atune analog Wireless Earbuds TT2109 User Manual

INTRODUCTION

This manual provides detailed instructions for the atune analog Wireless Earbuds, model TT2109. Please read this guide thoroughly before using your earbuds to ensure proper operation and to maximize your listening experience. Keep this manual for future reference.

PACKAGE CONTENTS

- atune analog Wireless Earbuds (Left and Right)
- Charging Case
- USB Charging Cable
- User Manual
- Multiple sizes of Eartips

SETUP

1. Initial Charge

Before first use, fully charge the charging case and earbuds. Place both earbuds into the charging case. Connect the USB charging cable to the charging port on the case and to a power source. The LED indicators on the case will illuminate to show charging status.

This image shows the atune analog Wireless Earbuds resting in their open charging case. One earbud is partially removed, highlighting its design and the charging contacts within the case. The case features LED indicators on the front.

**Talk time**

4.5 hours

**Music time**

4 hours

**Charging time**

1.5 hours

**Times Charging**

6 times

This graphic illustrates the battery performance of the atune analog Wireless Earbuds and their charging case. It shows 4.5 hours of talk time, 4 hours of music time, 1.5 hours charging time for the earbuds, and the case providing 6 full charges for the earbuds.

2. Pairing

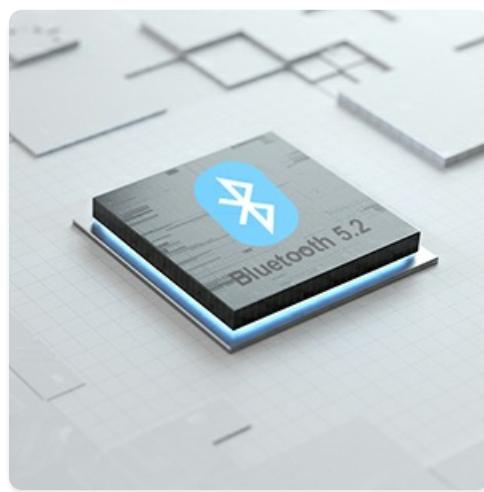

1. Ensure the earbuds are charged. Open the charging case; the earbuds will automatically power on and enter pairing mode.
2. On your smartphone or Bluetooth-enabled device, navigate to the Bluetooth settings.
3. Search for available devices and select 'Atune Analog 11' (or similar name) from the list.
4. Once connected, a voice prompt will confirm successful pairing.

One Step Pairing

Pick up 2 Earbuds from Charging Box Connect
Bluetooth <Atune Analog 11> Compatible
with iOS/Andriod/Windows and more

This image demonstrates the one-step pairing process for the atune analog Wireless Earbuds. It shows the earbuds and case, alongside a smartphone screen displaying the Bluetooth settings with 'Atune Analog 11' available for connection.

An illustration depicting a microchip with the Bluetooth 5.2 logo, representing the advanced connectivity technology used in the earbuds.

