SIGOR Nuindie

SIGOR Nuindie Dimmable LED Table Lamp User Manual

Model: Nuindie | Brand: SIGOR

1. INTRODUCTION

Thank you for choosing the SIGOR Nuindie Dimmable LED Table Lamp. This versatile lamp is designed for both indoor and outdoor use, offering adjustable brightness and color temperature to create the perfect ambiance. With its rechargeable battery and magnetic Easy-Connect charging, it provides convenient, cordless illumination for up to 24 hours. Please read this manual carefully before use to ensure proper operation and longevity of your product.

2. SAFETY INSTRUCTIONS

- Always use the provided USB power adapter and charging cable. Using unauthorized accessories may damage the lamp or pose a safety risk.
- Do not immerse the lamp in water. While it has an IP54 rating for splash water and dust protection, it is not fully waterproof.
- Keep the lamp away from extreme temperatures, direct sunlight, and open flames.
- Do not attempt to disassemble, repair, or modify the lamp yourself. Contact qualified service personnel for any repairs.
- Ensure the lamp is placed on a stable, flat surface to prevent it from tipping over. Its 1 kg weight provides good stability.

- Keep out of reach of children and pets.
- Dispose of the battery and lamp according to local regulations. Do not dispose of batteries in household waste.

3. PACKAGE CONTENTS

Please check that all items are present and in good condition:

- SIGOR Nuindie LED Table Lamp (1 unit)
- USB Power Adapter (1 unit)
- 1.2m Charging Cable with Easy-Connect Magnetic Plug (1 unit)
- User Manual (this document)

4. SETUP

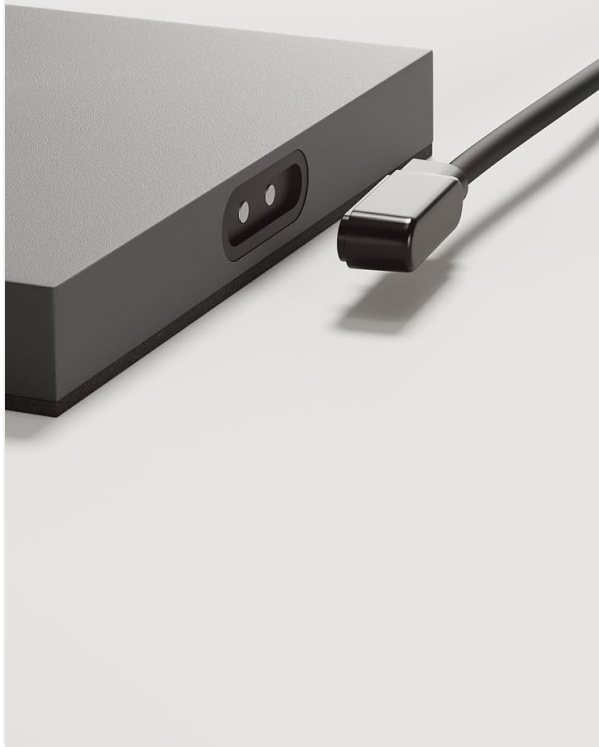

4.1 Initial Charging

Before first use, fully charge the lamp.

1. Connect the USB power adapter to a power outlet.
2. Attach the magnetic Easy-Connect plug of the charging cable to the charging port located at the base of the lamp. Ensure a secure connection.
3. Allow the lamp to charge until the charging indicator light (if present, refer to visual cues on the lamp) indicates a full charge. A full charge typically takes several hours.

5. OPERATING INSTRUCTIONS

5.1 Power On/Off and Dimming

The lamp features an intuitive touch dimmer for control.

- **To turn on/off:** Lightly tap the touch sensor located on the top of the lamp shade.
- **To dim:** Once the lamp is on, press and hold the touch sensor. The brightness will gradually increase or decrease. Release your finger when the desired brightness is reached.

5.2 Adjusting Color Temperature (FLEX Mood)

The FLEX Mood function allows you to switch between two warm white color temperatures:

- **2700 Kelvin (Warm White):** Provides a standard warm, inviting light.
- **2200 Kelvin (Extra Warm White):** Offers an even warmer, cozier light, ideal for relaxation.

To switch between these color temperatures, quickly tap the touch sensor twice.

5.3 Outdoor Use (IP54 Protection)

The Nuindie lamp is rated IP54, meaning it is protected against dust ingress and splashing water from any direction. This makes it suitable for use in gardens, on balconies, or terraces. However, it should not be submerged in water.

Wetter- und regenfest

IP 54: Geschützt vor
Spritzwasser und Staub

6. CHARGING

The lamp is equipped with a 4400 mAh Li-ion battery, providing extended illumination.

