Lamicall DP01

Lamicall DP01 Adjustable Foldable Aluminum Phone and Tablet Stand User Manual

Model: DP01 | Brand: Lamicall

INTRODUCTION

Thank you for choosing the Lamicall DP01 Adjustable Foldable Aluminum Phone and Tablet Stand. This manual provides essential information for setting up, operating, and maintaining your device. Designed for superior stability and versatility, this stand is a perfect desktop accessory for hands-free viewing, video calls, and more.

PRODUCT FEATURES

- Dual-Hinge Adjustment:** Features two robust hinges tested for 6000 rotations, allowing for easy adjustment and secure positioning at various angles.
- Enhanced Stability:** Constructed from high-quality aluminum alloy with a larger, heavier base to provide solid support for your devices.
- Wide Compatibility:** Supports all smartphones and tablets ranging from 4 to 11 inches, including various iPhone and Galaxy models, iPad Mini, and 9.7" iPad/Pro/Air.
- Portable Design:** Folds compactly to 4.2" x 3.5" x 0.98" (107 mm x 89 mm x 25 mm) for easy transport during travel or business trips.
- Cable Management:** Designed with an opening to route charging cables for a tidy setup.

SETUP INSTRUCTIONS

Follow these steps to set up your Lamicall DP01 stand:

- Unfold the Stand:** Gently unfold the stand from its compact, folded position. The dual hinges will allow the stand to extend into an upright position.
- Adjust the Angle:** Use the dual hinges to adjust the viewing angle to your preference. The hinges are designed to be tight to ensure stability once set.
- Place Your Device:** Carefully place your smartphone or tablet onto the cradle. Ensure the device is centered for optimal balance.

lamicall

Lamicall means "**Less is More**".

- Focusing on the relations with more and more smart devices, Lamicall is always trying to redefine it by developing various types of stands.
- For different devices and different scene. Less change in habits, more convenience for daily use.

OPERATING INSTRUCTIONS

The Lamicall DP01 stand offers flexible usage options:

- **Portrait or Landscape:** Position your phone or tablet vertically (portrait mode) or horizontally (landscape mode) depending on your activity. For devices larger than 8 inches, landscape mode is recommended for a better experience.
- **Charging While in Use:** Utilize the cutout at the bottom of the stand to route your charging cable, keeping your device powered while maintaining a clean desktop.

Maintenance

To ensure the longevity and optimal performance of your Lamicall DP01 stand, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the stand with a soft, dry cloth to remove dust and fingerprints. For stubborn marks, a slightly damp cloth can be used, followed by immediate drying. Avoid abrasive cleaners or solvents.
- **Hinge Care:** The hinges are designed to be tight for secure positioning. Avoid excessive force when adjusting to prevent damage. No lubrication is typically required.
- **Storage:** When not in use or for travel, fold the stand into its compact form to protect it from potential damage.

Troubleshooting

If you encounter any issues with your Lamicall DP01 stand, please refer to the following common solutions:

- **Stand Instability:** Ensure your device is placed centrally on the cradle. For larger devices (over 8 inches), always use the stand in landscape mode to maximize stability. Verify the stand is on a flat, stable surface.
- **Difficulty Adjusting Hinges:** The hinges are intentionally stiff to hold your device securely. Apply firm, even pressure when adjusting. If they become too stiff or loose over time, contact customer support.
- **Device Slipping:** Check the silicone pads on the cradle and base for any dirt or wear. Clean them gently. If pads are damaged, contact customer support for assistance.

Specifications

Feature	Detail
Brand	Lamicall
Model Number	DP01
Material	Aluminum Alloy
Color	Sliver
Item Weight	7.4 ounces
Package Dimensions	5.08 x 3.7 x 1.34 inches
