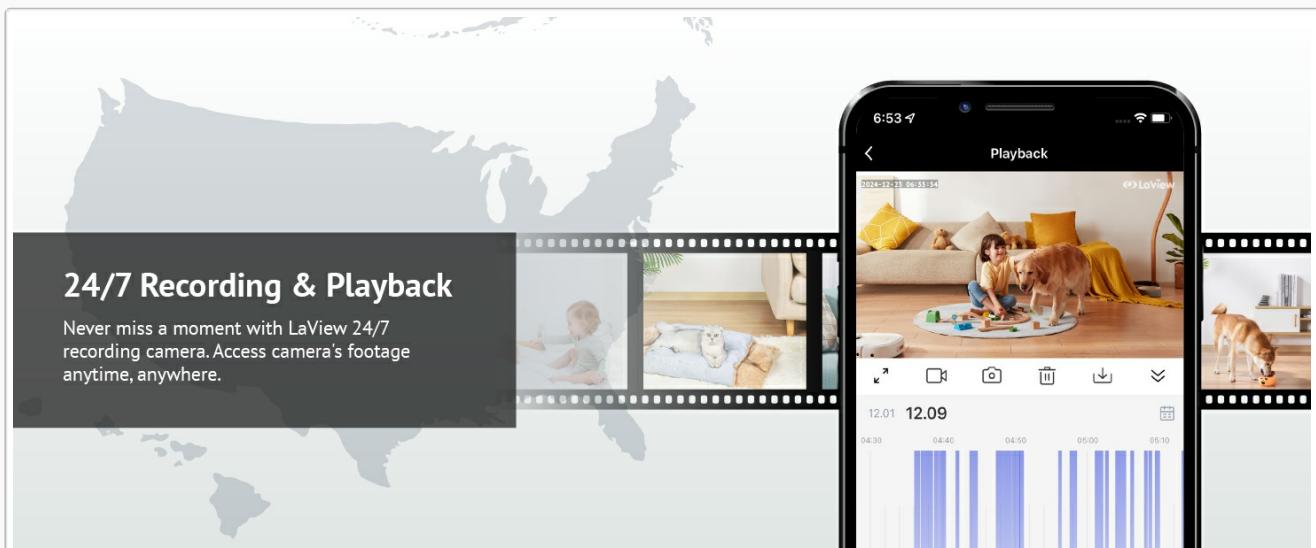

Figure 6.11: Seamlessly connect your cameras with Alexa and Google Assistant.

## 7. MAINTENANCE

To ensure the longevity and optimal performance of your LaView security cameras, follow these maintenance guidelines:

- **Cleaning:** Gently wipe the camera lens and body with a soft, dry cloth. Avoid using harsh chemicals or abrasive cleaners, as they can damage the camera's surface or lens coating.
- **Firmware Updates:** Regularly check the LaView app for available firmware updates. Keeping your camera's firmware up-to-date ensures you have the latest features, security patches, and performance improvements.
- **Network Stability:** Ensure your Wi-Fi network is stable and strong in the areas where cameras are installed. A weak signal can lead to dropped connections or poor video quality.
- **Power Supply:** Use only the original power adapters provided with your cameras. Using incompatible power sources can damage the device.
- **Environmental Conditions:** These cameras are designed for indoor use. Avoid exposing them to extreme temperatures, high humidity, or direct water contact.

## 8. TROUBLESHOOTING

If you encounter issues with your LaView security cameras, refer to the following common problems and solutions:

Problem	Possible Solution
Camera offline/cannot connect	<ul style="list-style-type: none"><li>◦ Ensure the camera is powered on and the power adapter is securely connected.</li><li>◦ Check your Wi-Fi router and internet connection.</li><li>◦ Verify the camera is within range of your 2.4GHz Wi-Fi network.</li><li>◦ Restart the camera by unplugging and re-plugging it.</li><li>◦ If the issue persists, try resetting the camera and re-pairing it with the app.</li></ul>
Poor video quality/pixelation	<ul style="list-style-type: none"><li>◦ Ensure your Wi-Fi signal is strong. Move the camera closer to the router if needed.</li><li>◦ Check your internet speed. A stable broadband connection is required for optimal streaming.</li><li>◦ Clean the camera lens with a soft, dry cloth.</li></ul>
Motion detection alerts are too frequent/infrequent	<ul style="list-style-type: none"><li>◦ Adjust the motion detection sensitivity settings in the LaView app.</li><li>◦ Define specific motion detection zones to reduce false alarms from irrelevant areas.</li></ul>

Problem	Possible Solution
<b>Two-way audio not working</b>	<ul style="list-style-type: none"> <li>◦ Ensure the microphone and speaker functions are enabled in the LaView app.</li> <li>◦ Check the volume settings on your mobile device.</li> <li>◦ Ensure there is no physical obstruction blocking the camera's microphone or speaker.</li> </ul>
<b>Night vision is unclear</b>	<ul style="list-style-type: none"> <li>◦ Ensure there are no reflective surfaces (e.g., windows) directly in front of the camera that could cause glare.</li> <li>◦ Check if the IR lights are functioning correctly.</li> </ul>
<b>App glitches or freezes</b>	<ul style="list-style-type: none"> <li>◦ Close and restart the LaView app.</li> <li>◦ Ensure your app is updated to the latest version.</li> <li>◦ Clear the app's cache or reinstall the app if necessary.</li> </ul>

## 9. WARRANTY AND SUPPORT

### 9.1. Warranty Information

LaView products typically come with a limited warranty covering defects in materials and workmanship. Please refer to the warranty card included in your product packaging or visit the official LaView website for specific warranty terms and conditions applicable to your region and product model.

### 9.2. Customer Support

For technical assistance, troubleshooting, or any inquiries regarding your LaView security cameras, please contact LaView Customer Support. Our professional service team is available to assist you.

Figure 9.1: LaView offers multiple channels for customer support.

You can reach us via:

- **Live Chat:** Available on the official LaView website.
- **Hotline:** Refer to the Quick Start Guide or LaView website for the support phone number.
- **Email:** Send your queries to the support email address listed on the official website.

Please have your product model number (LV-PWF1-4PKG) and purchase information ready when contacting

support to expedite the process.