- **Battery Life:** Up to 12 hours at maximum brightness, and up to 24 hours when dimmed.
- **Charging Time:** A full charge typically takes several hours. The charging indicator will signal when charging is complete.
- **Charging Method:** Use the provided 1.2m charging cable with the magnetic Easy-Connect plug and USB power adapter. Connect the magnetic plug to the lamp's base and the USB adapter to a wall outlet.
- **Battery Care:** For optimal battery life, avoid completely draining the battery frequently. Charge the lamp regularly.

7. MAINTENANCE

- **Cleaning:** Wipe the lamp with a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used, followed by drying. Do not use abrasive cleaners or solvents.

- **Storage:** If storing the lamp for an extended period, ensure it is partially charged (around 50%) and store it in a cool, dry place. Recharge it every few months to prevent deep discharge.
- **Battery Replacement:** The product information indicates that the battery can be easily replaced. If battery performance significantly degrades, contact SIGOR customer support for guidance on replacement.

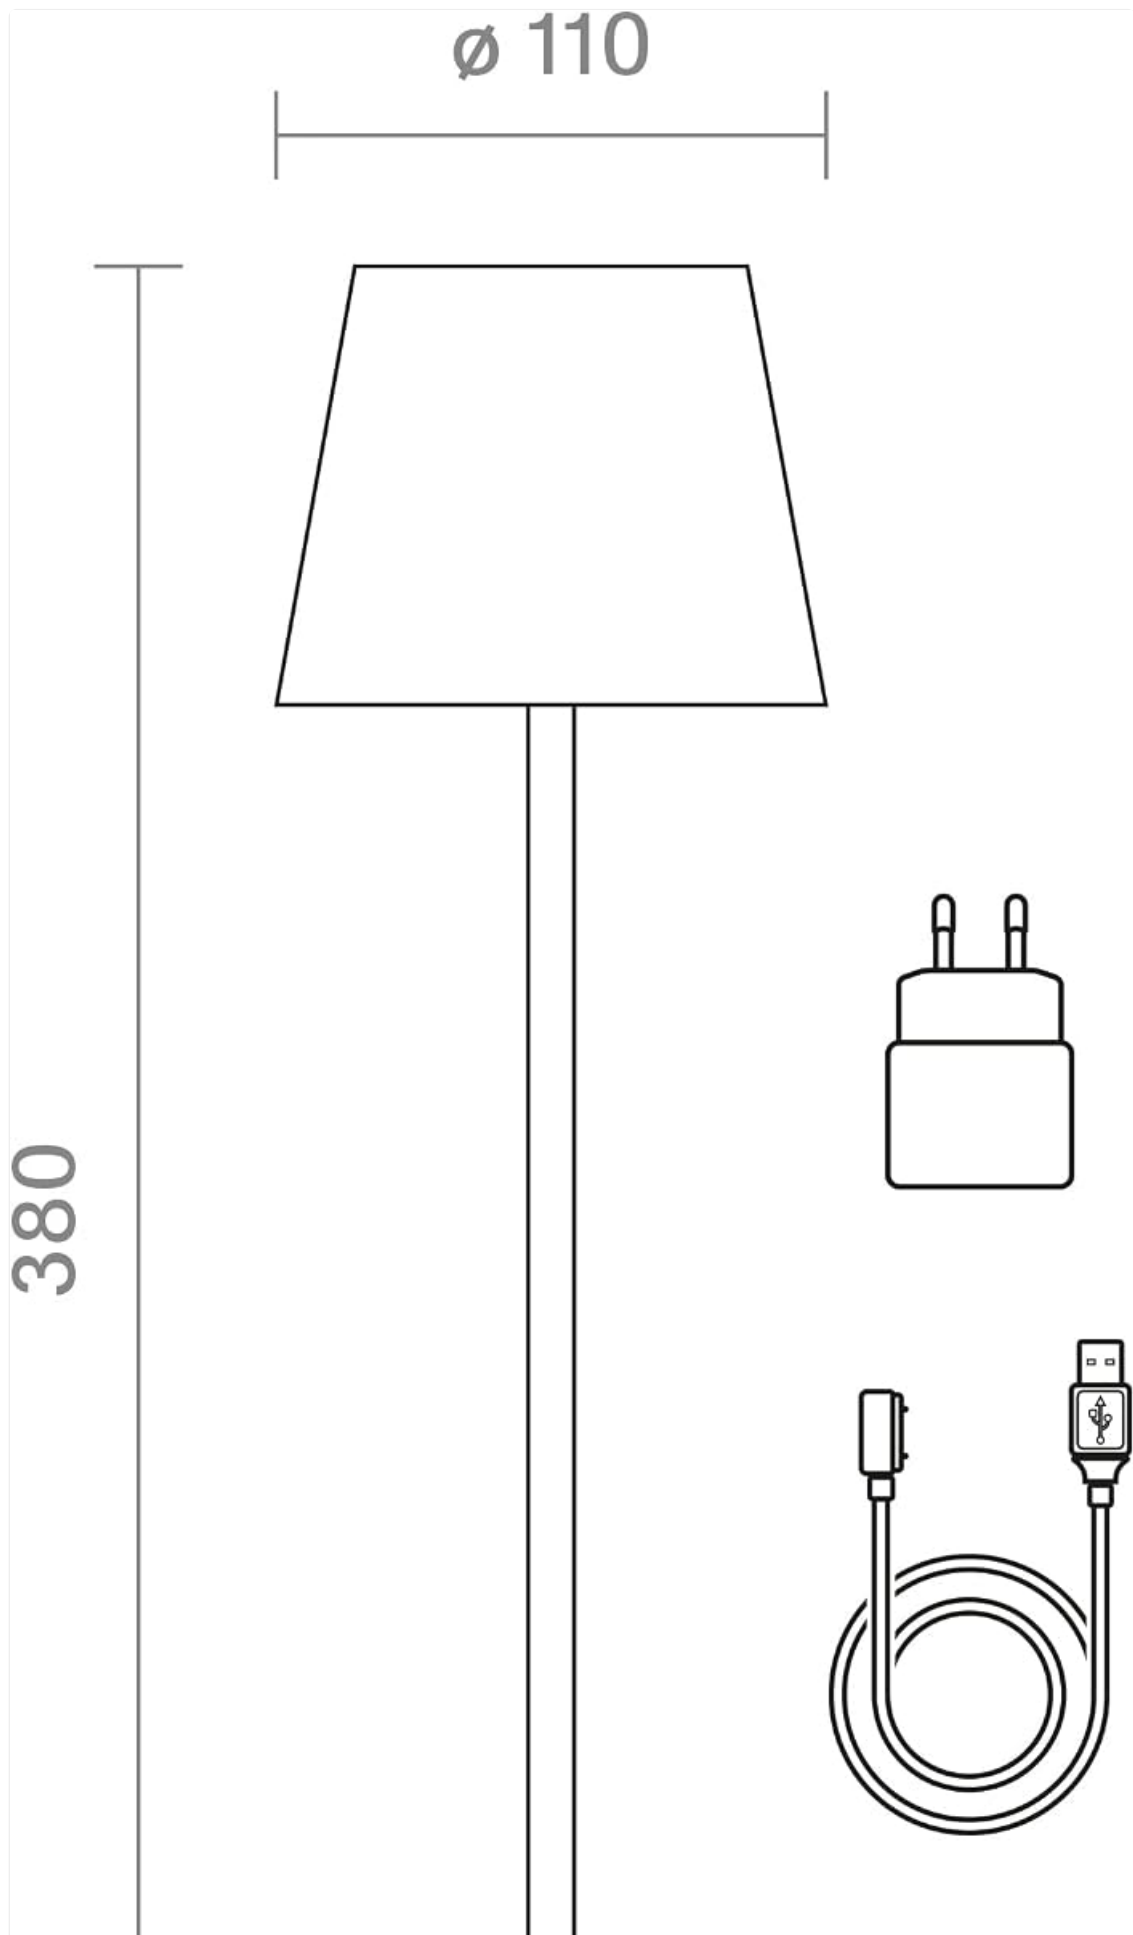

