AEEZO Dream Plus

AEEZO WiFi Digital Picture Frame (Model: Dream Plus) User Manual

10 Inch IPS Touch Screen FHD 2K Display

1. INTRODUCTION

This manual provides instructions for the AEEZO WiFi Digital Picture Frame, Model Dream Plus. This device allows you to display photos and videos with a 10-inch IPS touch screen, 2K resolution, and 16GB of internal storage. It supports wireless sharing of media through the AiMOR application.

2. PACKAGE CONTENTS

Verify that all items are present in the package:

- AEEZO Digital Picture Frame
- Integrated Stand & AC Adapter
- User Manual

3. PRODUCT OVERVIEW

The AEEZO Dream Plus features a 10-inch IPS touch screen with 2K resolution (2048 x 1536) for clear image display. It includes 16GB of internal storage and supports Wi-Fi connectivity for media sharing. The frame is designed with an integrated stand and power adapter for a minimalist aesthetic.

3.1 Key Features

- **2K Full HD Touchscreen Display:** 2048 x 1536 resolution with IPS technology for wide viewing angles.
- **Wireless Photo & Video Sharing:** Utilizes the AiMOR app for easy cloud-based media transfer.
- **Large Storage Capacity:** 16GB internal storage, capable of holding thousands of photos.
- **Auto-Rotation:** Automatically adjusts photo orientation based on frame placement.
- **Customizable Settings:** Includes sleep mode, brightness, auto-advance timing, and more.
- **Dual Box Audio:** Equipped with high-performance speakers.

3.2 Physical Components

The Unique Design Aesthetics Of AEEZO

Simple and Generous, High Quality Life

The back design is inspired by Roman columns

SD Card Slot

Bracket & AC adapter integrated design

- **Front:** 10-inch IPS Touch Screen.
- **Back:** Integrated stand/power adapter, SD Card Slot.
- **Sides:** Power button (if applicable), speaker outlets.

4. SETUP

4.1 Initial Power On

1. Connect the integrated AC adapter to the power port on the back of the frame.
2. Plug the adapter into a power outlet.
3. The frame will power on automatically or may require pressing the power button (if present).

4.2 Wi-Fi Connection

1. Upon first boot, the frame will guide you through the initial setup process.
2. Select your preferred language.

3. Choose your Wi-Fi network from the list and enter the password.
4. Ensure the frame is connected to a stable 2.4GHz Wi-Fi network.

4.3 AiMOR App Installation and Pairing

1. Download the **AiMOR** app from the App Store (iOS) or Google Play Store (Android) on your mobile device.
2. Open the AiMOR app and create an account or log in.
3. On your AEEZO frame, navigate to the 'Settings' menu and locate the 'Bind Code' or 'Add Friend' option. A unique code will be displayed.
4. In the AiMOR app, select 'Add Frame' and enter the bind code displayed on your AEEZO frame.
5. Once paired, you can begin sharing photos and videos to your frame.

5. OPERATION

5.1 Sharing Photos and Videos

The primary method for sharing media is through the AiMOR app:

1. Open the AiMOR app on your smartphone.
2. Select the photos or short videos you wish to send.
3. Choose your connected AEEZO frame as the recipient.
4. The media will be uploaded to the cloud and then downloaded to your frame, appearing in the slideshow.

You can also import photos and videos via an SD card. Insert the SD card into the designated slot on the frame and follow the on-screen prompts to import media to the internal storage.

5.2 Touchscreen Navigation

The frame's touch screen allows for intuitive control:

- **Tap:** Select items, open menus, or pause slideshows.
- **Swipe:** Navigate through photos in the slideshow or scroll through menus.
- **Pinch-to-Zoom:** Adjust image display (if supported by software).

10 Inch 2K IPS Touch Screen

Image: A hand touching the screen of the AEEZO frame, demonstrating its touch functionality while displaying a family image.

5.3 Customizable Settings

Access the 'Settings' menu on the frame to adjust various display and operational parameters:

- **Sleep Mode:** Schedule times for the frame to automatically turn off or enter a low-power state.
- **Display Brightness:** Adjust the screen's luminosity.
- **Auto-Advance Timing:** Set the duration each photo is displayed in the slideshow.
- **Captions On/Off:** Enable or disable the display of photo captions.
- **Image Placement Adjustment:** Choose between filling the frame (cropping) or displaying the full image with blurred borders.
- **Auto-Rotation:** The frame automatically detects its orientation (portrait or landscape) and adjusts the display.

Image: Two frames showing the same image, one in landscape and one in portrait mode, illustrating the auto-rotate feature.

6. MAINTENANCE

6.1 Cleaning the Frame

- Gently wipe the screen with a soft, lint-free cloth. For stubborn smudges, slightly dampen the cloth with water or a screen-safe cleaner.
- Avoid using harsh chemicals, abrasive materials, or excessive moisture.
- Clean the frame's body with a dry, soft cloth.

6.2 Software Updates

Periodically check for software updates in the frame's settings menu. Updates can improve performance, add new features, and enhance security. Ensure the frame is connected to Wi-Fi and has sufficient battery (if applicable) or is plugged in during updates.

7. TROUBLESHOOTING

If you encounter issues with your AEEZO Digital Picture Frame, refer to the following common solutions:

Problem	Possible Solution
Frame does not power on.	Ensure the AC adapter is securely connected to both the frame and a working power outlet. Try a different outlet.
Cannot connect to Wi-Fi.	Verify the Wi-Fi password is correct. Ensure the frame is within range of your router. Restart the frame and your router. The frame supports 2.4GHz networks.
Photos/Videos not appearing.	Check Wi-Fi connection. Ensure media was successfully sent via the AiMOR app. Verify the frame's internal storage is not full.
Touchscreen unresponsive or inaccurate.	Restart the frame. Ensure the screen is clean and free of debris. If the issue persists, contact customer support.
Images appear blurry or low quality.	Ensure the original images are high resolution. The frame's 2K display will highlight lower quality source images.

8. SPECIFICATIONS

Feature	Detail
Screen Size	10 Inches
Resolution	2048 x 1536 (2K IPS FHD Display)
Internal Storage	16 GB
Connectivity	WiFi (2.4GHz)
Compatible Devices	Smartphone (via AiMOR app)
Product Dimensions	9.45 x 7.48 x 0.99 inches

9. WARRANTY AND SUPPORT

9.1 Warranty Information

The AEEZO Digital Picture Frame typically comes with a 1-year limited warranty from the date of purchase. This warranty covers manufacturing defects under normal use. Please retain your proof of purchase for warranty claims. The warranty does not cover damage caused by misuse, accidents, unauthorized repairs, or normal wear and tear.

9.2 Customer Support

For technical assistance, warranty claims, or other inquiries, please contact AEEZO customer support. Refer to the contact information provided on the official AEEZO website or within the product packaging.

When contacting support, please have your product model number (Dream Plus) and purchase details available.
