Jamara 403128

JAMARA Lamborghini Sián FKP 37 2.4 GHz 1:14 RC Car Instruction Manual

Model: 403128

1. Introduction

Thank you for choosing the JAMARA Lamborghini Sián FKP 37 2.4 GHz 1:14 Remote Control Car. This manual provides essential information for the safe operation, setup, and maintenance of your new RC vehicle. Please read this manual thoroughly before first use to ensure proper function and to prevent damage.

2. Safety Information

To ensure safe operation and prevent injury or damage, please observe the following safety guidelines:

- This product is suitable for users aged 6 years and older. Adult supervision is recommended for younger children.
- Keep small parts out of reach of children to prevent choking hazards.
- Do not operate the vehicle near people, pets, or obstacles.
- Avoid operating the vehicle in wet conditions or on public roads.
- Do not touch moving parts (wheels, axles) during operation.
- Always turn off the vehicle and remote control when not in use.
- Remove batteries from the vehicle and remote control if storing for extended periods.
- Use only the recommended battery types and ensure correct polarity during installation.
- Do not attempt to modify or disassemble the vehicle or remote control.

3. Package Contents

Please check the package contents upon unboxing:

- 1 x JAMARA Lamborghini Sián FKP 37 RC Model Car
- 1 x Remote Control (Transmitter)
- 1 x Instruction Manual

Note: Batteries are not included and must be purchased separately.

4. Setup

4.1 Battery Installation

For the RC Car:

1. Locate the battery compartment on the underside of the vehicle.
2. Open the battery compartment cover, usually by unscrewing a small screw or sliding a latch.
3. Insert the required batteries (check the compartment for type and quantity, typically AA or AAA) ensuring correct polarity (+/-).
4. Close the battery compartment cover securely.

For the Remote Control:

1. Locate the battery compartment on the back of the remote control.
2. Open the battery compartment cover.
3. Insert the required batteries (check the compartment for type and quantity, typically AA or AAA) ensuring correct polarity (+/-).
4. Close the battery compartment cover securely.

4.2 Initial Power On

1. Ensure both the vehicle and the remote control have fresh batteries installed.
2. Turn on the remote control first using its power switch.
3. Turn on the RC car using its power switch, usually located on the underside or chassis.
4. The remote control and car should automatically pair (indicated by a steady light on both, if present). If not, turn both off and on again.

5. Operating Instructions

Once the car and remote are powered on and paired, you can begin operation:

1. **Forward:** Push the throttle lever/button forward.
2. **Backward:** Pull the throttle lever/button backward.
3. **Turn Left:** Turn the steering wheel/lever left.
4. **Turn Right:** Turn the steering wheel/lever right.
5. **Stop:** Release the throttle lever/button to its neutral position.

Practice in an open area to familiarize yourself with the controls before attempting more precise maneuvers.

6. Features

Image 6.1: Key features of the Lamborghini Sián FKP 37 RC Car.

- **Official License:** This model is officially licensed by Lamborghini, ensuring authentic design and details.
- **Scale 1:14:** A detailed replica of the Lamborghini Sián FKP 37 at a 1:14 scale.
- **2.4 GHz Control:** Provides a stable connection and allows multiple cars to be operated simultaneously without interference.
- **Manual Opening Doors:** The car features doors that can be opened and closed manually, adding to its realistic appeal.
- **LED Driving Lights:** Equipped with functional LED headlights that illuminate when the car is in motion, enhancing realism and visibility.
- **Detailed Interior:** The interior is meticulously reproduced, featuring a steering wheel and dashboard details.
- **True-to-Original Paintwork:** The exterior boasts a high-quality, robot-applied paint finish that matches the original vehicle's color.
- **Suspension System:** Features front and rear suspension for smoother driving on various surfaces.
- **Manual Steering Fine Adjustment:** Allows for precise tuning of the steering alignment.
- **Speed:** Capable of reaching speeds of approximately 11 km/h.

- **Run Time:** Provides up to 1 hour of driving time on a single set of batteries (actual time may vary).

Image 6.3: Rear view details.

7. Maintenance

- **Cleaning:** Use a soft, dry cloth to wipe down the vehicle and remote control. Do not use water or chemical cleaners, as they may damage electronic components.
- **Storage:** Store the vehicle and remote control in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** Always remove batteries from the vehicle and remote control if they will not be used for an extended period to prevent leakage and corrosion.
- **Inspection:** Periodically check for loose screws, damaged parts, or worn tires. Replace any damaged components as necessary.

8. Troubleshooting

Problem	Possible Cause	Solution
Car does not move or respond.	• Batteries are low or incorrectly installed. • Car or remote control is not turned on. • Car and remote are not paired.	• Replace batteries in both car and remote, ensuring correct polarity. • Ensure both power switches are in the "ON" position. • Turn both off, then turn remote on first, then car.
Poor range or intermittent control.	• Low batteries in remote or car. • Interference from other 2.4 GHz devices. • Operating too far from the car.	• Replace batteries. • Move to an area with less electronic interference. • Operate within the recommended range.
Car pulls to one side.	• Steering trim/alignment needs adjustment.	• Use the manual steering fine adjustment feature (trim dial/lever on the remote or car underside) to correct the steering.