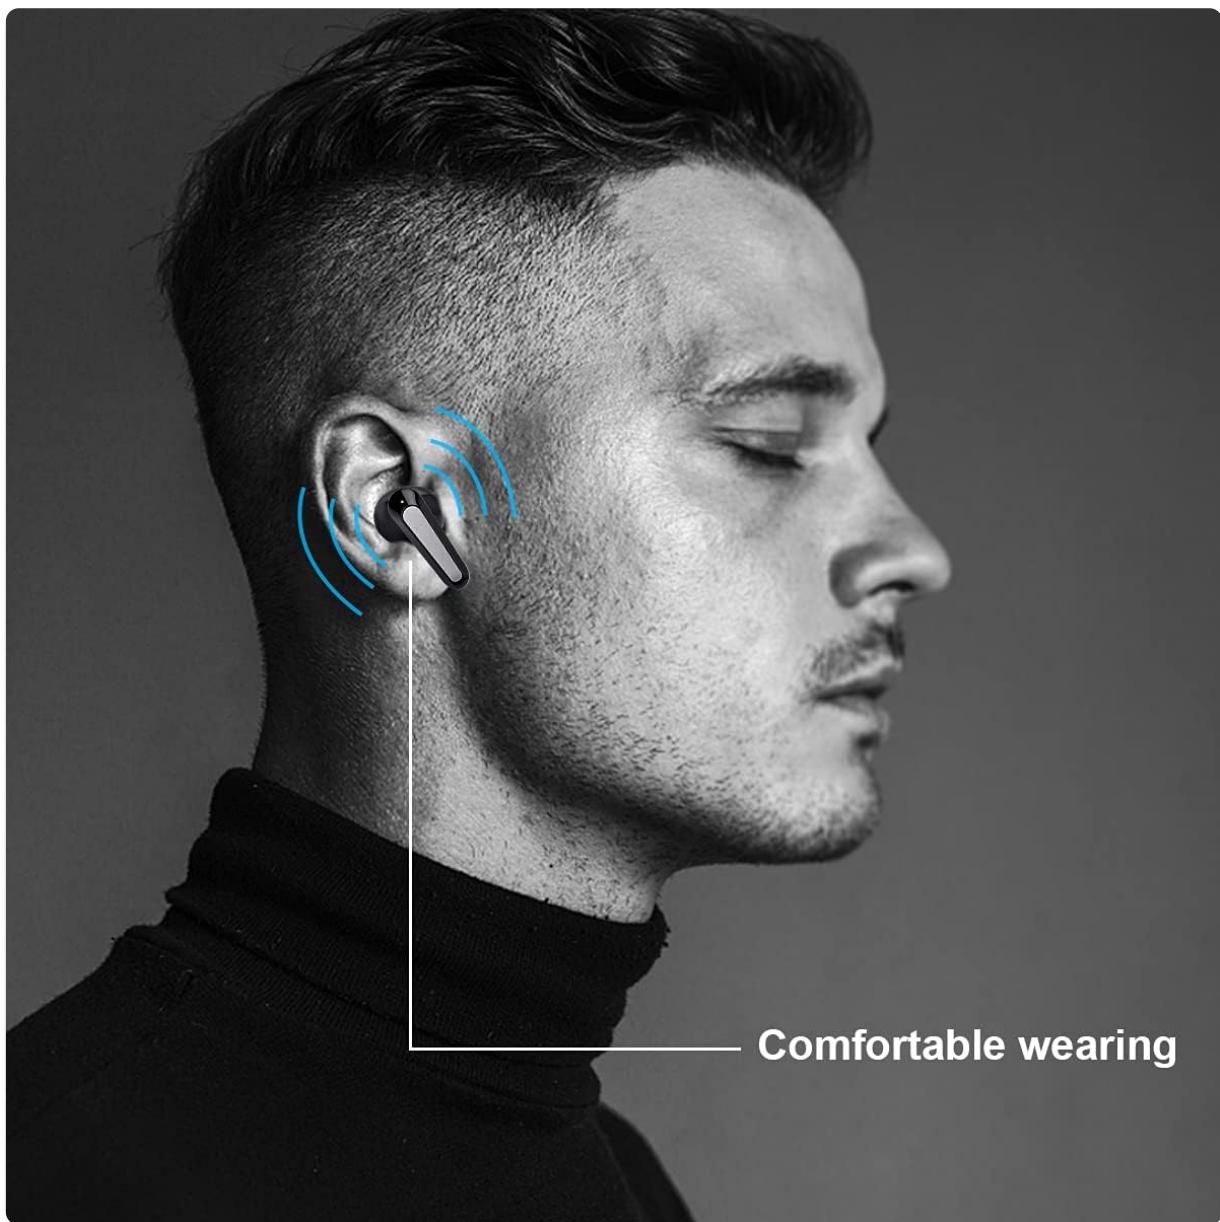

3. Wearing

1. Select the ear tips that provide the most comfortable and secure fit.

2. Gently insert the earbud into your ear canal.
3. Twist the earbud slightly to lock it into place, ensuring a snug fit for optimal sound quality and stability.