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Lamp does not turn on.	Battery is depleted.	Charge the lamp fully using the provided cable and adapter.
Lamp does not charge.	Charging cable or adapter is not properly connected or faulty.	Ensure the magnetic plug is securely attached to the lamp base and the USB adapter is firmly in the wall outlet. Try a different USB port or adapter if available.
Light is too dim or too bright.	Brightness setting needs adjustment.	Press and hold the touch sensor to adjust brightness to your preference.
Cannot change color temperature.	Incorrect gesture for FLEX Mood.	Quickly tap the touch sensor twice to cycle between 2700K and 2200K.
Lamp flickers or behaves erratically.	Low battery or internal issue.	Charge the lamp. If the problem persists, contact customer support.

9. SPECIFICATIONS

Brand	SIGOR
Model	Nuindie (Model Number: 4508801)
Dimensions (L x W x H)	10.01 x 10.01 x 38 cm
Weight	1 Kilogram
Material	Aluminum
Color	Anodized Gold
Light Source	LED (2 bulbs)
Luminous Flux	180 lm
Power	2.2 Watts
Voltage	5 Volts
Battery Type	1 Lithium-ion (4400 mAh)
Battery Life	Up to 12 hours (max brightness), up to 24 hours (dimmed)
Color Temperature	2700K and 2200K (FLEX Mood)
Switch Style	Touch
