Yaheetech MM-00099233-158

Yaheetech Multi-Level Cat Tree Instruction Manual

Model: MM-00099233-158

1. INTRODUCTION AND PRODUCT OVERVIEW

This manual provides detailed instructions for the assembly, use, and maintenance of your Yaheetech Multi-Level Cat Tree. This all-in-one cat tree is designed to offer a comprehensive activity center for medium to large cats, combining entertainment with comfortable resting areas. It features multiple levels, scratching posts, condos, perches, and a hammock to cater to your cat's natural instincts for climbing, scratching, playing, and resting.

Image 1: The Yaheetech Multi-Level Cat Tree in light grey, showcasing its various features including perches, condos, and a hammock, with cats enjoying the structure.

The cat tree is constructed from durable P2 particle board, soft 380gsm plush fabric, and natural sisal rope, ensuring a safe and comfortable environment for your pets. It is suitable for households with 2-3 medium to large cats.

2. SAFETY INSTRUCTIONS

- Keep the cat tree dry and away from sources of moisture to prevent material damage and mold growth.
- Position the cat tree away from open flames, heaters, or any heat sources to avoid fire hazards.
- Ensure the product size is appropriate for your pets before assembly and use. This model is recommended for 2-3 medium to large cats.
- Always use the provided safety strap to anchor the cat tree to a wall. This significantly enhances stability and prevents tipping, especially during vigorous play or if multiple cats are using it simultaneously.
- Regularly inspect all components for wear, damage, or loose connections. Tighten screws and replace damaged parts as necessary to maintain structural integrity.

- Supervise your pets during their initial interactions with the cat tree to ensure safe usage.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all components are present and undamaged. The package should contain the following:

- Baseboard
- Various platforms and perches (including 2 padded top perches)
- Supporting posts (some wrapped with sisal rope)
- 2 Cat condos (one cubic, one barrel-shaped)
- 1 Soft hammock
- 2 Detachable dangling furballs
- Sisal twine/rope for play

- Assembly hardware (screws, bolts, Allen wrench)
- Wall anchor strap and hardware
- Instruction manual

4. SETUP AND ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your cat tree. It is recommended to have a clear, spacious area for assembly.

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out and compare them against the parts list in your manual to ensure everything is present.
2. **Attach Base Posts:** Secure the initial supporting posts to the baseboard using the provided screws and Allen wrench. Ensure they are tightened firmly.
3. **Assemble Lower Levels:** Attach the first platform(s) and any lower condos or hammocks to the base posts. Follow the diagram in your manual for correct placement and orientation.
4. **Build Upwards:** Continue adding posts and platforms layer by layer, ensuring each connection is secure before proceeding to the next level.
5. **Install Condos and Hammock:** Integrate the cubic and barrel-shaped condos, and the soft hammock, into their designated positions as shown in the assembly diagram.
6. **Attach Top Perches:** Secure the padded top perches to the uppermost posts.
7. **Add Accessories:** Attach the detachable furballs and sisal twine to their respective hanging points.
8. **Secure to Wall:** Once fully assembled, position the cat tree in its desired location. Use the provided wall anchor strap to secure the top of the cat tree to a sturdy wall stud. This is crucial for stability and safety.

Cat-Ear Shaped Design

Both cute and funny

5. OPERATING AND USAGE

The Yaheetech Multi-Level Cat Tree is designed to provide a stimulating and comfortable environment for your cats. Encourage your cats to explore and utilize all features:

- **Scratching Posts:** The sisal-wrapped posts encourage natural scratching behavior, helping to maintain claw health and protect your furniture.
- **Perches:** The elevated, padded perches offer secure spots for your cats to observe their surroundings or simply relax.
- **Condos:** The enclosed condos provide private, cozy spaces for napping, hiding, or feeling secure.
- **Hammock:** The soft hammock offers a comfortable, suspended resting spot.
- **Dangling Toys:** The detachable furballs and sisal twine provide interactive play opportunities.

Image 6: A cat engaging with a detachable dangling furball, illustrating the interactive play features.

6. MAINTENANCE

Proper maintenance will extend the life of your cat tree and ensure a hygienic environment for your pets.

- **Spot Cleaning:** Clean soiled areas with a damp cloth and mild, pet-safe detergent. Avoid saturating the fabric. Do not machine wash or tumble dry any components.
- **Vacuuming:** Regularly vacuum the plush surfaces to remove loose fur and dust.
- **Check Stability:** Periodically check all screws and connections for tightness. Re-tighten as needed to maintain the tree's stability.
- **Inspect for Wear:** Examine sisal scratching posts for significant wear. While sisal is durable, heavy use may require replacement of posts over time.
- **Replace Toys:** Replace dangling toys if they become damaged or detached to prevent choking hazards.

7. TROUBLESHOOTING

If you encounter any issues with your cat tree, consider the following common solutions:

- **Wobbling:** Ensure all screws are fully tightened. Verify the cat tree is placed on a flat, stable surface. Confirm the wall anchor strap is securely installed.
- **Cats Not Using It:** Place the cat tree in a prominent area where your cats enjoy spending time. Use catnip spray or sprinkle catnip on the scratching posts and perches to attract them. Place favorite toys or treats on different levels.
- **Damaged Parts:** If any part is damaged during assembly or use, discontinue use immediately and contact customer support for replacement parts.

8. SPECIFICATIONS

Feature	Detail
Overall Dimensions (L x W x H)	61 x 49 x 158 cm (24 x 19.5 x 62.2 inches)
