Hitachi RMH-F850B

Hitachi RMH-F850B Men's Shaver User Manual

Model: RMH-F850B | Brand: Hitachi

Introduction

This manual provides essential information for the safe and effective use of your Hitachi RMH-F850B Men's Shaver. Please read it thoroughly before using the product and keep it for future reference.

Product Features

- **Stainless Steel 4-Blade System:** Equipped with outer and inner blades made of durable stainless steel for superior sharpness and longevity, ensuring a smooth and fast shave.
- **3D Head:** The shaver features a 3D head that moves front, back, left, right, up, and down, adapting gently to the contours of your face for a close and comfortable shave.
- **Foam Shaving Compatible:** Designed to be used with shaving foam or facial cleanser for a comfortable foam shave.
- **Washable Body:** The main unit and blades are washable under running water for easy and hygienic cleaning.
- **Travel Pouch Included:** Comes with a convenient shaver pouch, ideal for business trips and travel.

Setup

Charging the Shaver

1. Ensure the shaver is turned off.
2. Connect the power adapter to the shaver and then plug it into an AC outlet (AC100-240V compatible).
3. The charging indicator lamp will illuminate. A full charge takes approximately 5 hours.
4. Once fully charged, the shaver can be used for approximately 15 days (based on 3 minutes of use per day).
5. Do not connect the power adapter in wet areas like bathrooms or places with high humidity.

Initial Cleaning

Before first use, it is recommended to rinse the shaver head under running water to remove any manufacturing residues.

Ensure the shaver is disconnected from the power adapter before cleaning.

Operating Instructions

Basic Shaving

1. Press the power button to turn on the shaver.
2. Hold the shaver at a right angle to your skin and move it gently against the direction of hair growth.
3. Do not press too hard, as the 3D head is designed to follow your facial contours with light pressure.
4. After shaving, press the power button to turn off the shaver.

Foam Shaving

The RMH-F850B supports foam shaving for a more comfortable experience.

1. Apply shaving foam or a suitable facial cleanser to your face.
2. Turn on the shaver and proceed with shaving as described in the basic shaving steps.
3. **Important:** To prevent clogging, avoid facial cleansers containing scrubs, solid soaps, or cream/gel-type shaving agents.

Maintenance

Cleaning the Shaver

Regular cleaning ensures optimal performance and hygiene.

1. After each use, turn off the shaver and disconnect it from any power source.
2. Remove the outer foil frame.
3. Rinse the outer foil and inner blades thoroughly under running water to remove hair clippings and any soap residue (if foam shaving).
4. Use the included cleaning brush to remove stubborn hair from the blades and shaver body.
5. Shake off excess water and allow the shaver to air dry completely before reassembling or storing.
6. Apply a drop of the included shaver oil to the blades periodically to maintain their sharpness and smooth operation.

Blade Replacement

For continued optimal shaving performance, replace the outer foil and inner blades when they become dull or damaged.

- **Replacement Outer Blade:** K-NS1
- **Replacement Inner Blade:** K-NU1

Refer to the detailed instructions in the included instruction manual for specific blade replacement procedures.

Troubleshooting

If you encounter any issues with your Hitachi RMH-F850B shaver, please refer to the following common solutions:

- **Shaver not turning on:** Ensure the shaver is fully charged. If the charging reminder lamp is flashing, recharge the unit.
- **Poor shaving performance:** Clean the blades thoroughly. If performance does not improve, consider replacing the outer foil and inner blades.
- **Unusual noise:** Clean the shaver head and ensure no hair or debris is obstructing the blades. If the noise persists, the blades might be damaged and require replacement.

For issues not covered here, please consult the full instruction manual or contact Hitachi customer support.

Specifications

＊1 JIS規格の防浸構造(IPX7)に適合。電源アダプターは水洗いできません。泡剃りや水洗いするとき、また浴室などの水のかかるところや湿気の多いところ では電源アダプターを接続して使用しないでください。●市販のハンドソープ(液状)を使うと、よりキレイに汚れが取れます。ハンドソープ(液状)・台所用洗剤 (中性)以外(浴室・トイレ用洗剤等)は、故障の原因になりますので使用しないでください。●良い剃り味を保つために、ヒゲくず掃除やお手入れについて商品に 同梱している「取扱説明書」をお読みください。
