## 2. SAFETY INFORMATION

Always follow basic safety precautions when installing and operating electrical appliances. Keep this

manual for future reference.

- Ensure power is disconnected at the circuit breaker before installation or maintenance.
- Installation should be performed by a qualified electrician.
- Do not operate the fan if any part is damaged.
- Keep hands and objects clear of the fan blades during operation.

### 3. PACKAGE CONTENTS

Verify that all components are present and undamaged:

- Ceiling Fan Unit
- Remote Control
- Installation Instructions (English Manual)
- Mounting Hardware

### 4. SPECIFICATIONS

Feature	Specification
Brand	DINGLILIGHTING
Model Name	WS-FPZ13-30C
Size	20 inches
Color	White
Material	Acrylic
Light Source Type	LED
Light Color	Adjustable (warm white, neutral white, cool white)
Brightness	Dimmable (10%-100%)
Fan Speeds	3 (Slow, Medium, High)
Control Method	Remote Control
Timing Function	1/2/4 Hours
Voltage	120 Volts
Wattage	75 watts
Item Weight	6.98 pounds (3.18 Kilograms)

Product Dimensions

19.68 x 19.68 x 6.88 inches

Brand	DINGLILIGHTING
Room Size	165-270sq.ft
Speed	3 Fan Speeds
Voltage	120V
Control	Remote/Wall Switch
Light Source	30W LED

## 7. MAINTENANCE

To ensure optimal performance and longevity of your ceiling fan, regular maintenance is recommended.

- **Cleaning:** Gently wipe the exterior of the fan and lampshade with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners.
- **Blade Cleaning:** The fan blades are enclosed. For cleaning, ensure the fan is off and use a soft brush or cloth to remove dust from the visible areas.
- **Inspection:** Periodically check all connections and mounting hardware to ensure they are secure.

## 8. TROUBLESHOOTING

If you encounter any issues with your DLLT Ceiling Fan, refer to the following common problems and solutions:

<b>Problem</b>	<b>Possible Cause / Solution</b>
Fan does not turn on	Check power supply and circuit breaker. Ensure remote control batteries are functional and paired correctly.
Light does not turn on or flickers	Check electrical connections. Ensure remote control batteries are functional.
Fan makes loud noise	Ensure all mounting screws are tightened. Check for any obstructions around the fan blades. If noise persists, contact customer support.
Light defaults to yellow/warm color after power cycle	This is a common behavior for some LED lights. Use the remote control to adjust to your preferred color temperature after turning on.
Remote control not responding	Replace batteries. Ensure there are no obstructions between the remote and the fan. Re-pair the remote if necessary (refer to the detailed manual).

## 9. WARRANTY AND SUPPORT

We provide a 12-month quality assurance for our LED fan light. If you encounter any problems or require assistance, please do not hesitate to contact us. Our customer service team is ready to help.
