Amazfit W2008OV1N

Amazfit Bip U Pro Smart Watch User Manual

Model: W2008OV1N

Brand: Amazfit

INTRODUCTION

This manual provides essential information for the setup, operation, and maintenance of your Amazfit Bip U Pro Smart Watch. Designed for comprehensive health and fitness tracking, this smartwatch features built-in Alexa and GPS, a vibrant 1.43-inch HD color screen, and a long-lasting battery. Please read this manual thoroughly to ensure proper use and to maximize your device's capabilities.

WHAT'S IN THE BOX

- Smart Watch
- Charger
- User Manual
- Warranty Card

KEY FEATURES

- **Alexa & GPS Built-In:** Interact with Amazon Alexa and track your distance and steps with integrated GPS.
- **60+ Sports Modes & 5 ATM Water Resistant:** Track various sports activities and use the watch for swimming.
- **More Health Tracking Metrics:** Monitor 24-hour heart rate, blood oxygen levels, stress, sleep quality, and menstrual cycle.
- **Long 9-Day Battery Life:** Enjoy extended use on a single charge.
- **Design for All-Day Comfort:** Lightweight (31 grams) with a 1.43-inch HD color screen.
- **Smart Notifications:** Receive alerts for calls, messages, apps, and calendar events.

SETUP

Initial Setup and Charging

Before first use, fully charge your Amazfit Bip U Pro Smart Watch. Connect the magnetic charging cable to the charging contacts on the back of the watch and plug the USB end into a power adapter (not included) or a computer USB port.

9-day Battery Life

Health Monitoring

The Amazfit Bip U Pro offers comprehensive health tracking. Access features like heart rate, blood oxygen (SpO2), stress levels, and sleep monitoring directly from the watch or through the Zepp App for detailed insights. For SpO2 measurement, ensure the watch is worn snugly on your wrist and remain still during the measurement.

Blood-oxygen Level Measurement

Water Resistance

The watch has a 5 ATM water resistance rating, meaning it can withstand pressures equivalent to a depth of 50 meters. This makes it suitable for swimming and other shallow-water activities. Avoid using it in hot showers, saunas, or for diving.

5 ATM Water-resistance

Battery Life

The Amazfit Bip U Pro offers up to 9 days of battery life under typical usage conditions. Battery life may vary based on usage patterns, such as frequent GPS use, continuous heart rate monitoring, or screen brightness settings.

MAINTENANCE

Care and Cleaning

Regularly clean your watch and strap to prevent skin irritation and maintain device performance. Wipe the watch body and strap with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials. Ensure the charging contacts are clean and dry before charging.

Storage

When not in use for extended periods, store the watch in a cool, dry place. It is recommended to charge the watch to about 50% before long-term storage to preserve battery health.

TROUBLESHOOTING

Common Issues and Solutions

- **Watch not syncing with phone:**
 - Ensure Bluetooth is enabled on your phone and the watch.
 - Check if the Zepp App is running in the background and has necessary permissions.
 - Restart both your phone and the watch.

- Verify that your phone's notification settings allow previews to be shown, as this can affect watch notifications.

- **Short battery life:**

- Reduce screen brightness.
- Decrease the frequency of heart rate monitoring.
- Turn off always-on display if enabled.
- Limit continuous GPS usage.

- **Skin irritation from watch band:**

- Ensure the band is not too tight.
- Clean the band and your wrist regularly.
- If irritation persists, consider replacing the band with a different material.

- **Alexa not responding:**

- Check your internet connection on your phone.
- Ensure the Zepp App is updated and Alexa is properly configured within the app.
- Restart the watch and try again.