A visual guide showing three steps for optimal earbud fit: 1. Select the correct ear tip size, 2. Insert the earbud into the ear canal, 3. Twist and lock the earbud for a secure fit.

OPERATING INSTRUCTIONS

1. Power On/Off

- **Power On:** Open the charging case, and the earbuds will automatically power on. Alternatively, press and hold the touch area on both earbuds for 2 seconds.
- **Power Off:** Place the earbuds back into the charging case and close the lid. Alternatively, press and hold the touch area on both earbuds for 5 seconds.

2. Touch Controls

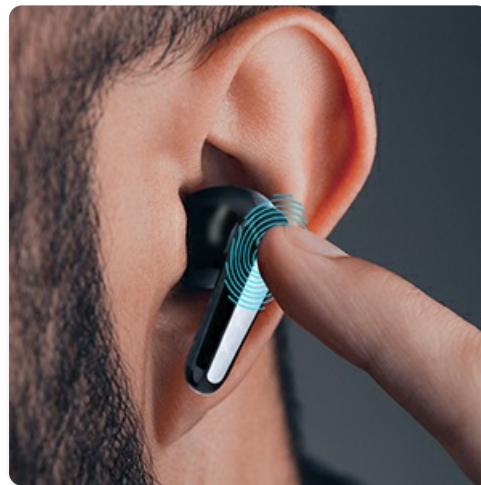

The atune analog Wireless Earbuds feature intuitive touch controls. Refer to the diagram below for specific functions:

A detailed diagram outlining the touch controls for the atune analog Wireless Earbuds. It shows single, double, and long press actions for functions like next/previous song, volume up/down, answer/reject calls, play/pause, and activating Siri.

An overview image showing the atune analog charging case with icons representing various touch control functions like play/pause, volume, call management, and voice assistant activation.

A close-up image of a finger touching the side of an atune analog Wireless Earbud, indicating the touch control area.

- **Music Playback:**

- **Play/Pause:** Click the right earphone 2 times.
- **Next Song:** Hold the right earphone for 2 seconds.
- **Previous Song:** Hold the left earphone for 2 seconds.
- **Volume Up:** Click the right earphone 1 time.
- **Volume Down:** Click the left earphone 1 time.

- **Call Management:**

- **Answer Call:** Click any earphone 1 time.
- **Reject Call:** Hold any earphone for 1 second.

- **Voice Assistant:**

- **Activate Siri (or other voice assistant):** Click any earphone 4 times.

CHARGING

Charging the Earbuds: Place the earbuds into the charging case. They will automatically begin charging. The LED indicators on the case will show charging status.

Charging the Case: Connect the USB charging cable to the charging port on the case and to a 5V/1A power adapter or computer USB port. The LED indicators will flash during charging and remain solid when

fully charged.

MAINTENANCE

To ensure the longevity and optimal performance of your earbuds:

- Clean the earbuds and charging case regularly with a soft, dry cloth.
- Avoid using abrasive cleaners or solvents.
- Keep the charging contacts on both the earbuds and case clean and free of debris.
- Store the earbuds in their charging case when not in use to protect them and keep them charged.
- Avoid exposing the earbuds to extreme temperatures, humidity, or liquids.

TROUBLESHOOTING

Earbuds not pairing:

- Ensure both earbuds are charged.
- Turn off Bluetooth on your device, then turn it back on.
- Delete 'Atune Analog 11' from your device's Bluetooth list and attempt to re-pair.
- Reset the earbuds (refer to specific reset instructions if available, otherwise a general power cycle).

Only one earbud working:

- Place both earbuds back into the charging case, close the lid, then open it again.
- Ensure both earbuds are charged.
- Try re-pairing the earbuds with your device.

Low volume or poor sound quality:

- Adjust the volume on both your device and the earbuds.
- Ensure the ear tips are properly sealed in your ear. Try different sized ear tips.
- Clean any earwax or debris from the earbud nozzles.

Charging issues:

- Ensure the charging cable is securely connected to both the case and the power source.
- Clean the charging contacts on the earbuds and inside the case.
- Try a different charging cable or power adapter.