9. Specifications

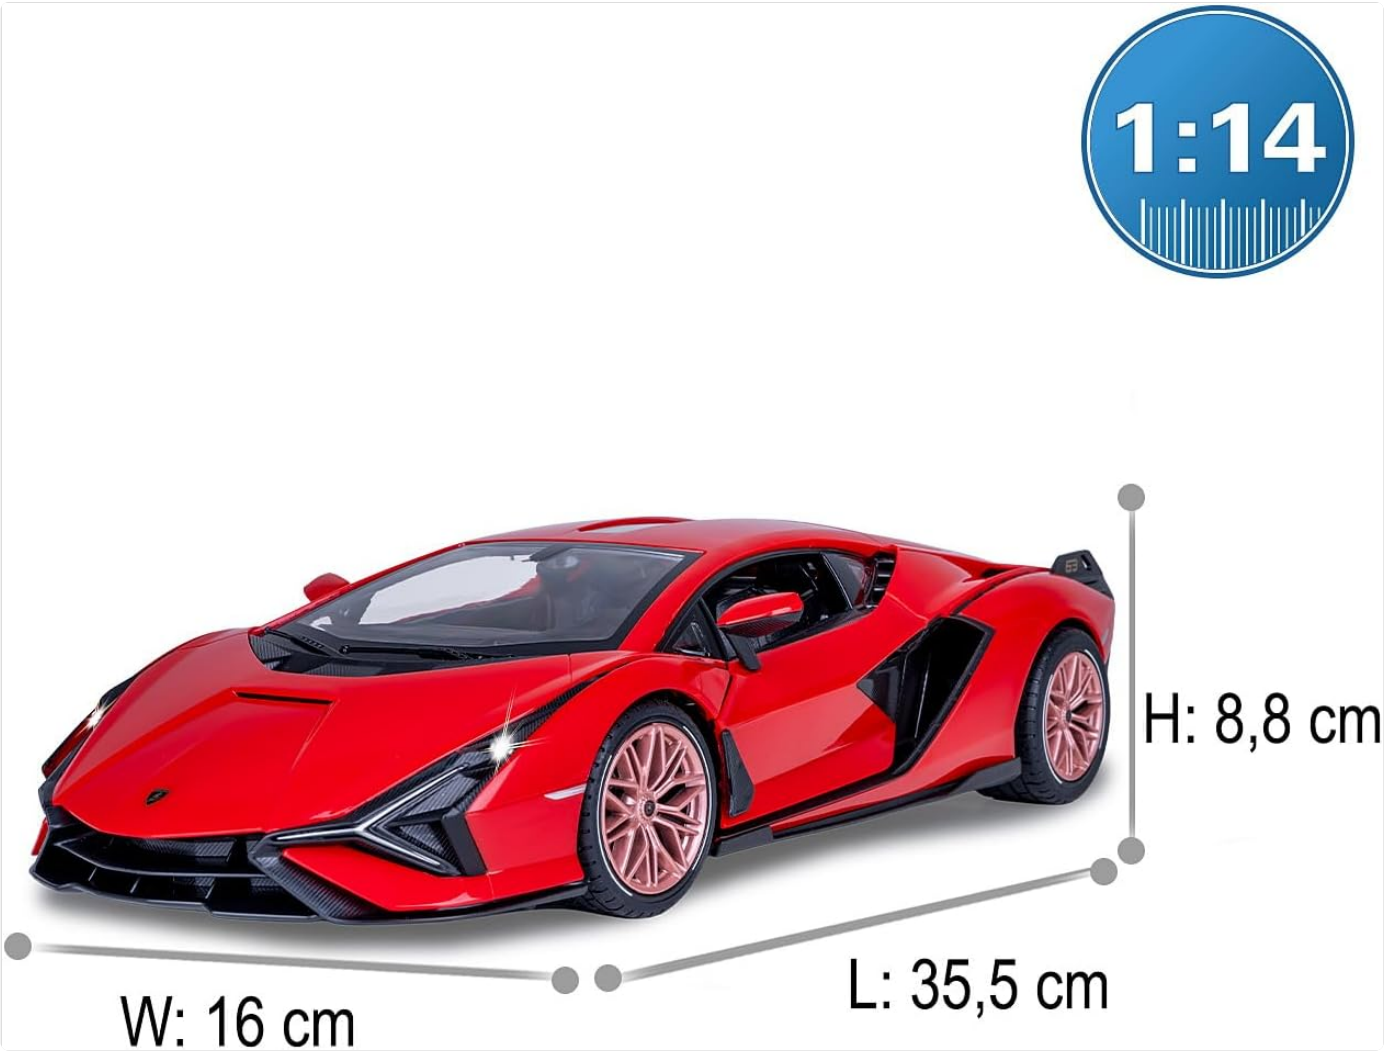

Image 9.1: Dimensions of the RC Car.

Attribute	Detail
Brand	Jamara
Model Name	Lamborghini Sián FKP 37
Model Number	403128
Scale	1:14
Frequency	2.4 GHz
Car Dimensions (L x W x H)	35.5 cm x 16 cm x 8.8 cm
Product Dimensions (Box)	43.5 x 22.5 x 17.5 cm
Weight	748.2 g
Max Speed	Approx. 11 km/h
Drive Time	Up to 1 hour
Power Source	Batteries (not included)
Material	Plastic
Recommended Age	6 - 99 years

Attribute	Detail
Color	Red
