MAINTENANCE

To maintain the appearance and longevity of your VASAGLE ULWD058B08 Computer Desk, follow these simple care instructions:

- **Cleaning:** Wipe the desk surfaces with a damp cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the finish.
- **Spills:** Promptly wipe up any spills to prevent staining or damage to the particleboard.
- **Heat and Moisture:** Avoid placing hot items directly on the desk surface. Use coasters for drinks to protect against moisture rings.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight and secure. Retighten if necessary.

TROUBLESHOOTING

Desk Wobbles After Assembly:

- **Check Leveling Feet:** Ensure all adjustable feet on the bottom of the desk legs are properly adjusted to compensate for uneven floor surfaces.
- **Tighten Connections:** Verify that all screws and bolts are fully tightened. Loose connections can lead to instability.
- **Re-assembly:** If wobbling persists, carefully disassemble and re-assemble the desk, paying close attention to the alignment of all parts and ensuring components are fully seated.

Difficulty During Frame Assembly:

- **Align Parts Carefully:** Ensure all frame pieces are correctly oriented before attempting to connect them.
- **Apply Firm Pressure:** Some parts, particularly those designed to slide into place, may require firm, even pressure. A rubber mallet can be used gently if needed, but avoid excessive force to prevent damage.
- **Consult Diagrams:** Refer to the assembly diagrams in the included manual for visual guidance on how parts should fit together.
